Mr. Credle,

Raleigh, N. C.

Dear Sir:--

Your intials escape me at the moment, but we are writing to say thatoweing to the fact that there will be letting in Franklin County Monday, that we are not putting bid on your Harnett County job, but if it should not be let Monday we would like to make bid.

Also Strickland Bros says same. We are both trying to get in on the Franklin work and would have all we could do if we should land anything there. We thank you for your interest, and would be sending the plans back too except that we had left them with Massey Bros. Zebulon to figure the mill work and they have not returned them.

Yours truly,

Ferrell & Wright
