ENTERTAINMENT
COMMITTEE
REPORT

the Entertainment Committee has just been elected and so has had little time in which to function.....in the committee-les interim there have been two parties, one concert, one moving picture showing and several evenings of informal dancing.....the second party was a much clamored for beer party. the festivities were created by suffiecient (but not too much) beer, bread and cheese, table cloth, candles, music for dancing (by jimmy tite and assorted drummers) and flossie fogelson singing. there was a surprise performance by the "Barber Shop Quartet" (h.and j. bergman, boyce, schauffler and schauffler, albright, adamy and rondy) all equipped with different colored moustaches which couldn't be seen because of the dark). and general good spirits.....the first party followed the first community meeting of the year. it was an introduction party, introduction being facilitated by square daning (called by rondy), hot punch and social dancing.....the entertainment committee has plans for a thanksgiving party and a christmas party. we will also try to continue the film perfomances started last week with three non objective films, from the museum of non-objective art.....all the entertainment is financed by the contributions of the community ($1.25 per person, per semester) which amounted in total to $117.50.... the committee would appreciate any suggestions for parties, performances or special events. anyone who at any time wishes to help arrange these will be welcome.

.....Vera Baker

Some men when they dance with me
like to sing
Theirs are necks that I'll cheerfully wring.
And some glue a clammy cheek to mine
Those I'll gladly to hell consign.
For some who casually step on my feet
Asphyxiation's a fate too sweet.
But what is the awfullest death to die?
Some can't rhumba, but like to try.
