Section 3. Public Trust Water Use Classification ____ 70
3.1 Purpose of Water Area Classification and Relationship to Policies ____ 70
3.2 Water Area Use Classification System ____ 70
3.3 Factors Used in Characterization of Water Area Use Classifications ____ 72
3.4 Process Used to Classify Water Area Uses ____ 74
3.4.1 Identification of a Digital Resource Inventory ____ 74
3.4.2 Identification of Determinant and Non-Determinant Factors ____ 75
3.4.3 Segmentation of the Public Trust Waters ____ 76
3.4.4 Assessment of Land Factors ____ 76
3.4.5 Assessment of Water Factors ____ 77
3.4.6 Assignment of Factor Values to Each Water Tract ____ 78
3.4.7 Assignment of Water Use Classifications ____ 80
3.4.8 Calibration of the Model ____ 81
3.4.9 The Utility of GIS in the Model ____ 82
3.4.10 Summary ____ 82
Maps ____ 83
Chapter Three- The Implementation Strategies ____ 92
Implementation ____ 93
Interfacing ____ 93
Shellfish Aquaculture ____ 94
Local Ordinance Development ____ 95
Local Marina Regulation ____ 96
Conclusion and Recommendations ____ 98
Appendix ____ 100
References ____ 105
