LETTER OF TRANSMITTAL

To His Excellency, GOVERNOR A. W. McLEAN, Raleigh, N. C.

SIR:—I have the honor to transmit herewith the report of the Superintendent of the operations of The North Carolina State Sanatorium for the Treatment of Tuberculosis for the fiscal year ending June 30, 1927.

The report of the Superintendent is accepted as the report of the Board of Directors.

Respectfully submitted,

T. W. M. LONG,
Chairman, Board of Directors.

MAIN ENTRANCE AND INFIRMARY

FOURTEENTH ANNUAL REPORT
of
THE NORTH CAROLINA SANATORIUM
for the Treatment of Tuberculosis

DR. T. W. M. LONG, *Chairman, Board of Directors, North Carolina Sanatorium, Roanoke Rapids, N. C.*

DEAR DR. LONG:—The Fourteenth Annual Report of The North Carolina Sanatorium for the Treatment of Tuberculosis, covering the period from July 1, 1926, through June 30, 1927, is herewith submitted.

In the four divisions of the institution we treated 833 patients during the year. Of this number, 290 remained at the close of the fiscal year; 15 remained so short a time that they could not be classified; 74 were discharged as not tuberculous; a detailed report will be found in the body of the report on the 460 tuberculous patients discharged.

At the close of the medical report will also be found a report showing the present condition of all patients remaining thirty days or more and discharged previous to January 1, 1927. Of the 3,122 patients, we have lost track of only 32, or 1.02 per cent. Nothing emphasizes more clearly the importance of an early diagnosis than does the contrast of results in the early and advanced cases. It is especially gratifying to us that The National Tuberculosis Association is to make the importance of early diagnosis the keynote of its campaign this year.

The opening of our Children's Building during January was the most important event of the year. The building is fireproof, has spacious sun-porches, lamp-rooms, schoolroom, playroom, an isolation floor, and separate dining-room and kitchen. The normal capacity is 48, but we had so many applications that after the closing of school we put 16 little patients in the school and playrooms.

Our efficient head nurse in the Children's Building, Miss Lonie Hooker, is a graduate both from the Sanatorium and also from our training school for nurses. Miss Grace Moore and Miss Ruth Watson, our teachers, are also Sanatorium graduates, and know the importance of emphasizing health in education.

We feel that one of the most important developments in tuberculosis in recent years is the advance which has been made in the diagnosis and treatment of intestinal tuberculosis. We have been making X-ray studies on all patients with suspicious symptoms of tuberculous enteritis and have employed routinely the quartz light, calcium chloride intravenously, and castor oil; and have been gratified at the improvement in almost every case. In a few the condition has been apparently arrested, and in practically all the symptoms are greatly relieved—

results which are most encouraging in a condition which until recently was considered entirely hopeless. We feel that the thing of greatest importance, as in every other tuberculous process, is to discover the condition early. We hope soon to be in a position to make serial gastro-intestinal X-ray studies on every adult patient admitted.

We are pleased that there were no changes in our medical staff during the year. Drs. S. M. Bittinger, J. H. Williams, and W. G. Byerly of the resident staff and Drs. S. E. Lee and P. A. Yoder, our clinic physicians, have all rendered faithful service and have our most appreciative thanks.

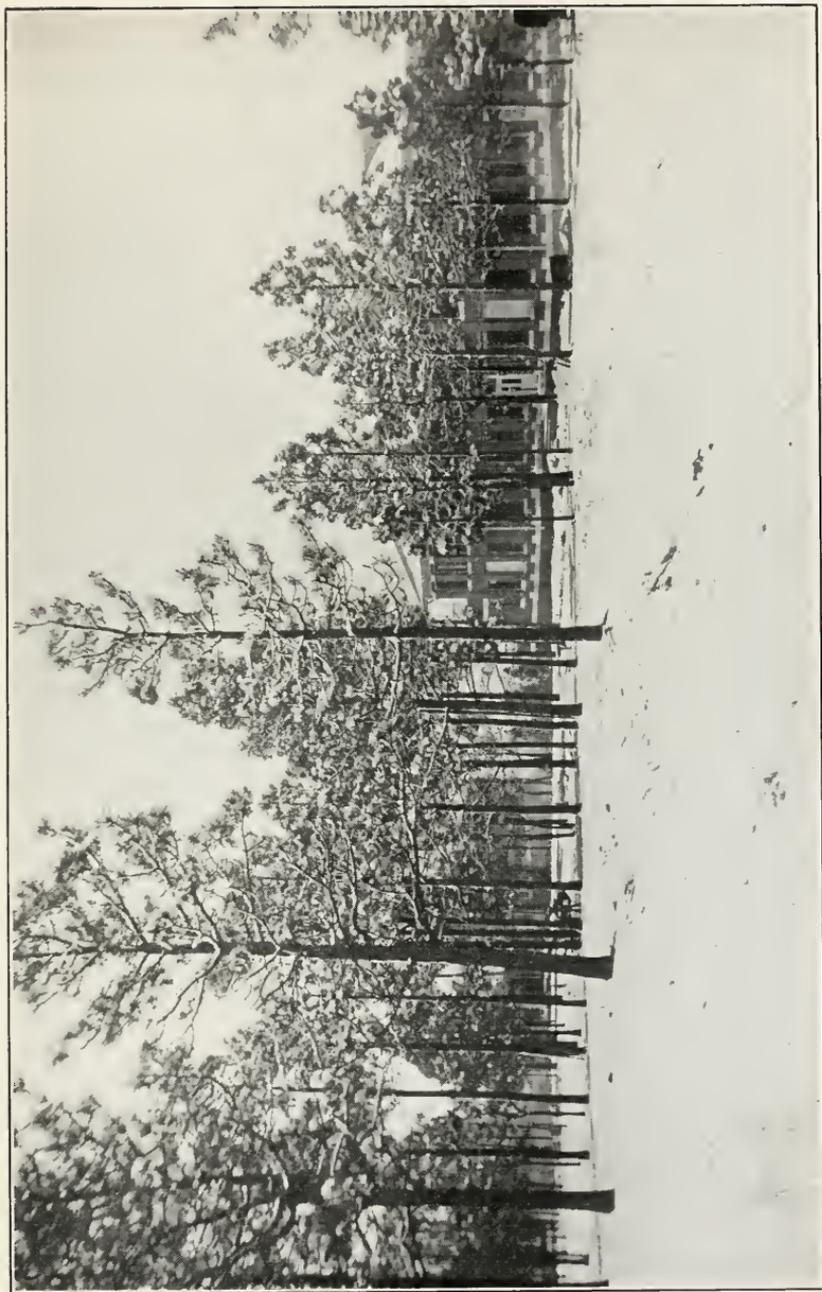

Under the capable guidance of Miss Elizabeth Connolly, our Superintendent of Nurses, our training school for nurses has functioned quite satisfactorily. We are having so many calls for our graduates that we cannot anything like supply the demand for them.

Last fall we also opened a training school for colored nurses, with Mrs. Carrie Broadfoot, who has been in charge of the nursing at the Colored Division for a number of years, as superintendent of nurses. We expect the training school to improve our own nursing service and also to help supply the demand in the State for trained colored tuberculosis nurses.

You will see from the statistical report that a good part of the time of both of our clinic physicians was devoted to tuberculosis clinics for school children. These clinics were held through the coöperation of the local health and school authorities and the Extension Department of the Sanatorium. All children whose parents would consent to their being examined were given the tuberculin test, and the positive reactors were given a complete physical examination and X-ray pictures were made of their chests—both anteroposterior and oblique exposures. As careful a history, including especially symptoms and exposure to tuberculosis, was also obtained. During the year we tested 7,841 children between six and fifteen years of age. We use the intracutaneous (Mantoux) test, giving $1/10$ of a c.c. of a 1:1000 solution of Old Tuberculin. We found that 23.79 per cent of the total number gave a positive reaction, and that 1.92 per cent of the total number, or 8.1 per cent of the positive reactors, had clinical tuberculosis, practically all of them of the tracheobronchial type.

The Sanatorium Sun, our monthly paper published by the Extension Department of the Sanatorium, with Miss Sudie Pyatt as editor, has enjoyed a wide circulation in spite of the fact that we have had to continue the subscription charge of 25 cents per year to help meet expenses. The paper serves a most useful purpose by enabling us to disseminate a great deal of information on the cure and prevention of tuberculosis which would otherwise be impossible.

Last fall, under the supervision of Dr. B. F. Kaupp, head of the Department of Poultry at State College, we established a fully equipped

A RARE SCENE AT SANATORIUM
(Children's Building in Background)

poultry plant. By securing eggs for hatching only from flocks which had been found after repeated tests to be disease free, we have succeeded in keeping our birds free of all disease, and have made a very satisfactory showing for the first year. During the coming year we expect to furnish enough eggs and chickens to supply our demands.

Our farm has been handicapped to a considerable extent again by the drouth. However, we have made enough ensilage and enough hay (oats, vetch, soja bean, and pea) to supply our needs; also, enough corn and oats to supply our stock and poultry plant and a good part of the meal for our dairy. Our peach crop was short on account of the late frost. According to the State Auditor, our farm showed a profit of \$813.13.

Our permanent improvement appropriation for the present biennium is \$190,000. The bulk of this is to be used for a fireproof building to accommodate 120 ladies. Other much-needed expenditures from this fund will be for the installation of steel casement windows in our main buildings, both in our white and colored units, and for doubling the capacity of our refrigerating and cold-storage plants.

Our daily per capita cost was \$2.42 as compared with \$2.445 last year. Our maintenance appropriation for the first year of the present biennium is \$135,000 and for the second year \$150,000. The appropriation for the Extension Department is \$20,000 for each year. We are greatly in need of a sufficient increase in our Extension appropriation to enable us to employ two nurses to assist each of our clinic physicians.

To the heads of our various departments and to each of their assistants I wish to express my deep appreciation for their loyalty and coöperation.

We feel that the radio headphones to all of our bed cases have been of distinct therapeutic value as well as a source of great pleasure to our patients. The pleasure derived from them has been greatly enhanced since two of our patients, Messrs. Robert Widenhouse and William Matthews, installed a small broadcasting outfit (Station BUG) and connected it up with these headphones. The station is used for broadcasting to our patients local talent, the Sunday school lesson, and other religious services; and it is also connected up with a victrola and can be used for broadcasting any kind of victrola selections. Friends have donated both the machine and a great variety of records, altogether between three and four hundred. The loud speaker is disconnected so that the music can only be heard through the headphones, and those who do not wish to listen are not bothered by the noise. Station BUG enables us to get a good program at any time, whether the radio is coming in well or not. Mr. F. L. Eubanks, our cashier and purchasing agent, gives generously of his time and energies to secure the best radio programs.

Our friends have been unusually generous to us this year. They have brought to us a number of splendid entertainments of various kinds. The Charlotte Film Board of Trade has most generously continued to furnish us with first-class films without charge. The neighboring ministers have held religious services for us whenever called upon. We have received a great many gifts of various sorts. At Christmas last year the good ladies of Pinehurst gave to each of our 300 patients a most wonderful collection of gifts. To all of our friends we wish to express our deep appreciation.

To you and to all the other members of the Board I can never express the full measure of my appreciation for your loyal support and for your time and energies which all of you have given so unstintedly for the welfare of the institution.

Respectfully yours,

P. P. McCAIN, M.D.,

Superintendent and Director, Extension Department.

AUDIT
of
THE NORTH CAROLINA SANATORIUM
for the Treatment of Tuberculosis
SANATORIUM, N. C.

July 1, 1926, to June 30, 1927

INDEX

- EXHIBITS A. Capital Assets.
 B. Income and Expense—Permanent Improvement Fund.
 C. Receipts and Disbursements—Permanent Improvement Fund.
 D. Income and Expense—Extension Fund.
 E. Receipts and Disbursements—Extension Fund.
- SCHEDULE E-1. Disbursements—Extension Fund.
- EXHIBITS F. Income and Expense—Maintenance Fund.
 G. Receipts and Disbursements—Maintenance Fund.
- SCHEDULES G-1. Institutional Receipts—Maintenance Fund.
 G-2. Disbursements—Maintenance Fund.
 G-3. Cash Reconciliation.
 G-4. Outstanding Checks.
 G-5. Per Capita Cost—Maintenance.
 G-6. Per Capita Cost—Food Items.
- EXHIBITS H. Inventories.
 I. Accounts Payable.
 J. Farm and Dairy.
 K. Salaries.

AUDIT JULY 1, 1926, TO JUNE 30, 1927

EXHIBIT A

CAPITAL ASSETS

June 30, 1927

LAND, BUILDINGS, AND EQUIPMENT:	
Farm lands	\$ 38,079.66
Prison Sanatorium land.....	40,087.08
Hospital grounds	20,000.00
Landscape	18,560.65
Administration and Infirmary building.....	248,000.00
Negro Sanatorium building.....	106,356.28
Prison Sanatorium building.....	65,787.49
Dining hall and kitchen.....	108,438.41
Ice plant and cold storage.....	13,050.00
Power plant and laundry building.....	121,053.46
Sewer system and disposal plant.....	14,861.15
Waterworks improvement	65,185.89
Dairy barns, silos, and bottling plant.....	41,206.11
Superintendent's residence.....	9,500.00
Assistant superintendent's residence.....	11,800.00
Negro physician's residence.....	14,214.32
New nurses' home.....	41,527.70
Old nurses' home.....	11,400.00
Nurses' annex.....	3,197.00
Flanagan cottage.....	16,000.00
Gordon cottage	7,125.00
Spruill cottage.....	4,165.00
Sunshine cottage	3,150.00
Servants' cottage	10,800.00
Farm residence.....	3,000.00
Farm tenant houses.....	5,304.05
Brick garage.....	468.22
Doctors' garage.....	1,171.46
Children's building.....	93,148.44
Poultry buildings.....	8,934.12
Office furniture and fixtures.....	7,036.73
Hospital furniture and fixtures.....	33,067.83
Library furniture and fixtures.....	1,460.71
Dining-room and kitchen equipment.....	26,022.24
Bedding and linen	13,000.00
Refrigeration equipment	1,943.55
Telephone system	7,052.25
Laundry equipment.....	24,138.81
Medical and surgical equipment.....	17,709.64
Laboratory equipment.....	309.12
Light, heat, and power plant equipment.....	4,080.17
Autos and trucks.....	5,236.54
Construction equipment	60.00
Fire protection equipment.....	5,385.27
Dairy and farm machinery and equipment.....	13,960.39
Farm livestock	2,840.00
Dairy livestock	12,000.00
Hogs	4,219.00
Poultry livestock	2,666.70
Teachers' equipment	284.66
Plumbing equipment.....	154.20
Recreational equipment	358.83
Total Capital Assets.....	\$ 1,328,558.13

EXHIBIT B

INCOME AND EXPENSE—PERMANENT IMPROVEMENT FUND
July 1, 1926, to June 30, 1927

INCOME:	
Appropriation:	
Due on appropriation June 30, 1926.....	\$ 95,074.63
EXPENSE:	
Children's building.....	\$ 66,356.42
Housekeeping equipment.....	3,144.13
Poultry farm.....	556.56
Poultryman's cottage.....	2,111.93
Poultry buildings.....	6,822.19
Poultry equipment.....	135.83
Light, heat, and water.....	140.12
Agricultural.....	176.07
Children's building equipment.....	5,895.11
Medical and surgical equipment.....	1,457.25
Landscape.....	376.00
Instructional.....	244.25
Office and administration.....	172.01
Total expense.....	<u>87,587.87</u>
Due on appropriation June 30, 1927.....	<u>\$ 7,486.76</u>

NOTE.—\$46.77 charged on Auditor's books in July.

EXHIBIT C

RECEIPTS AND DISBURSEMENTS—PERMANENT
IMPROVEMENT FUND

July 1, 1926, to June 30, 1927

RECEIPTS:	
Appropriation—B. R. Lacy, State Treasurer.....	\$ 87,587.87
DISBURSEMENTS:	
July, Labor and materials.....	\$ 15,162.28
August, Labor and materials.....	11,187.87
September, Labor and materials.....	26,948.03
October, Labor and materials.....	5,740.16
November, Labor and materials.....	1,723.80
December, Labor and materials.....	9,319.26
January, Labor and materials.....	14,910.76
February, Labor and materials.....	235.22
March, Labor and materials.....	1,111.83
April, Labor and materials.....	1,029.88
June, Labor and materials.....	218.78
	<u>\$ 87,587.87</u>

EXHIBIT D

INCOME AND EXPENSE—EXTENSION FUND

July 1, 1926, to June 30, 1927

INCOME:	
Appropriation:	
Chapter 275, Public Laws 1925.....	\$ 20,000.00
EXPENSE:	
Office and administration.....	\$ 12,564.40
Laundering.....	2.80
Medical and surgical care.....	6,428.07
Instructional.....	44.08
Total expense.....	<u>19,039.35</u>
Cash balance June 30, 1927—excess income over expense.....	<u>\$ 960.65</u>

EXHIBIT E

RECEIPTS AND DISBURSEMENTS—EXTENSION FUND

July 1, 1926, to June 30, 1927

RECEIPTS:		
From R. R. Lacy, State Treasurer.....		\$ 19,039.35
DISBURSEMENTS:		
Office and administration.....	\$ 12,564.40	
Laundering.....	2.80	
Medical and surgical care.....	6,428.07	
Instructional.....	44.08	
Total disbursements.....		\$ 19,039.35

SCHEDULE E-1

DISBURSEMENTS—EXTENSION FUND

July 1, 1926, to June 30, 1927

OFFICE AND ADMINISTRATION:			
1101 Executive salaries.....	\$ 3,000.00		
1103 Clerical salaries.....	3,197.72		
1103 P. clerical salaries.....	26.93		
1109 Per diems and fees.....	35.00		
1201 Office supplies.....	184.02		
1302 Telephone and telegraph.....	160.69		
1301 Postage.....	305.96
