COMMUNITY COUNCIL

The Community Council, a body to which authority was delegated by the Faculty last spring to handle problems of a primarily community character, has found itself busier than ever trying to make BMC's growing population function smoothly. All its members (listed below) invite suggestions from constituents.
Faculty representation: John Wallen, Chairman; Mary Gregory; Johanna Jalowetz.
Student Officers: Jose Yglesias, Sec'y; Olavi Sihvonen; Harry Weitzer.
Staff: Alice Rondthaler.
Member-at-large: Suzie Teasdale.
The Council began the term with a short orientation program for the new students. In addition, it recommended the organization of duty teams for work in the kitchen and dining hall, and of regular work crews with elected crew chiefs which, with the work coordinator, would constitute the Work Program Planning Committee.

Noise in the Studies Building continues to preoccupy attention: the council has petitioned the Board for materials to soundproof the corridors.
Flu injections should be administered Sunday.
