Dec. 28, 1928.

Supt. F. B. Hall,
Gastonia, N. C.

Dear Mr. Hall:

With further reference to your letter of December 5, relative to the aid that we could give on a new building at Belmont, I am happy to advise you that we can aid you on eight room basis if you duplicate the Bessemer City building, - that is, using plan 6-B, with two class rooms beneath.

On a brick building of this type, we give $2100, provided high school work is done. I am sure that you expect to do some high school work in your new building.

With good wishes, I am

Very sincerely yours,

WFC EG

W. F. CREDLE.
