February 20, 1924.

Superintendent R. E. Sentelle
Tarboro, North Carolina

Dear Mr. Sentelle:

We are filing your application for aid on the Draughn school. You will be notified of its approval.

Blue prints and specifications for this school and the Lawrence school, together with paint colors, are being forwarded to you under separate cover. I regret that we are short of specifications just at this time. The blue prints, however, are what the contractors will be interested in.

Additional application blanks were mailed to you yesterday.

I am making a duplicate of the Draughn application for your files.

With good wishes, I am

Sincerely yours,

W. F. Credle,
Supervisor Rosenwald Fund.

C/F
