## LIBRARY

The Library contains over fifteen thousand volumes. An additional six thousand volumes are in private possession of the Faculty. All these are only a fraction of the books available to students; an inter-library loan service is arranged through the courtesy of the University of North Carolina and Duke University.

## LABORATORIES AND EQUIPMENT

The Study Building contains classrooms and studies for students and Faculty.

The Science Laboratories are equipped for undergraduate work in physics, chemistry, and biology. In accordance with the demand for advanced courses, further equipment is added.

The Music Department owns pianos, orchestral instruments, and a library of records, scores, and books, considerably augmented by the valuable collection left to the College by the late Thomas Whitney Surette.

The Textile Workshop is equipped with foot-power looms of different types.

The Woodworking Shop has power and hand tools and also general maintenance tools.

There are workshops for printing, bookbinding, and photography.

## LIVING QUARTERS

A large building, overlooking the lake, contains the kitchen and the dining hall which is also used as an auditorium. The living quarters of the community include two dormitories for students. Some members of the faculty also live in these dormitories, others in nearby cottages.

## THE FARM

The College Farm consists of about a hundred acres of pasture and crop land. The farm supplies milk, butter, beef, pork, and vegetables to the community.
