Dave Corkran, Sr. and Dick Roberts climbed Mount Mitchell on Sunday afternoon, enjoyed a beautiful Monday, and came back in pouring rain on Tuesday — slightly wet, but happy. Ted Dreier, Jr. is here for the holidays from Putney School. Much excitement here when word came through that the Urbain-Schmitt knot had been tied and that the bride and groom would be here after the holidays. Nick Muzenic is back and with him is his charming young sister. She is getting a real taste of BMC community life. All holiday guests have been put right to work on "routine" kitchen and dining room jobs. There have been various parties on the campus — egg nog Christmas morning made by Corkran and Roberts, Inc., and served to a happy group in the Corkran living room; delicious hot wine punch Christmas afternoon at the Dreiers; buffet supper in the dining hall; a student party at Wallen's with Ed Adamy making the spaghetti; and a couple of group parties in South Lodge.

Sunday, Grady Hardin preached on the subject of New Year's resolutions. We can here you all (not Southern) making them — we can hear them all the way from Dorlon's Point (Markoff) to Tampa (Jose). Imagine what life will be like when you get back — no more borrowed china or salt shakers, no more tardiness on class, no more late breakfasts, much harder studying, more time on the work program, no more "girls" — say, don't get too conservative!

See you on the SEVENTH.
