July 2, 1928.

Dr. G. E. Davis,
Charlotte, N. C.

Dear Dr. Davis:-

James W. Austin, Route 5, Box 84, Louisburg, N. C., was in to see me this morning about a three-teacher school for his community which is known as Rocky Ford. It seems that Mr. Best has offered to build them a school if they will raise $850. They have already secured a two-acre site.

This will be quite a burden on these people, but Austin said they were in earnest. I think you can help them, so if you will put in on your calendar and visit this place as early as possible I think you can do some real service for these people.

I have sent in the final inspections for the "G" Budget. We aided on 58 projects, costing $546,677. The contributions were as follows.

Negroes	$36,327
Whites	1,725
Public	463,425
J.R. Fund	45,200

Of course this is the smallest amount we have received from the Fund in some years, but the total cost of buildings and the number of classrooms compares favorably with other years. All of the projects which we cancelled this year seem to be live ones, and I think we should be able to get a number of buildings built during the summer and early fall. We must begin at once to get behind the superintendents and psuh the building program. You can do a great service by dropping in on the Anson, Cleveland, and Union County Superintendents as often as you are able.

With good wishes, I am
Very sincerely yours,

W. F. CREDLE.
