Abstract	1
Introduction	1
Purpose and scope	6
Acknowledgments	6
Agricultural basins and data-collection sites	7
Hyde County basins	7
Beaufort County basins	9
Campbell Creek data-collection sites	10
Hydrologic data	11
Precipitation	11
Water levels	13
Flow velocity	13
Discharge	16
Water-quality data	17
Biweekly sampling	17
Event sampling	20
Conductance samples in drainage canals	20
Specific conductance/salinity in Campbell Creek	21
Presentation of data	22
References	89

ILLUSTRATIONS

	Page
Figures 1-3. Maps showing:	
1. General location of data-collection sites	3
2. Location of data-collection sites for Hyde County drainage canals	4
3. Location of data-collection sites for Beaufort County drainage canals and Campbell Creek sites	5
4. Graph showing relation of water levels in drainage canal upstream (site H1A) and downstream (site H1) of tide gate	14
5. Graph showing relation of water levels in Campbell Creek (site C1) and in upstream drainage canal (site B2)	15
