June 14, 1927.

Mr. J. W. Jeffreys,
Graham, N. C.

Dear Mr. Jeffreys:-

In accordance with our telephone conversation of this morning I am sending you under separate cover a blue print of Rosenwald Plan #8-A, an eight-teacher school with auditorium. Mr. Credle is out of town, and this seems to be the only eight-teacher plan listed in the enclosed booklet or found in our stock. I trust it will prove satisfactory.

In looking over our records I find three eight-room buildings listed which have been erected during the past two years. They are all of brick construction, and cost $22,500; $17,100; and $25,500 respectively. The cost seems to vary considerably, and of course frame construction would be somewhat less than brick.

Regardless of whether the building is of brick or frame construction, the Rosenwald Fund will contribute (during the year beginning July 1, 1927) the amount of $1700.00 on an eight-teacher school with auditorium, provided the entire project is approved by the Rosenwald Supervisor, Mr. Credle.

We expect Mr. Credle back in the office on Thursday of this week, and he will be glad to answer any further questions you may wish to ask.

Very sincerely yours,

Encl.

Clerk for Rosenwald Fund.
