General Information The services that the North Carolina Wildlife Resources Commission provides to the public are financed primarily through the sale of licenses, which include hunting, fishing, trapping and other licenses. The various types of licenses sold by the Commission differ with respect to the activities they authorize, where and when the activities occur, and where the license-holder resides. This section provides some general information about these licenses, followed by detailed summaries of the various licenses available, the privileges they authorize and the associated fees. All licenses are nontransferable.

Replacement Licenses If your license becomes worn, lost or destroyed, you can submit a written request for a replacement. A \$5 fee is charged to defray the cost of processing. Include in the request your name, address, telephone number, N.C. driver license number (if applicable), WRC customer number, and date of birth. Enclose a check or money order for \$5 (made payable to "NCWRC"). Mail your request to NCWRC, Replacement Licenses, 1707 Mail Service Center, Raleigh, NC 27699-1707.

Reciprocal License Agreements A reciprocal license agreement is in effect between North Carolina and each of the states listed below. The agreement provides for the following: All state-wide hook-and-line fishing licenses obtainable from either North Carolina or the respective state are honored on certain boundary waters as noted:

Georgia—The agreement with Georgia covers fishing from boats on Chatuge Reservoir including all tributaries that are accessible by boat from the main body of the reservoir.

Tennessee—The agreement with Tennessee covers the state-line portion of Slick Rock Creek and boat fishing on Calderwood Reservoir.

Virginia—The agreement with Virginia covers the Dan River east of the Brantly Steam Plant Dam, the Staunton River east of the Rt. 360 bridge, and Kerr and Gaston reservoirs and their tributaries that are accessible by boat. The Rt. 360 bridge is the first bridge crossing the Staunton River upstream of Kerr Reservoir. The agreement also covers that portion of the New River between the confluence of the North and South forks of the New River in North Carolina (Alleghany County) and the confluence of the New and Little rivers in Virginia (Grayson County).

No reciprocal agreements exist between North Carolina and South Carolina that provide for honoring the other state's fishing licenses on any boundary waters.

Purchasing Licenses You can purchase a license in four ways:

- **Visit a wildlife service agent**—Most licenses, including lifetime licenses, can be obtained from your local wildlife service agent. Be prepared to present your valid driver license or state identification card.
- **Visit us online at www.ncwildlife.org**—Most licenses are available for purchase online.
- **Phone (888) 2HUNTFISH (888) 248-6834**—Have a pen, paper, VISA or MasterCard, your driver license number and WRC customer number handy.
- **All licenses may be obtained directly from the Wildlife Resources Commission in person** at NCSU Centennial Campus, 1751 Varsity Drive, Raleigh, NC or by mail.

Please note: Sportsmen purchasing licenses online or by telephone will be eligible to exercise the privileges of the license immediately after completing the transaction or telephone call.

License Information For more information on licenses, obtaining license applications or obtaining a list of wildlife service agents nearest you, visit us online at www.ncwildlife.org, call us at (888) 248-6834, or write to this address: NCWRC, 1707 Mail Service Center, Raleigh, NC 27699-1707.

LICENSE REQUIREMENTS AND EXCEPTIONS

License Identification Requirements To show entitlement to a license issued by the Wildlife Resources Commission, anyone exercising the privileges conveyed by the license shall carry a picture identification card and show it to any wildlife enforcement officer upon request. The picture identification card should include the license-holder's correct name, address and date of birth. (A North Carolina Driver License or Dept. of Motor Vehicles identification card is acceptable.)

Residency Definitions and Requirements

Resident—You are considered a resident if you have resided in the state for six months or have been domiciled (established a permanent residence) for 60 days. When residency is used to establish eligibility, the applicant must complete a Certificate of Residency, available from a wildlife service agent or the Wildlife Resources Commission, certifying that he has maintained his residence in a county of the state for at least 60 days with the intent to reside there permanently or indefinitely.

Students—Nonresident students may purchase a resident license while attending a university, college or community college in North Carolina. When purchasing your license from a wildlife service agent, you must show your valid student identification.

Military—Nonresident members of the armed forces (including their spouses and children under 18) who are stationed in the state are deemed residents of the state and of the counties in which they reside for the purpose of purchasing resident licenses.

County—Resident county licenses are limited to the county in which the person resides.

Nonresident—Nonresident status applies to anyone who does not live in the state of North Carolina, with the exceptions noted above (students and members of the armed forces).

Hunter Safety Course Requirement No person, regardless of age, may procure a hunting license in this state without first producing a certificate of competency showing completion of a hunter safety course or a hunting license issued prior to July 1, 1991, or a signed statement (shown on the license) that he or she had such a license. The hunter safety course is a minimum of 10 contact hours. Each student must score a minimum of 70 on the written exam and must also meet the "hands-on" minimum requirements. For more information pertaining to hunter safety courses, visit us online at www.ncwildlife.org, or write to the NCWRC Division of Wildlife Enforcement, 1718 Mail Service Center, Raleigh, NC 27699-1718.

Big Game Harvest Report Card Requirement Big game harvest report cards always expire on June 30 of each year. If your hunting license and big game hunting privilege license is still valid after the big game harvest report card expires, you may obtain a replenishment card at no charge from either the Wildlife Resources Commission or any wildlife service agent. Lifetime license-holders also may obtain the big game harvest report card through the mail by completing the postcard mailed to each license-

holder in early summer. Persons exempt by law from the big game hunting license must obtain a “License Exempt Big Game Harvest Report Card” for license-exempt hunters (at no charge) from a wildlife service agent. For more information on license exceptions, refer to the “Exceptions to License Requirements” section on this page. Authorization numbers for big game animals, taken prior to receiving the big game harvest report card via the mail (when license is purchased by telephone), must be recorded and available for inspection. Once the harvest report card is received, the big game kill authorization number must be recorded on the harvest report card and the card validated for the appropriate animal. For more information on big game reporting, refer to the “Big Game Harvest and Reporting” section on page 51.

HIP Certification Requirement All licensed hunters hunting migratory game birds (doves, rails, woodcocks, gallinule, snipes or waterfowl) in North Carolina are required to have a certificate of participation in the federal Harvest Information Program (HIP). This certification can be obtained free of charge from any wildlife service agent when you purchase a hunting license. Lifetime license-holders may also obtain HIP certification through the mail by completing the postcard/HIP survey mailed to license-holders in early summer. Persons exempt by law from the hunting license requirement are not required to obtain the HIP certification.

Federal Duck Stamp In addition to the North Carolina waterfowl privilege, waterfowl hunters are required to carry in their possession the federal duck stamp, signed in ink across the face. Federal duck stamps can be obtained at most U.S. post offices or from selected wildlife service agents. Visit

www.duckstamp.com to order the duck stamp online or to find the duck stamp retailer nearest you. The federal duck stamp expires on June 30 of each year.

Exceptions to License Requirements

General

- A youth under age 16, accompanied by a properly licensed adult, may enjoy those privileges conveyed by the licenses held by the accompanying adult.
- A youth under 16, who has obtained a certificate of competency showing his or her completion of the hunter safety course, may hunt without a license, but must carry his or her certificate while hunting.
- A landowner or person leasing land primarily for cultivation, their spouse, and dependents under 18 residing with them, may hunt, trap and fish on such land without a license.

An individual exempt from the requirements of a hunting license must obtain a “Big Game Harvest Report Card” from the Wildlife Resources Commission or a wildlife service agent, at no charge, when exercising the privileges of big game hunting.

Inland Fishing

- Persons under age 16 are exempt from the requirement of a basic inland fishing and trout privilege license.
- The game lands license is not required to fish in any waters on game lands or Wildlife Conservation Areas.
- An inland fishing license is not required to fish in a private pond. A pond or lake located on land owned by a public body such as a state-supported university or a governmental entity is not a private pond.
- July 4th is declared “FREE FISHING DAY,” and a fishing license and trout privilege license are not required in any public waters on this date.

Following is a list of short-term, annual, and lifetime inland fishing licenses and the privilege license associated with each. The privilege license authorizes a particular inland fishing activity not included with the basic license type. Privileges may be purchased separately if purchaser holds a valid basic license. If a privilege license is not listed, the license type includes the special inland fishing activity. These licenses include fishing in joint waters. They do not include fishing in coastal waters. See page 7 for a complete list of privileges and certifications. **NOTE:** Effective Jan. 1, 2007, individuals 16 years of age or older using any type of bait or gear to catch finfish while fishing in North Carolina's public waters must possess a valid North Carolina fishing license. This license requirement does not apply to private ponds. Individual residents who receive Food Stamps, Medicaid or Work First Family Assistance may obtain a written waiver (Annual Subsistence License Waiver) from this fishing license requirement through their county Department of Social Services.

PRIVILEGE LICENSES AND CERTIFICATIONS

For your convenience, we have separately listed the privilege licenses and certifications below. Annual privilege licenses and certifications authorize particular hunting or inland fishing activities and must be obtained in addition to the appropriate basic license. Privileges may be purchased separately if the purchaser holds a valid license. Privilege licenses and certifications are valid for 12 months from the date of purchase. HIP Certification is required for all those planning to hunt migratory game birds, including lifetime license-holders.

	Resident	Nonresident
Big Game Hunting: Needed to hunt deer, bear, wild boar and wild turkey. Nonresidents hunting bear or wild boar must also purchase the Bear/Wild Boar privilege license.	\$10.00	\$60.00*
Big Game Hunting–Six-Day: Hunting of deer, bear, wild boar and wild turkey during the six-day period specified on the license. This license privilege is needed in addition to the basic state hunting license. Does not include the nonresident bear/wild boar hunting privilege.	N/A	\$40.00*
Bear/Wild Boar Hunting: Needed by nonresident license holders, in addition to the big game privilege, to hunt bear or wild boar.	N/A	\$125.00
<i>NOTE: For those nonresidents with a lifetime sportsman license:</i>		
• purchased prior to May 24, 1994, you do not have to purchase this additional privilege license to hunt bear or wild boar.		
• purchased between May 24, 1994 and May 18, 2001, you will have to purchase the nonresident Bear/Wild Boar Hunting privilege license if you are hunting bear. If hunting wild boar only, you do not need to purchase this privilege license.		
• purchased after May 18, 2001, you will have to purchase the nonresident Bear/Wild Boar Hunting privilege license if you are hunting bear or wild boar.		
Bonus Antlerless Deer: Allows the harvest of two additional antlerless deer per report card in counties or parts of counties with a maximum either-sex season or any municipality enrolled in the Urban Archery Season. Not valid for use on game lands. Refer to page 43 for more information.	TBD	TBD

All bobcat and otter carcasses or pelts shall be properly tagged within 10 days following the close of the applicable hunting or trapping season.	\$2.20 ea.	\$2.20 ea.
Controlled Hunting Preserve: Needed to hunt fox or pen-raised game birds on a licensed commercial hunting preserve. This license may be used without a basic hunting license. This license is not required if you possess a basic hunting, comprehensive hunting or sportsman's license.	\$15.00	\$15.00
Crossbow Permit: Authorizes persons with permanent or long-term disabilities that render them incapable of sufficient arm movement to draw other legal bows. Permit is valid as long as the qualifying disability persists. For more information, refer to the "Disabled Sportsman" section on page 11.	FREE	FREE
Disabled Access Permit: Authorizes persons with limited physical mobility to operate vehicles on open-gated or ungated roads, otherwise closed to vehicular traffic on certain game lands and to have access to special disabled hunting blinds. One able-bodied companion may accompany the disabled person, provided that person possesses the "companion card" issued to the disabled hunter. The disabled hunter will also be issued a "vehicle access card." Permit is valid as long as the qualifying disability persists. For more information, refer to the "Disabled Sportsman" section on page 11.	FREE	FREE
Disabled Sportsman Hunt Certification: This is a medical certification used to establish eligibility for participation in disabled hunt opportunities. This certification is only necessary when the applicant does not possess a lifetime disabled veteran or totally disabled license. This certification is not a license; therefore, a valid hunting license, in addition to the hunt permit, is required when participating in a disabled hunt opportunity. For more information, refer to the "Disabled Sportsman" section on page 11.	FREE	FREE

= Lifetime Licenses

Please note: For the convenience of the reader, major regulation changes appear in RED.

General Information The N. C. Wildlife Resources Commission does not honor disabled licenses or permits from other states. Disabled licenses and permits must be obtained directly from the Wildlife Resources Commission. To obtain a disabled license or permit application, visit us online at www.ncwildlife.org, call us at (888) 248-6834, or write to NCWRC, 1707 Mail Service Center, Raleigh, NC 27699-1707.

Disabled Sportsman Program Information The Wildlife Resources Commission has established increased access and opportunities for persons with disabilities to hunt on agency game lands and other lands. A brief description and the qualifications for each is provided below. To obtain an application, you may visit us online at www.ncwildlife.org, call us at (888) 248-6834, or write to NCWRC, Disabled Sportsman Program, 1707 Mail Service Center, Raleigh, NC 27699-1707. For specific information on disabled hunt opportunities, refer to the *Permit Hunting Opportunities* publication.

The **Disabled Access Permit** is designed to generally improve access for persons with disabilities on game lands where land-owners agree. It allows persons with limited physical mobility to operate vehicles on open-gated or ungated roads, otherwise closed to vehicular traffic on certain game lands. The permit also allows access to special hunting blinds designed for hunters with disabilities. There is no fee associated with this permit. (See page 57 for a list of areas with special access.) **Qualifications:** Competent medical evidence must be submitted indicating that a disability exists that limits physical mobility, to the extent that normal utilization of the game lands is not possible without vehicular assistance.

The **Disabled Sportsman Hunt Certification** is a medical certification used to establish eligibility for participation in disabled hunt opportunities. This certification is only necessary when the applicant does not possess a lifetime disabled veteran or totally

disabled license. This certification is not a license; therefore, a valid hunting license, in addition to the hunt permit, is required when participating in a disabled hunt opportunity. There is no fee for this certification. For a list of disabled hunt opportunities, refer to the *Permit Hunting Opportunities* publication. **Qualifications:** Medical certification in one of the following disabilities:

- missing fifty percent (50 percent) or more of one or more limbs, whether by amputation or natural causes;
- paralysis of one or more limbs;
- dysfunction of one or more limbs rendering the individual unable to perform the task of grasping and lifting with the hands and arms or unable to walk without mechanical assistance, other than a cane;
- disease, injury or impairment confining the individual to a wheelchair, walker or crutches;
- legal deafness.

This certification shall remain valid as long as the qualifying disability persists.

The **Crossbow Permit** allows persons to use a crossbow if they have permanent or long-term disabilities that render them incapable of sufficient arm movement to draw other legal bows. There is no fee associated with this permit. **Qualifications:** Competent medical evidence must be submitted indicating that the disability restricting the use of bows is from an injury or impairment that cannot be overcome with exercise and physical therapy. The disability must be long-term (greater than one year), and it must prevent the person from drawing a bow with 35 pounds of pull 15 inches and holding at a reduced pull of 12 pounds for five seconds.

Within the national forests in North Carolina, off highway vehicles (OHVs) are permitted only on designated routes. Further information about areas managed by the U.S. Forest Service, including the Nantahala, Pisgah, Croatan and Uwharrie National Forests, may be obtained online <http://www.cs.unca.edu/nfsnc/>.

Lifetime Hunting and Inland Fishing Licenses Lifetime hunting and inland fishing licenses are a great deal for sportsmen. Purchasing a lifetime license saves you money over the years, may be charged to a VISA or MasterCard, and supports North Carolina's rich wildlife heritage. Funds from lifetime license sales are deposited directly into the Wildlife Endowment Fund, which supports wildlife conservation programs.

Several types of lifetime licenses are available as noted under the "License Information" section of this digest, which begins on page 2. Lifetime sportsman and lifetime comprehensive hunting licenses include the state waterfowl privilege. Lifetime comprehensive hunting licenses and lifetime comprehensive inland fishing licenses are sold only to residents of North Carolina. Nonresidents may purchase the nonresident lifetime sportsman license. Lifetime licenses may also be personalized for an additional \$5 fee (some exclusions apply). There are no residency restrictions for the infant and youth lifetime licenses. You may also give a lifetime license as a gift. All of these licenses are good for the life of the license-holder. Even if you move out of North Carolina, you can use the license anytime you return to the state. Lifetime licenses can be purchased at your local wildlife service agent, online at www.ncwildlife.org, by telephone (888) 248-6834 or by mail from the Wildlife Resources Commission. Refer to inside cover for an application. Please note that infant and youth lifetime licenses require a copy of the birth certificate; these two licenses cannot be purchased online or by telephone. Disabled licenses must be purchased by mail or in person at WRC Headquarters.

Tax Deductible Contributions to the Wildlife Endowment Fund Donations to the Wildlife Endowment Fund are deductible from your taxable income. Donations can be made directly to the fund or as a bequest from a will or as a memorial gift to honor a deceased friend or family member. The fund can also be named as a beneficiary to a life insurance policy. When making a memorial donation, include the name and address of the donor or donors as well as the name of the person or persons who is/are being remembered by the donation. A card will be sent to the donor acknowledging the contribution.

Lifetime Magazine Subscriptions Lifetime subscriptions to *Wildlife in North Carolina* magazine can be purchased for \$150. The magazine is the official educational publication of the Wildlife Resources Commission; it is dedicated to the sound conservation of the state's wildlife and the interrelated natural resources we share with them. Monthly issues contain articles on wildlife, natural history, hunting and fishing, boating and the environment. The magazine has won many awards for writing, design, photography and illustration. It is also widely used in schools.

For additional information, visit us online at www.ncwildlife.org, call (866) 945-3746, or write to NCWRC, Wildlife Endowment Fund, 1710 Mail Service Center, Raleigh, NC 27699-1710.

General Information The Coastal Recreational Fishing License (CRFL) is required to recreationally take finfish in the state's coastal fishing waters, which includes sounds, coastal rivers and tributaries and out to three miles in the ocean. Recreational anglers, who catch fish in the ocean greater than three miles offshore, are required to have a coastal recreational fishing license in order to bring fish back to shore in North Carolina. Finfish harvested is for personal consumption only and cannot be sold.

Coastal Recreational Fishing License (CRFL)

1. **Who must purchase a CRFL?** Individuals 16 years or older who want to recreationally finfish in any water designated as coastal or joint waters of North Carolina must purchase a CRFL. The exceptions are:
 - a. An individual who holds a resident/nonresident lifetime infant, youth, adult, over 70, disabled sportsman, lifetime comprehensive fishing license, hunting/fishing basic disabled veteran or hunting/fishing basic totally disabled license issued by the Wildlife Resources Commission (WRC) before Jan. 1, 2006.
 - b. An individual who holds a lifetime legally blind or adult care home license, regardless of when it was issued.
2. **Where will I be able to fish with a CRFL?** To fish recreationally in coastal waters managed by the Division of Marine Fisheries (DMF), you will need a CRFL.
 - To fish in public, inland fishing waters, you need an inland fishing license, available from the WRC.
 - To fish in the joint waters managed by both DMF and WRC, you will need a CRFL or an inland fishing license.
 - The boundaries between coastal, inland and joint fishing waters are marked with signs posted adjacent to the affected waters.
3. **What types of individual CRFLs are available and what do they cost?** Several individual CRFLs are available to accommodate a variety of needs and situations. These include:
 - short-term licenses
 - annual licenses
 - lifetime licenses, valid for the lifetime of the holder
 - unified licenses, include hunting/statewide fishing privileges.
 A list of these licenses can be found on page 13.
4. **Where will I be able to purchase my CRFL?**
 - a. Go to the WRC Web site, www.ncwildlife.org.
 - b. Visit a WRC wildlife service agent. Most are located in bait-and-tackle shops, hunting and sporting good stores and larger chain stores across the state.
 - c. Call toll-free, (888) 248-6834. Hours of operation: 8 a.m.–5 p.m., Monday–Friday.
 - d. Visit one of six DMF offices located on the coast. For locations, go to the DMF Web site, www.ncfisheries.net.
5. **I live in a coastal county, but I have a private pond on my property that I have stocked. Will I need a CRFL to fish in my pond?** No, private ponds are exempt from any licensing requirements.
6. **Will I need a CRFL to fish in my county of residence?** Yes, the new legislation repeals the natural-bait exemption for fishing in public and inland waters.
 - Any person 16 and older fishing in North Carolina public waters (excluding private ponds) must have a fishing license.
 - People who receive Food Stamps, Medicaid or Work First Family Assistance may receive a subsistence waiver through their county Department of Social Services.
- This annual waiver allows the holder to fish recreationally with hook-and-line in inland waters (with the exception of designated Public Mountain Trout Waters), joint and coastal waters.
7. **What types of blanket CRFLs are available? Who is eligible to purchase one?** Two types of blanket CRFLs are available only through DMF offices:
 - a. For-Hire Blanket — a person who operates a “for-hire boat” (i.e., charter boat) may purchase a CRFL for each vessel that will allow all individuals on the for-hire boat who do not hold a CRFL to fish in coastal fishing waters that are not joint fishing waters. This license does not authorize individuals to fish recreationally in inland or joint fishing waters.
 - b. Ocean Fishing Pier Blanket — a person who operates or owns an ocean fishing pier and who charges a fee to allow a person to fish recreationally from the pier may purchase an Ocean Fishing Pier Blanket CRFL. This license allows all individuals who do not hold an individual CRFL to engage in recreational fishing in coastal waters while on the pier.
8. **Is there a CRFL boat license I can buy so my guests do not have to worry about purchasing an individual CRFL?** No, the purpose of the legislation creating the CRFL was to license the individual so the state could assess more accurately the impact of recreational fishing. All guests who are fishing need a CRFL.
9. **Will I need a CRFL to harvest crabs, mussels, clams, lobsters, shrimp and other shellfish?** No, the license is only required for the recreational harvest of finfish.
10. **Will anglers who use gigs and castnets to harvest finfish recreationally be required to have this license?** Yes.
11. **Will I need a CRFL license to fish from a privately owned pier?** Yes.
12. **Will I be able to sell my catch if I have a CRFL?** No. Seafood harvested under the license is for personal consumption and cannot be sold.
13. **Are there any rules or regulations for recreational finfishing?** Yes, individuals possessing this license must comply with the state's recreational size and possession limits, which can change frequently. To view the most up-to-date version of these limits, visit www.ncdmf.net/recreational/recguide.htm or call the DMF at (800) 682-2632 or (252) 726-7021 to receive a copy. A CRFL is required for ANY type of recreational finfish harvest not included under the Recreational Commercial Gear License. This includes fishing with hook-and-line, spears, gigs, bait-and-line, seines less than 30 feet, dip nets, landing nets and cast nets. For more information on the Recreational Commercial Gear License, visit www.ncdmf.net/license/RCGL.htm.
14. **Are there any additional requirements of those who hold a CRFL?** Individuals possessing this license are required to comply with all DMF sampling and survey programs.
15. **Does a landowner need a CRFL if fishing from his/her pier or property?** Yes.

For more information, contact: N.C. Wildlife Resources Commission, www.ncwildlife.org, (919) 707-0391 or Division of Marine Fisheries, www.ncfisheries.net, local (252) 726-7021, toll-free (800) 682-2632.

General Information *Inland, Joint and Coastal Fishing Waters.* Both the Wildlife Resources Commission and the Division of Marine Fisheries have licensing, management and regulatory authority in certain waters along the coast of North Carolina. These waters are designated as inland, joint and coastal waters. The Wildlife Resources Commission has jurisdiction in inland waters, and the Division of Marine Fisheries has jurisdiction (except that pertaining to inland game fishes) in coastal waters. Both agencies have licensing and regulatory authority in joint waters.

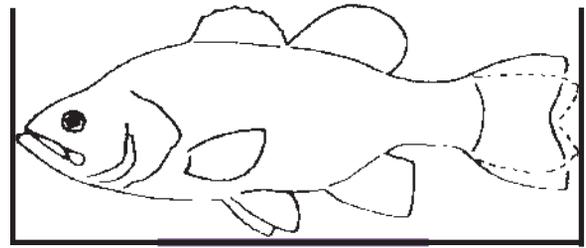

The boundaries between inland, joint and coastal fishing waters are prominently marked with metal signs posted adjacent to the affected waters. Lists of these waters, with their boundaries indicated, are available from the Wildlife Resources Commission, 1721 Mail Service Center, Raleigh, NC 27699-1721 (www.ncwildlife.org; see Fishing—Publications—Coastal, Joint and Inland Fishing Waters Designations in N.C.), or from the Division of Marine Fisheries, P.O. Box 769, Morehead City, NC 28557 (www.ncdmf.net; see Quick Links—Maps to Download).

SPECIAL REGULATIONS FOR JOINT FISHING WATERS

- It is unlawful to possess striped bass or striped bass hybrids less than 18 inches in length.
- **It is unlawful to possess striped bass or striped bass hybrids between 22 and 27 inches in length in the joint waters of the Central-Southern Striped Bass Management Area.**
- **It is unlawful to possess striped bass or striped bass hybrids May through September in the joint waters of the Central-Southern and Albemarle Sound Striped Bass Management Areas.**
- **It is unlawful to possess striped bass or striped bass hybrids from the joint waters of the Cape Fear River.**
- It is unlawful to possess more than one daily creel limit of striped bass or striped bass hybrids, in aggregate, per person per day, regardless of the number of management areas fished.
- It is unlawful to possess striped bass or striped bass hybrids that are not in agreement with size and creel limits of the waters being fished, regardless of other management areas that may have been fished that day.
- It is unlawful to net fish for striped bass or their hybrids in joint waters except as authorized by rules of the Marine Fisheries Commission.
- It is unlawful to use seines, gill nets or trawl nets in the Lake Mattamuskeet canals.
- It is unlawful to use any net, net stakes, or electrical fishing device within 800 feet downstream of the dam at Lock No. 1 on the Cape Fear River.
- It is unlawful to possess more than 10 American or hickory shad in aggregate per person per day taken by hook-and-line

Otherwise, in joint fishing waters, commercial fishing and licensing—including commercial trotlines—are subject to the coastal fishing laws and regulations; inland game fish and hook-and-line licensing—exclusive of commercial trotlines—are subject to the inland fishing laws and regulations.

How to Measure Inland Game Fish The harvest of several game fishes is regulated by length limits. Fish length is determined by measuring along a straight line (in other words, not along the curvature of the body) the distance from the tip of the closed mouth to the tip of the compressed caudal (tail) fin.

INLAND GAME FISH

The following fishes are designated as inland game fish:

- Black bass (largemouth, smallmouth and spotted)
- Crappie (white and black)
- Sunfish
 - Bluegill
 - Redbreast sunfish (robin)
 - Redear sunfish (shellcracker)
 - Pumpkinseed
 - Warmouth
 - Green sunfish
 - Roanoke bass
 - Rock bass
 - Flier
 - All other species of the family Centrarchidae
- Mountain trout (including but not limited to brook, brown and rainbow trout)
- Kokanee salmon
- Walleye
- Sauger
- Pickerel, chain (jack) and redbfin
- Muskellunge
- White bass
- Bodie bass (striped bass x white bass)
- Striped bass, in inland waters
- Shad, American and hickory, in inland waters
- White perch, in inland waters
- Yellow perch, in inland waters
- All other species of perch and pickerel
- Spotted sea trout, in inland waters
- Flounder, in inland waters
- Red drum (channel bass, red fish and puppy drum), in inland waters

GENERAL REGULATIONS FOR INLAND GAME FISH

Purchase and Sale

- The purchase and sale of inland game fish are unlawful, except from and by licensed commercial trout ponds and fish propagators.

Spawning Areas

- Fishing is prohibited from Feb. 15 through April 15 in the Linville River from the mouth, as marked at Lake James, upstream to the N.C. 126 bridge.

Manner of Taking

- Inland game fish may be taken only with a hook and line.
- Landing nets may be used to land fishes caught on a hook and line.

- It is unlawful to snag fish by pulling or jerking a device equipped with one or more hooks through the water for the purpose of impaling fish.
- American and hickory shad may be taken with bow nets from March 1 through April 30.
- In the inland waters of the Roanoke River upstream of the U.S. 258 bridge, only a single barbless hook or a lure with a single barbless hook may be used from April 1 to June 30. “Barbless” means that the hook either does not have a barb or that the barb is bent down.

Using Trotlines, Set-hooks, and Jug-hooks

- Trotlines, set-hooks and jug hooks may be fished under any license that authorizes basic fishing privileges.
- It is unlawful to use live bait with trotlines, set-hooks or jug-hooks.
- Trotlines (a line with multiple hooks) must be set parallel to the nearest shore in all public waters, where their use is authorized.
- Each trotline, set-hook, and **jug-hook** shall have attached the name and address of the user legibly inscribed.
- Each trotline shall be conspicuously marked at each end, and each set-hook shall be conspicuously marked at one end with a prominent flag or floating object.
- Metal cans and glass containers cannot be used as markers.
- **The number of jug-hooks that may be fished is limited to 70 per boat.**
- Trotlines, throwlines, set-hooks and **jug-hooks** must be fished daily, and all fish must be removed daily.
- Untended trotlines, set-hooks and **jug-hooks**, as evidenced by the absence of bait, may be removed from the water by wildlife enforcement officers.

Exceptions

- No trotlines or set-hooks may be used in the impounded waters of Sandhills Game Land, in designated Public Mountain Trout Waters, or in Cheoah Lake.
- In Lake Waccamaw it is unlawful to use trotlines or set-hooks from May 1–Sept. 30.

State Fish Hatcheries

- It is unlawful to fish at any time in the waters or on the property of any state fish hatchery, including Bones Creek from the Lake Rim Dam to the U.S. 401 Bypass (Raeford Road) with the following exception:
 - McKinney Lake Reservoir at McKinney Lake State Fish Hatchery.

Seasons There are no closed seasons on inland game fishes with the following exceptions:

1. In designated Hatchery-Supported Trout Waters, where the season for all fishes is closed and fishing is prohibited from March 1–April 3, 2009.
2. In undesignated waters where it is unlawful to possess trout caught during the closed season (March 1 through April 3).
3. On the Lake Mattamuskeet National Wildlife Refuge, where federal regulations apply.
4. On the MacKay Island National Wildlife Refuge, where federal regulations apply and specified waters are closed to access between Oct. 15 and March 15.
5. On the Roanoke River, where the striped bass season, except if changed by proclamation of the Executive Director, Wildlife

Possession of Game Fish

- It is unlawful to take, in any one day, more than the daily creel limit of any inland game fish having a specified creel limit.
- It is unlawful, while fishing, to change the appearance of fish subject to size limits or daily creel limits or remove the head and/or tail from fish that are regulated by a size limit so that they may not be measured and/or identified.
- It is unlawful to possess fish whose size, creel or season restrictions are not in compliance with the regulations on the waters being fished.
- It is unlawful to possess more than the daily creel limit while fishing, boating or afield; or to possess at any place more than three days' creel limit.
- It is unlawful to destroy unnecessarily any inland game fish taken from public fishing waters.

REGULATIONS FOR MOUNTAIN TROUT

Brook, brown and rainbow trout are the dominant species of freshwater trout in North Carolina. These trout require cold, clean water and are therefore generally restricted to mountain streams and lakes. Those mountain waters that support trout and are open to public fishing are designated as “Public Mountain Trout Waters” by the Wildlife Resources Commission and are managed for public trout fishing. Maps of trout water and their classifications may be viewed at www.ncwildlife.org under the link for *regulations – fishing – mountain trout*.

Designated Public Mountain Trout Waters Designated Public Mountain Trout Waters are classified for management purposes as either “Hatchery-Supported Trout Waters” or “Wild Trout Waters.” Hatchery-Supported Trout Waters must be stocked periodically with trout to sustain angling. Wild Trout Waters are high-quality waters that sustain trout populations by natural reproduction. Some Designated Public Mountain Trout Waters are specially regulated to meet specific management objectives. These are further classified as follows:

- “Catch and Release/Artificial Lures Only,”
- “Catch and Release/Artificial Flies Only,”
- “Wild Trout/Natural Bait,”
- “Delayed-Harvest Trout Waters,”
- or “Special Regulation Trout Waters.”

For Designated Public Mountain Trout Waters, an artificial lure is defined as a fishing lure that neither contains nor has been treated with any substance that attracts fish by the sense of taste or smell. Natural bait is defined as any living or dead organism (plant or animal), or parts thereof, or prepared substances designed to attract fish by the sense of taste or smell.

All waters on the game lands listed below, except Cherokee Lake, Grogan Creek, Big Laurel Creek downstream from the U.S. 25-70 bridge to the French Broad River, Pigeon River downstream of Waterville Reservoir to the Tennessee state line, Nolichucky River, Mill Ridge Pond, Cheoah River downstream of Santeetlah Reservoir, Little River from Hooker Falls downstream to the Dupont State Forest boundary, Lake Imaging, Lake Dense, Lake Alfred, Lake Julia, Fawn Lake and the portion of West Fork

Pigeon River below Lake Logan and North Fork Catawba River downstream of the mouth of Armstrong Creek, are designated Public Mountain Trout Waters and are classified as Wild Trout Waters unless classified and posted otherwise.

- Three Top Mountain Game Land in Ashe Co.
- Nantahala National Forest Game Land in Cherokee, Clay, Graham, Jackson, Macon, Swain and Transylvania counties.
- Pisgah National Forest Game Land in Avery, Buncombe, Burke, Caldwell, Haywood, Henderson, Madison, McDowell, Mitchell, Transylvania and Yancey counties.
- Dupont State Forest Game Lands in Henderson and Transylvania counties.
- Thurmond Chatham Game Land in Wilkes Co.
- Toxaway Game Land in Transylvania Co.
- South Mountains Game Land in Cleveland and Rutherford counties.
- Cold Mountain Game Land in Haywood Co.

Mountain Heritage Trout Waters Some Designated Public Mountain Trout Waters running through or adjacent to certain cities or towns may be further classified as Mountain Heritage Trout Waters. In lieu of special trout fishing license requirements, resident or non-resident anglers may fish in these waters with a valid Mountain Heritage Trout Waters 3-day license. This license is \$5 for both residents and non-residents and can be purchased online at www.ncwildlife.org or by calling 1-888-248-6834, 8 a.m. – 5 p.m., Monday – Friday. The following waters are classified as Mountain Heritage Trout Waters and listed by county, Mountain Heritage City name and regulation type. The boundaries for Mountain Heritage Trout Waters are marked with signs posted conspicuously along the watercourses.

Avery County

Newland

North Toe River (Watauga St. bridge to Roby Shomaker Wetlands and Family Recreation Park) [Hatchery-Supported regulations apply]

Haywood County

Maggie Valley

Jonathan Creek – upper (S.R. 1302 bridge (west) to upstream SR 1307 bridge) [Hatchery-Supported regulations apply]

Cane Creek (N.C. 226 bridge to Baker Lane bridge) [Delayed-Harvest regulations apply]

Spruce Pine

North Toe River (U.S. 19E bridge to N.C. 226 bridge) [Delayed-Harvest regulations apply]

Trout Fishing in Undesignated Waters Some waters that are not Designated Public Mountain Trout Waters (as identified above) contain mountain trout. When fishing in these waters, the trout fishing regulations are the same as for Hatchery-Supported Trout Waters except that the trout fishing license is not required to fish undesignated waters, and there is no closed season for fishing. Also, trout may not be possessed or retained in the creel when fishing undesignated waters during the closed season for Hatchery-Supported Trout Waters.

TROUT FISHING REGULATIONS FOR HATCHERY-SUPPORTED AND WILD TROUT WATERS

	<i>Hatchery-Supported and Undesignated Waters</i>	<i>Wild Trout Waters</i>
Season	July 1, 2008-Feb. 28, 2009 7 a.m. April 4, 2009 – June 30, 2009	Year-round
Daily Creel Limit	7	4
Minimum Size Limit	None	7 inches
Lure Restriction	None	Artificial lures having a single hook

- Exceptions*
- There is no closed season for trout in Nantahala River and all tributaries (excluding impoundments) upstream from Nantahala Lake, Linville River within Linville Gorge Wilderness Area (including tributaries), Catawba River from Muddy Creek to the City of Morganton water intake dam, power supply lakes and municipal water supply lakes.
 - Undesignated waters not listed may be fished during the closed season for hatchery-supported waters, however, trout may not be possessed or retained in the creel.
 - In Lake Lure, the daily creel limit for trout is five fish in the aggregate, and the minimum size limit for trout is 15 inches.

Hatchery-Supported Trout Waters There are approximately 1,100 miles of Hatchery-Supported Trout Waters in North Carolina. In hatchery-supported waters there is no size limit or bait restriction, and the creel limit is seven trout per day. Hatchery-Supported Trout Waters are marked with green-and-white signs that are posted conspicuously along the watercourses. Special Regulation Trout Waters The following portions of designated Public Mountain Trout Waters, excluding tributaries except as noted, are subject to the following special regulations. These streams are marked with white-and-red signs.

Burke County

Catawba River (Muddy Creek to City of Morganton water intake dam). The creel limit is seven trout per day; only one of which may be greater than 14 inches. No bait restrictions. No closed season.

Fishing in Trout Waters

- Fishing in designated Public Mountain Trout Waters is limited to hook and line only.
- It is unlawful to fish with more than one line per person in any designated trout water except power reservoirs and city water supply reservoirs.
- It is unlawful to possess natural bait while fishing Wild Trout and Catch-and-Release waters unless those waters are also specifically classified for use of natural bait.
- Fishing hours in any trout water located on game lands or in any Wild Trout Water are from 30 minutes before sunrise to 30 minutes after sunset, except in the Nantahala River downstream from the Swain County line and in the sections of Green River in Polk County located on Green River Game Land from the mouth of Cove Creek downstream to Brights Creek, where night fishing is allowed.
- Trout season in Hatchery-Supported Trout Waters opens at **7 a.m.** on April 4, 2009.
- It is unlawful to take fish bait or bait fish from designated Public Mountain Trout Waters.
- In designated Public Mountain Trout Waters, the fishing season for all fishes shall be the same as the trout-fishing season.
- Dropper flies may be used when fishing any designated Public Mountain Trout Waters.
- It is unlawful to place hatchery-reared fish into a Wild Trout Water or move wild fish from one stream to another on game lands without prior written authorization.
- **Non-trout species may be harvested from Delayed-Harvest Trout Waters during the catch-and-release only trout season under applicable size and creel limits.**

Blue Ridge Parkway The National Park Service establishes fishing regulations for parkway waters. Several ponds and streams on the Blue Ridge Parkway offer trout, smallmouth bass or bream fishing opportunities. Trout fishing regulations on Parkway waters are displayed on signs located near fishing access points. Questions

regarding fishing on Parkway waters should be directed to the Blue Ridge Parkway using the contact information below.

A valid North Carolina or Virginia fishing license is required for all persons age 16 or older fishing on parkway waters. Either state's license is valid on all parkway waters. Special trout licenses are not required.

For specific fishing information in Blue Ridge Parkway waters, contact: Blue Ridge Parkway, 199 Hemphill Knob Road, Asheville, NC 28803. Telephone: (828) 298-0398.

DuPont State Forest Night fishing is prohibited from 30 minutes after sunset to 30 minutes before sunrise in all waters on the DuPont State Forest Game Lands.

North Carolina State Parks South Mountains State Park in Burke County, Stone Mountain State Park in Wilkes and Alleghany counties and Gorges State Park in Transylvania County offer many miles of trout fishing waters. As established by the Wildlife Resources Commission for other trout streams, a valid trout license and a valid North Carolina inland fishing license are requirements in state park inland streams. A game lands license is not required. A special catch-and-release stream is located in Stone Mountain State Park with additional regulations. The possession of any type of firearms, explosives, bows and arrows, or alcoholic beverages within state parks is unlawful. Park entrance gates are opened and closed daily according to the following schedule:

November, December, January, February8 a.m. - 6 p.m.
 March, October8 a.m. - 7 p.m.
 April, May, September8 a.m. - 8 p.m.
 June, July, August.....8 a.m. - 9 p.m.

NONGAME FISH

Any fish not classified as a game fish is considered a nongame fish when found in inland fishing waters and includes shellfish and crustaceans.

Sale of Nongame Fish

- Nongame fish caught on hook and line or by grabbling may be sold without restriction, except as follows:
- When nongame fish are taken for the purpose of sale by means other than hook and line or by grabbling, a special fishing device license is required (see "Special Fishing Devices," page 28).
- Bowfin taken by any method in inland waters may not be sold.
- Blueback herring and alewife taken by any method in inland waters may not be sold, except for those fish less than six inches in length that are taken from Kerr Reservoir (Granville, Vance, and Warren counties).

Manner of Taking Nongame Fish

- Nongame fish may be taken by hook and line or by grabbling; no fish may be taken by snagging. Special devices defined herein may be used to take nongame fish with proper licenses (see "Collecting Nongame Fish for Bait" and "Special Devices").
- Nongame fish may be taken year-round with bow and arrow in waterfowl impoundments located entirely on game lands and in all inland fishing waters other than the impounded waters on the Sandhills Game Land and designated Public Mountain Trout Waters.
- Nongame fishes may be taken with bow and arrow under any license that authorizes basic hunting or inland fishing privileges subject to "Miscellaneous Prohibitions" (see page 31).

- It is unlawful to fish with a crossbow, except for disabled persons possessing a valid crossbow hunting permit.
- For special rules governing trotlines, see "Using Trotlines, Set-hooks and Jug-hooks" (page 17).
- Crab pots and **baited long lines** are special fishing devices that may not be used in inland fishing waters or in designated waterfowl impoundments located on game lands. Exception: Persons owning property adjacent to the inland fishing waters of coastal rivers and their tributaries may set two crab pots attached to their property and a special device license is not required.

Hook-and-Line Regulations for Nongame Fish

- * Season: Year-round
- * Minimum size limit: None

- There is no open season for sturgeon. Any sturgeon caught must be immediately released.
- The minimum size limit for American eel is six inches, and the possession limit is 50 fish.
- Blue crabs taken by hook and line (other than set-hooks) from inland fishing waters or in designated waterfowl impoundments located on game lands must have a minimum carapace width of five inches (point to point).
- No person shall take or possess herring (alewife and blueback) greater than six inches in length from the inland fishing waters of coastal rivers and their tributaries up to the first impoundment of the main course on the river (listed below), the Lumber River including Drowning Creek, and in all other inland fishing waters east of Interstate 95.
 - Roanoke River – Roanoke Rapids Dam
 - Tar River – Rocky Mount Mill Dam
 - Neuse River – Milburnie Dam
 - Cape Fear River – Buckhorn Dam
 - Waccamaw River – Lake Waccamaw Dam

- Pee-Dee River – Blewett Falls Dam
- Grass carp may not be possessed on Lake James, Lookout Shoals Lake, Lake Norman, Mountain Island, Gaston and Roanoke Rapids reservoirs, except that two fish per day may be taken by bow and arrow.
- In designated Public Mountain Trout Waters, the season shall be the same as the trout-fishing season.

Taking Nongame Fish, Crustaceans, and Mollusks for Bait or Personal Consumption

- Nongame fishes, crustaceans (crayfish and **blue crabs**), and mollusks taken for bait or personal consumption may not be sold.
- Nongame fishes, crustaceans, and mollusks may be taken for bait or personal consumption only with the equipment listed below, and an appropriate inland fishing license is required. (See Regulations for Taking and Sale of Nongame Fish on page 27 and other nongame regulations on page 35 for more information).
 1. A dip net not greater than six feet across.
 2. A seine not greater than 12 feet in length with a bar mesh measure of not more than 1/4 inch.
- Exception:** In Lake Waccamaw any length seine may be used to collect bait fishes.
 3. A cast net.
 4. Minnow traps under immediate control and attendance of the operator and not exceeding 12 inches in diameter, with funnel openings not exceeding 1 inch in diameter.
 5. **Hand-held lines with single baits attached to each;**
 6. **A collapsible crab trap with the largest opening not greater than 18 inches and which by design collapses at all times when in the water, except when being retrieved or lowered to the bottom.**
- The daily creel limit is 200 nongame fish, crayfish, and mollusks, in aggregate, subject to the following restrictions
 1. No more than 50 eels, none of which may be less than six inches in length
 2. No herring (alewife and blueback) greater than six inches in length may be taken or possessed from the inland fishing waters of coastal rivers and their tributaries up to the first impoundment dam on the main course of the rivers (listed above), the Lumber River including Drowning Creek, and all other public waters east of Interstate 95.
 3. **No more than 50 crabs per person per day or 100 per vessel per day with a minimum carapace width of five inches (point to point.)**
 4. **In Lake Norman and Badin Lake the daily creel limit for blue catfish greater than 32 inches in length is one.**
- Any fish taken for bait purposes are included in the daily possession limit for that species (where such a limit is specified).
- Nongame fish may not be taken for bait from Bear Creek and Rocky River, Chatham County; Fork Creek, Randolph County; Deep River below Coleridge Dam, Randolph County; and those portions of Deep River in Moore, Chatham and Lee counties.
- Game fish incidentally taken with nets or traps, while capturing bait, must not be harmed and must be released immediately.

Taking Freshwater Mussels

- Freshwater mussels, including the Asiatic clam (*Corbicula fluminea*), may only be taken from impounded waters, except mussels shall not be taken in Lake Waccamaw and in University Lake (Orange County).
- The daily possession limit for freshwater mussels, including the Asiatic clam (*Corbicula fluminea*), is 200.

Special Fishing Devices

- Special fishing devices, which may be licensed for the taking of

nongame fishes, include the following: bow and arrow (except crossbows), seines, cast nets, gill nets, dip nets, bow nets, reels, gigs, spear guns, baskets, fish pots, eel pots, traps (**excluding crab traps and automobile tires**), and hand-crank electrofishers where authorized by local law.

- Special fishing devices may only be used in waters having designated seasons. See list (by county) under “Seasons and Waters” on page 28-31.
- A noncommercial special device license is valid when no more than three special devices are used.
- A commercial special device license is required when four or more special devices are used.
- Hand-crank electrofishers are any manually-operated device capable of generating a low-voltage electrical current, not to exceed 300 volts, for the taking of catfish.

Term and Use of Special Device Licenses

- The license is valid during a license year (12 months from date of purchase).
- Each user of a special device must have his own license in possession, except that a bow net or dip net may be used by another person who has the owner’s license in his possession.
- Only the principal owner or operator must be licensed when drag seines are used at inland beaches to take mullet.
- Nongame fishes may be taken with bow and arrow under any license that authorizes basic hunting or fishing privileges.

Netting Restrictions

- Except as specified below, stationary nets must not exceed 100 yards in length and must be spaced at least 50 yards apart.
- “Attendance” requires that a fisherman be within 100 yards of his net at all times.
- Stationary nets must run parallel to the nearest shoreline.
- Anchored, fixed or drift gill nets must be marked at each end with two separate yellow buoys, which shall be of solid foam or other solid buoyant material no less than five inches in their smallest dimension. Buoys on each of the nets shall be marked (by engraving buoys or attaching engraved metal or plastic tags) with one of the following: owner’s N.C. vessel registration number, owner’s U.S. vessel documentation name or owner’s last name and initials.
- No wires or ropes associated with a special fishing device may extend across any navigable watercourse.

Fish-Trap Restrictions

- A fish trap may be no more than 60 inches in length and no more than 30 inches in depth or width.
- No lead nets, wing nets or other devices may be attached to the trap nor used within 25 feet of the trap.
- Such devices, when set and left unattended, shall be affixed with a card or tag furnished by the license-holder and upon which his name and address shall be legibly inscribed.
- Each pot must be marked by attaching a floating buoy, which shall be of solid foam or other solid buoyant material and no less than five inches in diameter and no less than five inches in length. Buoys may be of any color except yellow. The owner shall always be identified on the attached buoy by using engraved buoys or by engraved metal or plastic tags attached to the buoy. Such identification shall include one of the following: owner’s N.C. vessel registration number, owner’s U.S. vessel documentation name, or owner’s last name and initials.

Exception: An angler with a valid inland fishing license may use up to two eel pots to take eels for bait without a special fishing device license.

Seasons and Waters

- There is no open season for sturgeon. Any sturgeon caught must

be immediately released.

- No river herring greater than six inches in length may be taken or possessed from inland fishing waters of coastal rivers and their tributaries, up to the first impoundment of the main course of the river (listed on page 27), the Lumber River, including Drowning Creek, and all other public waters east of Interstate 95.

- **In Lake Norman and Badin Lake the daily creel limit for blue catfish greater than 32 inches in length is one.**

- No special fishing devices, including crab pots, may be used in designated waterfowl impoundments located on game lands.
Exception: Nongame fish may be taken year-round with bow and arrow from waterfowl impoundments located entirely on game lands and in all inland fishing waters other than the impounded waters on the Sandhills Game Land, designated Public Mountain Trout Waters, or waters subject to Miscellaneous Prohibitions (see page 31).

MISCELLANEOUS PROHIBITIONS

Possession of Certain Fishes

- It is unlawful to transport, purchase, possess or sell any live individuals of piranha, "walking catfish" (*Clarias batrachus*), snakehead fish (from the Family Channidae, formerly Ophiocephalidae), white amur or "grass carp" (*Ctenopharyngodon idella*), black carp (*Mylopharyngodon piceus*), swamp eel (*Monopterus albus*), red shiner (*Cyprinella lutrensis*), rudd (*Scardinius erythrophthalmus*), round goby (*Neogobius melanostomus*), tubenose goby (*Proterorhinus marmoratus*), ruffe (*Gymnocephalus cernuus*), Japanese mystery snail (*Cipangopaludina japonica*), Chinese mystery snail (*Cipantopaludina chinensis malleata*), red-rim melania (*Melanoides tuberculatus*), virile crayfish (*Orconectes Gremicambarus virilis*), or rusty crayfish (*Orconectes Procericambarus rusticus*), or to stock any of them in the public or private waters of North Carolina, except that certified triploid grass carp may be bought, possessed and stocked with a permit from the Wildlife Resources Commission.
- It is unlawful to take or possess any state or federally designated endangered, threatened, or species of special concern, including sturgeon from the inland waters of North Carolina.
- It is unlawful to possess eels less than six inches in length.
- It is unlawful to possess, transport or release live alewife or blueback herring in the Little Tennessee River and the Catawba River, upstream of Lake Rhodhiss, and their tributaries and impoundments.
- It is unlawful to stock fish into public fishing waters without a permit from the Wildlife Resources Commission.
- Grass carp may not be possessed on Lake James, Lookout Shoals Lake, Lake Norman, Mountain Island, Gaston and Roanoke Rapids reservoirs, except that two fish per day may be taken by bow and arrow.

Large Landing Nets The possession of large landing nets (greater than 60 inches circumference) is prohibited in the Dan River in Caswell Co., N.C., downstream of Danville, Va. and in the Roanoke River between the U.S. 258 bridge and the dam at Roanoke Rapids Lake.

Fishing on Game Lands

- A game lands license is not required to fish in any waters on game lands.
- In all game lands ponds, forked-tail catfish may be taken only by hook and line, and the daily creel limit is six fish in aggregate.
- The use of special fishing devices, including crab pots, is prohibited in designated waterfowl impoundments located on game lands. Exception: Nongame fish may be taken year-round with bow and arrow (except crossbows) from waterfowl impoundments located entirely on game lands other than the impounded waters on the Sandhills Game Land and designated Public Mountain Trout Waters.

- All game lands are open to public fishing with the following exceptions:
 - Restocked ponds when posted against fishing.
 - Grogan Creek in Transylvania County, which serves as a fish hatchery and water supply.
 - Hunting Creek Swamp Waterfowl Refuge in Davie County.
 - Private ponds where fishing may be prohibited by property owners.

For additional information on game lands see pages 55-62.

FISHING ACCESS AREA REGULATIONS

It is unlawful to:

- Use any public fishing area for purposes other than fishing, except where facilities are provided and approved uses are posted. All other uses—including swimming, sunbathing on piers or decks, possessing loaded firearms, launching or mooring jet skis or boats, skiing, building fires, operating concessions or other activities not directly associated with fishing—are prohibited.
- Use gasoline motors on Lake Rim in Cumberland County, and on Newbold and Etheridge ponds in Edgecombe County.

BOATING ACCESS AREA REGULATIONS

It is unlawful to:

- Leave any vehicle, trailer, boat or other obstruction where it will impede the use of the ramp by others.
- Park any vehicles, trailer or boat anywhere on the area when the parking zone is fully occupied. This does not prohibit legal use of the ramp.
- Use the area for swimming, camping, operating concessions or for any use other than the launching and recovery of boats and parking of vehicles and boat trailers, except where facilities for a particular use are provided.
- Operate any vessel within 50 yards of the ramp at a speed greater than “No Wake” speed.
- Possess loaded firearms on the access area.
- Operate a vehicle on any boat access area in a manner so as to endanger life or property.
- Deposit any debris or refuse anywhere on the grounds of the area.
- Fail to obey any instruction or signs regulating use of the access area.
- Conduct a fishing tournament weigh-in without first obtaining a letter of authorization from the Division of Engineering Services by calling (919) 707-0150. This permit must be available for inspection by wildlife enforcement officers during the tournament.
- Park in a handicapped space without displaying a handicapped plate or sign.

HYDROELECTRIC STATION SAFETY ZONES

- A 100-foot safety zone extends both upstream and downstream of the following hydroelectric stations. Only fishing and boating are authorized within the safety zone, subject to the following restrictions:
 - All boaters within the safety zone are required to wear approved U.S. Coast Guard personal flotation devices.
 - Any anglers within the safety zone that enter the water are required to wear an approved U.S. Coast Guard personal flotation device.
 - No vessel may anchor within this zone or tie off to any part of the hydroelectric station structure.

Catawba River:

- Bridgewater Hydroelectric Station (Paddy Creek, Linville and Catawba dams)
- Cowans Ford Hydroelectric Station
- Lookout Hydroelectric Station
- Mountain Island Hydroelectric Station
- Oxford Hydroelectric Station
- Rhodhiss Hydroelectric Station

Green River:

- Tuxedo Hydroelectric Station

Yadkin River:

- Narrows Hydroelectric Station
- High Rock Hydroelectric Station

APPLYING FOR A FRESHWATER FISHING RECORD

State record fish must be weighed on scales certified by the N.C. Department of Agriculture and verified by a Wildlife Resources Commission fisheries biologist (or biologist designated by the Commission). For other requirements and an application form, visit www.ncwildlife.org and follow the link for *Fishing Programs* under the *Fishing* topic, or call the Division of Inland Fisheries at (919) 707-0220.

NORTH CAROLINA ANGLER RECOGNITION PROGRAM

Any angler who catches a fish meeting specific size requirements can apply to have the catch recognized as a “trophy” fish through the North Carolina Angler Recognition Program, or NCARP. This program provides recognition to all anglers who catch trophy-size fish that are not large enough to qualify as state record fish.

NONGAME REGULATIONS AND INFORMATION

Any animal not classified as a game fish, game animal, furbearer or a game bird is considered to be nongame. There are, however, regulations that apply to the taking and collection of these wildlife resources. For animals not specified elsewhere in this Digest, the following guidelines apply:

Nongame Fish, Crustaceans and Mollusks – See pages 27–31 for information on collecting nongame fish, crustaceans and mollusks for personal use, sale and bait. A Collection License is needed to take or collect any animal for scientific purposes. In addition, a special permit is required when the animal is a freshwater mussel or any endangered, threatened or special concern species.

Mammals – A Collection License is needed to take or collect any nongame mammal. This includes bats. If the animal is endangered, threatened or of special concern, a special permit is needed.

Birds – Most birds in North Carolina are defined as migratory and thus are protected by federal laws. Call the U.S. Fish and Wildlife Service for more information at (919) 856-4786. The exceptions are the English sparrow, pigeon, starling and mute swan.

Reptiles – A Collection License is needed to take or collect five

or more lizards or snakes. Collection of 5 or more turtles of the family Emydidae or Trionychidae (basking and box turtles) is prohibited. **Limits on snapping/mud/musk turtles are 10 per day, and 100 per year.** If the animal is endangered, threatened or of special concern, a special permit is needed.

Amphibians – A Collection License is needed to take or collect 25 or more frogs, toads, mudpuppies or salamanders (“spring lizards”). If the animal is endangered, threatened or of special concern, a special permit is needed.

- Collection License applications are available on-line at http://www.ncwildlife.org/fs_index_01_license.htm.
- The list of endangered, threatened and special concern species in North Carolina is on-line at http://www.ncwildlife.org/fs_index_07_conservation.htm.
- Questions about special permits may be directed to the Division of Wildlife Management at (919) 707-0050.
- It is not necessary to obtain a Collection License before defending yourself or another from a wildlife threat.
- More information about nongame wildlife, resolving wildlife conflicts or holding animals in captivity is available on-line at www.ncwildlife.org or by calling the Division of Wildlife Management.

HELP KEEP NORTH CAROLINA WILD!

Hunters and anglers were the original conservationists, helping to restore many game animals, such as turkeys, white-tailed deer and striped bass. But other animals, like bog turtles and songbirds, continue to decline. We need your help to continue programs that benefit these essential animals and their habitats.

You can help by donating to the Nongame and Endangered Wildlife Fund. While projects funded target nongame animals and their habitats, game species also benefit because they share the same habitats.

DONATIONS ARE TAX DEDUCTIBLE AND EASY TO MAKE:

- ◆ Visit www.ncwildlife.org/give to donate online or print a mail-in form.
- ◆ Call 1-888-248-6834.
- ◆ Contribute a portion of your state income tax refund through the N.C. Tax Check-off for Nongame and Endangered Wildlife.
- ◆ Order a Wildlife Conservation license plate for your vehicle, trailer or camper by visiting www.ncwildlife.org/give.
- ◆ Round up your N.C. Wild Store purchase to a whole number.

HELP CONSERVE NORTH CAROLINA'S WILDLIFE AND NATURAL PLACES FOR FUTURE GENERATIONS TO ENJOY.

Trapping Regulations and Information It is legal in North Carolina to trap beaver, coyote, groundhog, mink, muskrat, nutria, opossum, otter, raccoon, skunk, weasel and bobcat during the trapping seasons listed below, unless otherwise noted. It is legal to trap coyotes during any fox-trapping season, established by statute or by local law, using methods described in statute, even when those seasons open prior to and extend after the regular trapping seasons.

General Trapping Restrictions

It is unlawful to:

- Trap a raccoon in and west of Madison, Buncombe, Henderson and Polk counties.
- Sell or otherwise transfer ownership of the carcass or pelt of a bobcat or otter without first tagging it with the appropriate tag available from the Wildlife Commission. The fee is \$2.20 for each bobcat or otter tag. You may purchase these tags by telephone, (888) 248-6834, using a VISA or MasterCard credit card, or you can mail your request along with the fee to: NCWRC, Bobcat/Otter Tags, 1707 Mail Service Center, Raleigh, NC 27699-1707. Include your name, address and hunting or trapping license number. NOTE: All fur must be tagged within 10 days of the close of the applicable season.
- Open or damage a beaver lodge without a permit from the Wildlife Resources Commission.
- Set snares of any type, except for capturing beavers.

You should also read the “Game Lands” section of this digest for trapping restrictions on certain game lands.

Statewide Trapping Laws

It is unlawful to:

- Take wild animals by trapping upon the land of another without having in possession written permission issued and dated within the previous year by the landowner or his agent.
- Take wild animals by trapping with any steel-jaw, leg-hold or Conibear-type trap unless the trap:
 - a. has a jaw spread of not more than 7 1/2 inches.
 - b. is horizontally offset with a closed-jaw offset of at least 3/16 of an inch for a trap with a jaw spread of more than 5 1/2 inches. This provision does not apply if the trap is set in the water with a quick-drown type set.
 - c. is smooth-edged and without teeth or spikes.
 - d. has a weather-resistant permanent tag attached legibly giving the trapper’s name and address.
- Set a steel-jaw or leghold trap on dry land with solid anchor with a trap chain longer than eight inches from trap to anchor, unless fitted with a shock-absorbing device with at least 40 lbs. and not more than 75 lbs. of pull.
- Set a trap of the number 330 Conibear-type or size, unless at least one-half of the trap is covered by water.
- Remove or disturb any lawfully set trap or remove any furbearing animal from a trap without permission of the trap owner.
- Set or use a trap so that animals or birds will be suspended when caught.
- Set or use a hook of any sort or type to take wild animals or wild birds.

TRAPPING SEASONS

Season	Applicable Area
Dec. 1- Feb. 28	In and east of Hertford, Bertie, Martin, Pitt, Green, Lenoir, Duplin, Pender and New Hanover counties.
Nov. 1- Feb. 28	In all other counties. The following season bag limits apply in the counties noted: <i>Five Otters:</i> In and west of Stokes, Forsyth, Davie, Iredell and Mecklenburg counties NOTE: In addition to the regular trapping seasons listed above, coyotes may be taken in counties, areas and times where fox-trapping is allowed by statute. Statewide for beaver only. NOTE: Landowners whose property is or has been damaged or destroyed by beaver may take beaver on their property anytime by any lawful method without obtaining a permit from the Wildlife Resources Commission. The landowner may obtain assistance from other persons in taking the depredating beaver by giving those persons permission to take beaver on the landowner’s property.
Nov. 1- Mar. 31	NOTE: Landowners whose property is or has been damaged or destroyed by beaver may take beaver on their property anytime by any lawful method without obtaining a permit from the Wildlife Resources Commission. The landowner may obtain assistance from other persons in taking the depredating beaver by giving those persons permission to take beaver on the landowner’s property.
Jan. 3- Jan.24	Fox-trapping is allowed in Caswell, Clay, Graham, Macon, Stokes and Tyrrell counties with a daily bag limit of two and a season bag limit of 10. Trappers must have fox tags prior to taking foxes, and the sale of live foxes under this season is prohibited. There are no open fox-trapping seasons in any other county, except where provided by local laws.

There is no closed season and no bag limit for trapping nutria east of I-77.

Attendance Every trap must be visited daily and any animal caught therein removed, except for completely submerged Conibear-type traps, which must be visited at least once every 72 hours and any animal caught therein removed.

UNLAWFUL HARASSMENT OF PERSONS TAKING WILDLIFE RESOURCES

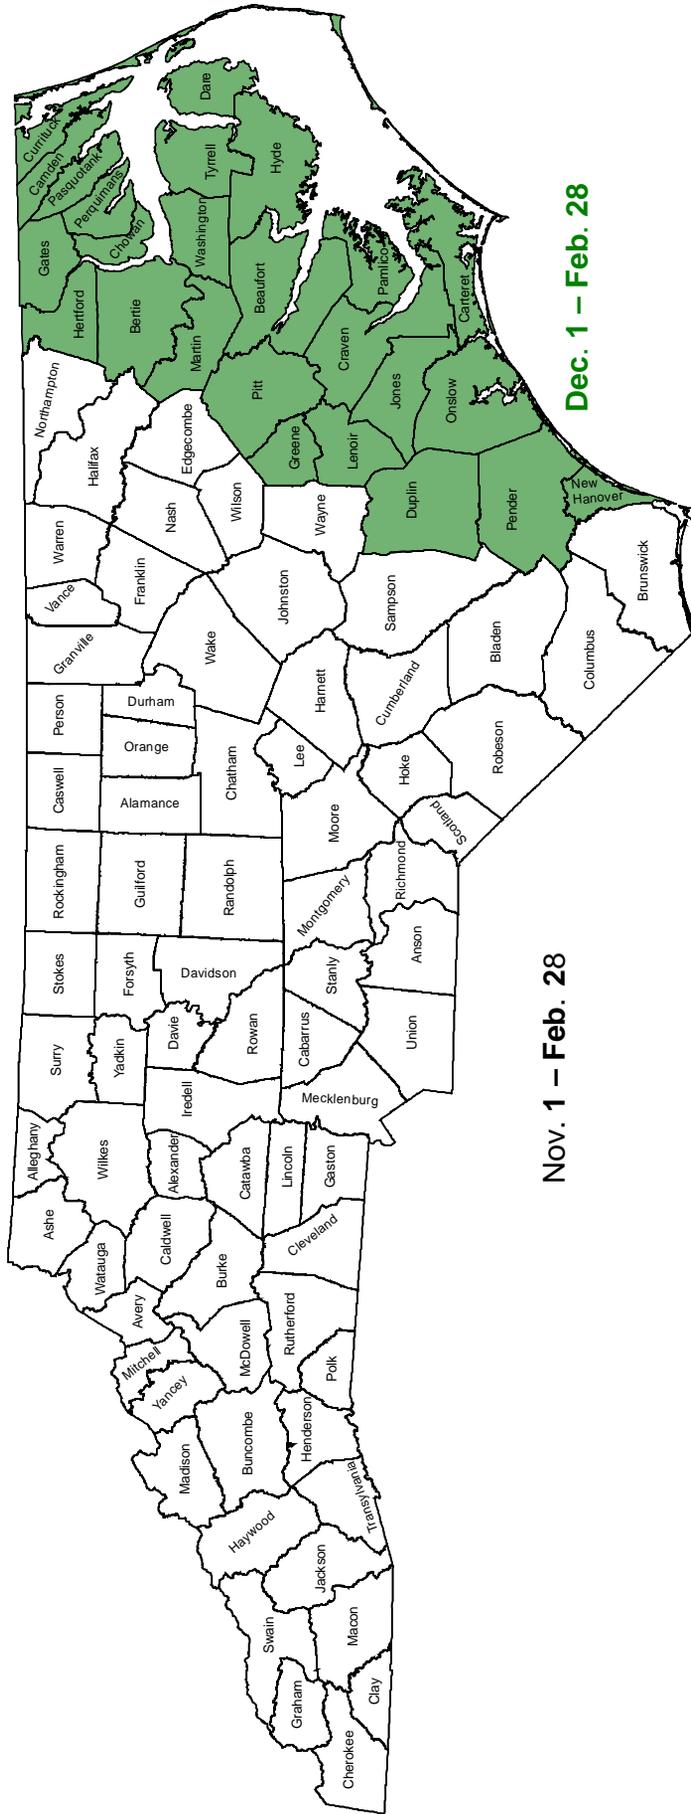

In North Carolina, it is unlawful for a person to interfere intentionally with the lawful taking of wildlife resources or to drive, harass, or intentionally disturb any wildlife resources for the purpose of disrupting the lawful taking of wildlife resources on public or private property. NOTE: This law does not apply to activity by a person on land he or she owns or leases or to a person who incidentally interferes with the taking of wildlife resources while using the land for other lawful activity such as agriculture, mining or recreation. Violation of this subsection is a misdemeanor punishable for a first conviction by a fine not to exceed \$1,000, by imprisonment not to exceed 30 days, or by both and punishable for a second or subsequent conviction by a fine left to the discretion of the court (N.C. General Statute §113-295).

What Should I Do? If you experience unlawful harassment, immediately notify your nearest wildlife enforcement officer, county sheriff’s office or local police department. Advise the authorities of this law and that you wish to hunt peacefully.

What Not to Do Do not provoke a fight, threaten reprisals or use profanity. Remember that some anti-hunting activists seek confrontation and may be accompanied by the news media.

BEAVER

There is an open season for taking beaver with firearms **or bow and arrow** during any open season for the taking of wild animals, provided that permission has been obtained from the owner or lessee of the land on which the beaver is being taken.

CONTROLLED HUNTING PRESERVES

Oct. 1 – Mar. 31

No limits.

This applies to domestically raised birds (mallard ducks and upland game birds) only.

No wild turkey may be taken.

MANNER OF TAKING

Definition of Take To take is defined as all operations during, immediately preparatory and immediately subsequent to an attempt, whether successful or not, to capture, kill, pursue, hunt or otherwise harm or reduce to possession any fisheries resource or wildlife resource.

Season Dates For most species, hunting seasons are set to open on the same day of the week every year and at the same general time. For example, every year the season for red and gray squirrels opens on the Monday on or nearest to Oct. 15 and continues through Jan. 31 every year. For some species, changes in a season appear in red ink. However, most seasonal dates that are different from last year are the result of the annual shift of days in each year's calendar.

General Restrictions

- Lawful seasons and bag limits for each species apply beginning with the first day of the listed season and continue through the last day of the listed season, with all dates being included except Sundays. Hunting seasons are closed on Sundays, except on some military installations under the exclusive jurisdiction of the federal government.
- Game birds and animals, other than raccoon and opossum, and other animals for which a season has been set, may be taken only between 30 minutes before sunrise and 30 minutes after sunset with rifle, pistol, shotgun, bow and arrow, dogs or by means of falconry. Call (800) 675-0263 for shooting hours for migratory birds.
- It is unlawful to use any of the following in taking wild birds or animals:
 - artificial lights (including laser sights),
 - electronic or recorded calls (except electronic calls are permitted for crow and coyote hunting),
 - fire,
 - firearms equipped with a silencer or any device designed to minimize the report of the firearm,
 - motor vehicles (at no time may any wild animals or birds be taken with the aid of a motor vehicle while the passenger area is occupied or while the vehicle engine is running),
 - vessels: from any vessel under sail, under power, or with the engine running, or while still in the motion from such propulsion, or
 - airplanes
- It is unlawful to use bait in taking wild birds or to take wild boar or bear with the use or aid of bait, which includes any salt, salt lick, grain, fruit, honey, sugar-based material or substance, animal parts or animal products.
- No wild turkey may be taken from an area in which bait has been placed until the expiration of 10 days after the bait has been consumed or otherwise removed.
- It is unlawful to take deer that are swimming or in water above the knees of the deer.
- Migratory game birds may be taken only during the hours and in the manner permitted by federal regulations.
- It is unlawful to shoot at or into a squirrel's nest.
- Individuals engaged in box trapping rabbits must have an appropriate hunting license to transport live rabbits.
- It is unlawful to accept the gift of wildlife lawfully taken unless you possess in writing the donor's name, address and hunting license number.

Bow and Arrow

- Bow-and-arrow hunting is limited to longbows and recurved bows having a minimum pull of 40 pounds and compound bows with a minimum pull of 35 pounds. Only arrows with a fixed minimum broadhead width of 7/8 inch or a mechanically opening broadhead with a minimum width of 7/8 inch in the

open position may be used for taking bear, deer, wild boar or wild turkey. Blunt-type arrowheads may be used in taking small animals and birds, including, but not limited to, rabbits, squirrels, quail, grouse and pheasants. Poisonous, drugged, barbed or explosive arrowheads may not be used for taking any game.

- It is unlawful to hunt with a crossbow, except for disabled hunters with a crossbow permit.

Crossbows Crossbows are legal hunting weapons only for disabled persons with a permit from the Wildlife Resources Commission. Refer to the "Disabled Sportsman" section on page 11 for qualification and application information. Crossbows used under this permit must have a minimum draw weight of 150 pounds. Bolts must use heads as described for arrows in the preceding section.

Shotguns

- Shotguns must be no larger than 10-gauge.
- When hunting migratory game birds, shotguns must be plugged so as to limit their maximum capacity to three shells.

Pistols

- During the open hunting season for rabbits, squirrels, opossums, raccoons, furbearing animals and legal nongame animals and birds, these species may be taken with a pistol of .22-caliber with a barrel not less than 5.5 inches in length.
- A hunter or trapper lawfully taking wildlife by another method may use a pistol to dispatch the animal or bird taken, except as noted below.
- Pistols may not be carried during the bow-and-arrow and muzzleloader deer hunting seasons.
- Deer, bear and wild boar may be taken with a handgun during the established gun hunting season provided that the handgun is not less than .24-caliber. Muzzleloading pistols are not legal for hunting.
- It is unlawful to hunt or take wild turkeys with pistols.

Rifles

- Rifles are prohibited by federal law in hunting migratory game birds.
- Local laws prohibit or restrict rifles in some counties.
- It is unlawful to hunt or take wild turkeys with rifles.

Field Trials and Dogs Dogs may not be used as follows:

- To run or chase deer during closed season, except when under the control of the owner.
- To hunt deer during primitive weapons seasons.
- To hunt, run or chase deer at any time in that portion of Wake County south of N.C. 98 or south of I-85 in Orange County; in Alamance, Chatham, Durham, Johnston, Lee and Wayne counties; or in and west of the counties of Rockingham, Guilford, Randolph, Montgomery and Anson (west of N.C. 742).
- In violation of county laws. See "Local Laws" section.
- Except as allowed by regulations pertaining to authorized field trials, it is unlawful to possess firearms, axes, saws or tree-climbing equipment while training or running dogs during closed season.
- Individuals engaged in training dogs and individuals who are active participants in field trials must have an appropriate hunting license.
- Commission-sanctioned field trials may allow hunters to conduct field trials with dogs in areas and at times authorized with the use of approved weapons and ammunition and may authorize the use of certain domestically raised birds.
- Commission-sanctioned field trials allow license reciprocity for participants, dog owners, handlers and judges.
- Applications for authorization of a Commission-sanctioned field trial must be submitted in writing to a wildlife enforcement officer at least 30 days prior to the scheduled event.
- Applications for authorization of a Commission-sanctioned field trial may be obtained online at www.ncwildlife.org. > Licenses/Permits/Registration/Titling > Other Licenses/Permits > Permit Guide/Other Permits > Field Trial Permit
- When training dogs during the closed season, hunters may use

domestically-raised waterfowl or game birds provided that they use shot shells with shot of number 4 size or smaller and the shot is nontoxic when training with waterfowl. All birds must be banded on one leg with the propagator's license number.

Boats Deer may not be hunted from boats or other floating devices in some counties. Also see restrictions for vessels on page 32.

Hunter or Blaze Orange Any person hunting bear, wild boar, rabbit, squirrel, grouse, pheasant and quail with the use of firearms must wear a cap or hat made of hunter-orange material or an outer garment of hunter orange visible from all sides. **Anyone hunting deer during a deer firearms season, regardless of weapon, must wear hunter orange.**

Artificial Lights

- In addition to the prohibition of taking wildlife with the use of artificial light, many counties have local regulations that prohibit shining lights on deer or searching for deer with lights 30 minutes after sunset or after 11 p.m. A color-coded map showing county shining laws is presented on page 49.
- The flashing or display of any artificial light between 30 minutes after sunset and 30 minutes before sunrise in any area that is frequented or inhabited by wild deer by any person who has accessible to him or her a firearm, crossbow or other bow and arrow constitutes prima-facie evidence of taking deer with the aid of an artificial light.
- Raccoon and opossum may be taken at night, with dogs during open seasons, with the use of artificial lights commonly used to aid in taking raccoon and opossum.

Road Hunting Local laws prohibit or restrict hunting or shooting from public roads or possession of a loaded firearm on road right-of-ways in some counties.

OTHER RESTRICTIONS

Local Laws There are many local laws affecting hunting and trapping in North Carolina. An abstract of local laws that are more restrictive than general regulations is included in this digest. See the "Local Laws" section.

Exotic Species It is unlawful to place exotic species of wild animals or wild birds not indigenous to that area in an area for the purpose of stocking the area for hunting or trapping. (There are certain limited exceptions for licensed controlled hunting preserves.)

Transfer of Wildlife An individual may accept the gift of wildlife lawfully taken within North Carolina if taking possession does not cause the individual to exceed applicable possession limits. The individual must note and preserve in writing the name and address of the donor and under what license requirements the wildlife was taken.

Trespass The establishment of open seasons does not obligate the private landowner to allow hunting on his property, nor does it eliminate the ethical requirement for obtaining permission from the landowner before hunting. In some counties, hunters are required to obtain permission to hunt on private property.

State Fish Hatcheries It is unlawful to possess a loaded firearm within a posted restricted zone on any state-owned fish hatchery or to discharge a firearm into or across such a restricted zone.

Cervid Carcass Parts Only the following deer, elk or moose carcass parts harvested in states or provinces with Chronic Wasting Disease (CWD) will be allowed in North Carolina:

- meat that is cut and wrapped;
- quarters or other portions of meat with no part of the spinal column or head attached;
- meat that has been boned out;
- caped hides;
- cleaned skull plates;
- antlers;
- cleaned teeth;
- finished taxidermy products

These parts or their containers must be labeled with the hunter's name and address; state or province of origin; date the animal was killed; the hunter's hunting license number; and the destination of the parts or containers.

A current map of CWD-infected states and provinces is available at: <http://www.cwd-info.org/index.php/fuseaction/about.map>

BIG GAME

BEAR

Non-residents hunting bear must possess a bear/wild boar hunting license (See page 7).

Restrictions It is unlawful to do any of the following:

- Hunt bear in any areas not included in the listings below.
- Take a cub (less than 50 pounds) or a female bear with cub(s).
- Take a bear with the use or aid of bait, which includes any salt, salt lick, grain, fruit, honey, sugar-based material or substance, animal parts or animal products.
- Place processed food products as bait in any area of the state with an open season for taking black bears. Processed food products are any food substance or flavoring that has been modified by the addition of ingredients or by treatment to modify its chemical composition or form or to enhance its aroma or taste. This includes: food products enhanced by sugar, honey, syrups, oils, salts, spices, peanut butter, grease, meat, bones, or blood; candies, pastries, gum, and sugar blocks; and extracts of such products. The prohibition against taking bears with the use and aid of bait does not apply to the release of dogs in the vicinity of any food source that is not a processed food product. However, dogs may not be released in the vicinity of any commercially available mineral supplement whether placed for the purpose of attracting deer or otherwise.
- Hunt bear on a bear sanctuary. (See the information below on bear sanctuaries.)

- Dogs may not be used to take wild boar.
- Dogs may not be used to pursue bear.
- The Harmon Den Bear Sanctuary and Sherwood Bear Sanctuary in Haywood County are closed to raccoon, bobcat and opossum hunting.
- It is unlawful to train dogs or allow dogs to run unleashed on bear sanctuaries in and west of Madison, Buncombe, Henderson and Polk counties from March 1 until the Monday on or nearest Oct. 15.

Attention Bear Hunters: The N.C. Wildlife Resources Commission is collecting information from black bears harvested by hunters. We use the upper premolar tooth (located directly behind the upper canine tooth) from a harvested bear to determine the bear's age. This information helps us monitor the status of our bear population, which is an important aspect of our bear management program.

If you harvest a bear, please contact our wildlife staff in the field so that a tooth and other information may be collected. If you cannot locate wildlife staff, please call the Wildlife Management division at (919) 707-0050 so that we may send information to you on how to collect the tooth. If you provide a tooth, we will mail the age of the bear you harvested to you prior to the next hunting season. Your cooperation is appreciated.

DEER

WESTERN DEER SEASON

- Bow and Arrow: Sept. 8 – Oct. 4 and Oct. 13 – Nov. 22
- Muzzleloading: Oct. 6 - 11
- Gun: Nov. 24 – Dec. 13

URBAN SEASON

- Bow and Arrow: Jan. 10, 2009 – Feb. 14, 2009

Participating municipalities listed on page 38.

Seasons See the maps on the following pages for season dates for deer with visible antlers, primitive weapons seasons and general season dates for either-sex deer.

- Seasons for deer with visible antlers and primitive weapons seasons on game lands follow the season for the county in which they are located except for Buffalo Cove Game Land, Nicholson Creek Game Land, Rockfish Creek Game Land, Sandhills Game Land and South Mountains Game Land. See the Game Lands section for additional restrictions on these Game Land's seasons. Refer to the "Game Lands" section for Gun Either-Sex Deer Season dates on game lands.

General Restrictions

- **Any person hunting deer during a deer firearms season shall wear hunter orange.**
- Visible antlers are defined as bony structures that protrude through the skin. Knobs or buttons covered by skin or velvet are not considered visible antlers.
- It is unlawful to carry any type of firearm while bow-and-arrow hunting during the bow-and-arrow seasons.
- Dogs may not be used for hunting deer during the bow-and-arrow or the muzzleloading firearm deer seasons.
- Pistols may not be carried while hunting deer during the muzzleloading firearm season.
- During the muzzleloading firearm season, only muzzleloading rifles or muzzleloading shotguns may be used. Bow and arrows are permitted to be used on private lands during the muzzleloading firearm seasons. Bows and arrows are not permitted to be used on game lands during the muzzleloading firearm seasons, except on areas designated and posted as "Archery Zones."
- During the gun deer season, bow and arrows, pistols (as defined under manner of taking) and muzzleloading firearms are legal weapons.
- The placement of commercially available mineral supplements specifically and exclusively marketed for attracting or feeding deer is allowed anywhere in the state, except on game lands.

Bag Limits

- The big game hunting license authorizes the hunter to harvest up to six deer. All six deer can be antlerless for all areas of the state. The season limit for antlered deer in the Eastern Deer Season is four. The season limit for antlered deer in the Central, Northwestern, and Western deer seasons is two.
- The daily bag limit is two.
- The possession limit for antlered deer is the same as the season limit.

- The possession limit for antlerless deer harvested in areas with a maximum either-sex season, or in those areas participating in the Urban Archery Season, is equivalent to the number of antlerless deer the hunter is authorized to harvest on his big game hunting license and any Bonus Antlerless Harvest Report Cards he may have procured. The possession limit for antlerless deer harvested in all other areas is equivalent to the number of antlerless deer the hunter is authorized to harvest on his big game hunting license.
- Bonus Antlerless Harvest Report Cards allow for the harvest of two additional antlerless deer per card. These are NOT valid for use on game lands. Unlimited Bonus Antlerless Harvest Report Cards are available to each hunter. Bonus Antlerless Harvest Report Cards are valid during archery, muzzleloader, and gun season in those areas with a maximum either-sex gun season. Bonus Antlerless Harvest Report Cards are also valid in municipalities participating in the Urban Archery Season. For information on how to obtain Bonus Antlerless Harvest Report Cards, go to www.ncwildlife.org or call 1-888-2HUNTFISH.
- Antlerless deer harvested under the Deer Management Assistance Program (DMAP) are not included in normal statewide bag limits. Hunters on these areas must follow harvest restrictions prescribed in the DMAP.
- Note: Antlerless deer may be taken only in those areas and during those times described elsewhere in this publication.

Either-Sex Deer Seasons

Bow-and-Arrow Deer Season

- Deer of either sex may be taken during bow-and-arrow deer season in all areas (includes game lands).

Muzzleloading Firearm Deer Season

- Deer of either sex may be taken during the last day of the muzzleloading firearm deer season in and west of Henderson, Buncombe, Yancey, Mitchell and Avery counties (includes game lands).
- Deer of either sex may be taken anytime during the muzzleloading firearm deer season in and east of Polk, Rutherford, McDowell, Burke, Caldwell, Watauga and Ashe counties (includes game lands).

Gun Either-Sex Deer Season

- Deer of either sex may only be taken during the gun season during those dates indicated. Most gun either-sex seasons fall under one of the following four categories in North Carolina:
 - Maximum: Either-sex harvest is allowed the entire gun season.
 - Moderate: Either-sex harvest is allowed the first six open days and the last six open days of the regular gun season.
 - Conservative: Either-sex harvest is allowed the last six open days of the regular gun season.
 - Introductory: Either-sex harvest is allowed the last open day of the regular gun season.

Urban Archery Season

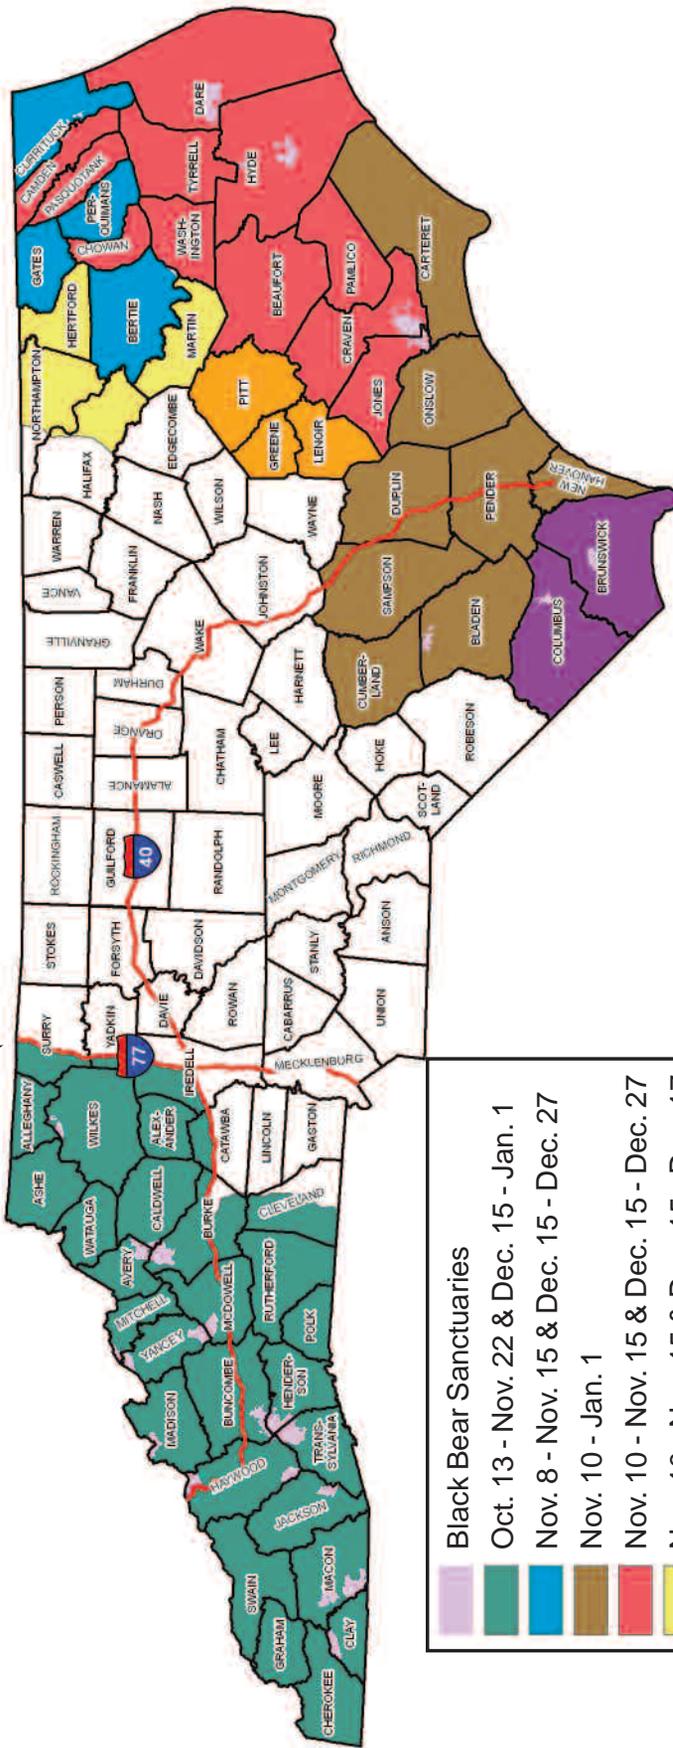

An urban archery season is available for cities, towns and villages that submit to the Wildlife Resources Commission by April 1 of each year a letter of intent to participate in the season. A map clearly defining the area included in the season should also accompany the letter of intent. Interested municipalities should call the Division of Wildlife Management (919) 707-0050 and request to be contacted by a District Wildlife Biologist. Following is additional information and restrictions pertaining to the Urban Archery Season:

- Deer harvested during the Urban Archery Season must be registered via telephone (1-800-I GOT ONE) or online at www.ncwildlife.org. Deer harvested during the Urban Archery Season shall not be registered with a wildlife cooperator agent.
- Daily and season bag limits, as well as possession limits, for both antlerless and antlered deer that apply to the general bow and arrow, muzzleloader, and gun deer seasons also apply to the Urban Archery Season.

(continued on page 51)

2008 – 2009 BEAR SEASONS

The western bear season boundary is I-77 from Virginia to the intersection with I-40, continuing along I-40 West until the intersection of N.C. 18 and then N.C. 18 to South Carolina.

(continued from page 43)

- Deer of either sex may be harvested in participating areas during the Urban Archery Season. Hunters harvesting an antlered buck that has dropped its antlers should validate the kill and insert the harvest authorization number on an authorization space specified for an antlerless deer on the hunter's Big Game Hunting License or Bonus Antlerless Harvest Report Card. However, note that the telephone and Internet reporting systems will capture such harvests as antlered bucks.
- Hunters wishing to hunt in an area participating in the Urban Archery Season should call the participating municipality to obtain a map showing lawful areas to hunt and additional information on specific restrictions that may apply to each area.
- The Urban Archery Season does not obligate private landowners to allow hunting on their property, nor does it eliminate the ethical requirement for obtaining permission from the landowner before hunting. Hunters are legally required to obtain written permission to hunt on posted property.

WILD BOAR

WILD BOAR SEASONS

Daily limit 1; Possession limit 1; Season limit 2

In the following counties: Cherokee, Clay, Graham, Jackson, Macon, Swain

Oct. 13 – Nov. 22

Caswell Surry

Granville Watauga

Person Wilkes

Only one turkey may be harvested during the winter season.

Note: For information on permit hunts for select Game Lands, refer to the Game Lands section.

Youth Day (male or bearded turkey only)

April 4, 2009

Statewide Spring Season (male or bearded turkey only)

April 11 – May 9, 2009

Restrictions It is unlawful to:

- Use dogs during the spring wild turkey season.
- Use pistols, rifles or muzzleloading rifles to hunt wild turkey.
- Possess live wild turkeys or live birds that are indistinguishable from wild turkeys.
- Take wild turkeys from an area in which bait has been placed. (An area is considered baited until 10 days after the bait has been consumed or otherwise removed.)

YOUTH TURKEY HUNT DAY

Season Dates **Applicable Area**

April 4, 2009 Statewide

Turkey hunting outside of the regular spring season is allowed statewide for youth on the day designated as YOUTH TURKEY HUNT DAY statewide. Turkey hunting by youth is allowed on game lands, but some game lands will require a permit. See Game Lands section. Each youth hunting during this season must be accompanied by a properly licensed adult at least 21 years of age ("Youth" means a person less than 16 years of age). The adult may accompany only one youth during any particular hunt, and only one weapon is allowed per youth hunter. Each youth must have a "Big Game Harvest Report Card for License- Exempt Hunters" and report harvests according to instructions on this page.

BIG GAME HARVEST AND REPORTING

Upon killing a bear, deer, wild boar or wild turkey, and before moving the animal from the site of kill, the successful hunter must validate the "Big Game Harvest Report Card," furnished with the big game hunting license, by cutting or punching out the validation mark that correctly identifies the big game animal harvested. Wild boar are only recognized and required to be reported in the following counties: Cherokee, Clay, Graham, Jackson, Macon and Swain. Instructions in this section also apply to the "Bonus Antlerless Report Card."

Registering and Reporting a Kill The hunter must register any harvested bear, deer, wild boar or wild turkey within 24 hours of the kill and before it is skinned, dressed or dismembered. The hunter may register a harvested bear, deer, or wild boar by transporting it to a wildlife cooperator agent within the immediate area where hunting during an open season, by calling in the registration through the toll-free big game reporting system, or by using the Internet to register the kill online at www.ncwildlife.org. The hunter must register a harvested turkey by calling in the registration through the toll-free big game reporting system or by using the Internet to register the kill online at www.ncwildlife.org. Harvested turkeys shall not be registered by wildlife cooperator agents. The hunter may field-dress the animal before registering it with a cooperator agent, by telephone or by the Internet. Field dressing includes bleeding and removing the digestive, respiratory and circulatory organs, but the hunter may not mutilate the carcass in a manner that obscures its species identity, age or sex. When the kill occurs in a remote area that prevents the animal from being transported as an entire carcass, the animal may be skinned and quartered before being reported by telephone or Internet or before being transported to a cooperator agent to be registered. When a hunter harvests a big game animal in a remote area and plans to remain in the remote area for longer than a day, the 24-hour time limit to register the kill is extended until the hunter leaves the area. Upon leaving the remote area, the hunter shall proceed directly to register the kill as described above.

Recording the Authorization Number When a successful hunter presents a big game kill at a wildlife cooperator agent for registration, the cooperator agent shall issue an authorization number (which includes the date of kill) to the successful big game hunter. The hunter shall record the authorization number given by the cooperator agent, obtained by telephone, or by the Internet in the space provided, immediately adjacent to the validation mark that has been cut or punched out on the "Big Game Harvest Report Card." The record entered on the "Big Game Harvest Report Card" shall thereafter constitute authorization for continued possession of the carcass. It shall be unlawful for a person to possess a "Big Game Harvest Report Card" on which the species validation mark has been cut or punched out, but on

which the authorization number has not been recorded, unless the animal is in the person's possession.

Registering an Unattended Kill Persons killing a big game animal and leaving it unattended must identify the carcass with their name, hunting license number and date of kill. Once an unattended animal is registered, it need only be identified with the authorization number.

Reporting for License-Exempt Hunters Persons who are by law exempt from the Big Game Hunting License requirement shall obtain a "Big Game Harvest Report Card for License-Exempt Hunters" from a wildlife service agent at no cost. Ask for item 804 from any wildlife service agent. Upon harvesting a bear, deer, wild boar or wild turkey, the exempt person shall validate the "Big Game Harvest Record Card" and report the big game kill to a wildlife cooperater agent by telephone or by the Internet.

Reporting for DMAP Hunters Persons killing antlerless deer under the Deer Management Assistance Program (DMAP) shall follow the tagging and reporting requirements described in the instructions they have received as a participant in the DMAP.

Reporting by Telephone To report by telephone, call (800) I GOT ONE (800) 446-8663. Persons not having a touch-tone telephone or having trouble using the telephone reporting system must report their kills through a wildlife cooperater agent or by the Internet.

This service is available 24 hours per day, seven days per week. Hunters should report their kill only once. If you report by telephone, you should not also register the kill with a cooperater agent or by the Internet. A touch-tone telephone is required. Have a pencil or pen, the "Big Game Harvest Report Card," and hunting license number from your "Big Game Harvest Report Card" handy when you call.

Daily limit 3; Possession 6; Season 30

FOX

Nov. 22 – Jan. 1

Daily limit 2; Season 10

This season applies as follows:

- In those counties and parts of counties east of I-77 where local laws do not prohibit the taking of foxes or that do not have established fox seasons (see page 63 for local laws).
- In Caldwell and Mitchell counties, foxes may be taken by firearms or bow and arrow only. Foxes taken during this hunting season shall not be bought or sold.

Jan. 3 – 24

Daily limit 2; Season 10

Foxes may be taken in the counties, listed below by legal weapons and may be sold after being properly tagged (refer to page 8 for more information on fox tags):

Caswell	Macon
Clay	Stokes
Graham	Tyrrell

Hunters must possess fox tags prior to harvesting foxes during this season. There is no open weapons hunting season in any other county except where provided by local laws (see page 63).

Year Round

Must be taken with dogs only; no limits.

EXTENDED SEASON FOR TAKE BY FALCONRY

Oct. 13 – Feb. 28 (Applies only to red and gray squirrels and rabbits)

Outside of Regular Season Dates:

Squirrels: Daily limit 4; Possession limit 8

Rabbits: Daily limit 3; Possession limit 6

Regular species bag limits apply during regular seasons.

BEAVER

There is an open season for taking beaver with firearms or **bow and arrow** during any open season for the taking of wild animals, provided that permission has been obtained from the owner or lessee of the land on which the beaver is being taken.

CONTROLLED HUNTING PRESERVES

Oct. 1 – Mar. 31

No limits.

This applies to domestically raised birds (mallard ducks and upland game birds) only.

No wild turkey may be taken.

MIGRATORY BIRDS

Migratory Birds Protected Federal laws protecting migratory birds (songbirds, woodpeckers, raptors or waterfowl) take precedence over state laws. Before any migratory birds may be taken or killed during the closed season, a federal permit must be obtained from the U.S. Fish and Wildlife Service. Substantial penalties for violations apply. Call the U.S. Fish and Wildlife Service, Division of Migratory Bird Permits Section in Atlanta, Ga. at (404) 679-7070 for information. Federal seasons and bag limits on migratory game birds are adopted as state regulations.

Colonial Water Bird Nesting Areas Coastal islands and beach areas posted as “Colonial Water Bird Nesting” areas are being managed for our nesting populations of pelicans, terns, gulls, herons and egrets. Special regulations apply. Access is prohibited on these areas from April 1–Aug. 31, except by special permit. Dogs are not allowed on these areas during this time period. Access on these areas from Sept. 1–March 30 will be allowed as authorized by the landowner.

MIGRATORY GAME BIRDS – HUNTING STAMPS AND PRIVILEGES

Harvest Information Program (HIP) All licensed hunters hunting migratory game birds (dove, rails, woodcock, snipe or waterfowl) in North Carolina are required to have certification of participation in the federal Harvest Information Program (HIP). Certification can be obtained free of charge at any North Carolina wildlife service agent or through the mail if you are a lifetime license-holder and complete the HIP survey card mailed to you in early summer.

Migratory Bird Hunting And Conservation Stamp (Federal) The law requires that each waterfowl hunter 16 years of age and older, must carry on his person a valid “Migratory Bird Hunting and Conservation Stamp,” or federal duck stamp, signed in ink across the face. (Hunters under age 16 may voluntarily purchase a duck stamp and help preserve wetlands for waterfowl.)

North Carolina Waterfowl Privilege Each waterfowl hunter 16 years of age and older must carry on his person a license having the North Carolina Waterfowl Privilege. The North Carolina Waterfowl Privilege is required in addition to the federal duck stamp. Refer to the “License Types” section on page 3 of this digest for information on which licenses include this privilege license.

North Carolina Duck Stamp Hunters are no longer required to carry the North Carolina duck stamp while hunting for waterfowl; however, the current year’s duck stamp will be available for collecting purposes; call (888) 248-6834 for more information.

MIGRATORY GAME BIRDS – SEASONS

Nongame Migratory CROW SEASONS

Season	Bag Limits
Wednesday, Friday, Saturday of each week from June 1 through the last day of February plus Labor Day, Thanksgiving Day and Christmas Day. (Crows are listed as nongame migratory birds.) Seasons shown are valid through June 30, 2009.	No restriction

Waterfowl and Webless Migratory Dates, bag limits and shooting hours for doves, other webless migratory game birds and resident Canada geese will be available by Aug. 1. Dates, bag limits and shooting hours for waterfowl will be available by Sept. 1. To obtain information on these dates, bag limits and shooting hours, call the following toll-free number: (800) 675-0263, or see our Web page at <http://www.ncwildlife.org>. Wildlife service agents will receive posters containing this information, and the information also will be distributed through local news media.

Youth Waterfowl Day Waterfowl hunting outside of the regular season is allowed on the day officially designated as “Youth Waterfowl Day.” Youths must be 15 years of age or younger and accompanied by a properly licensed adult at least 21 years of age. Legal species include ducks, geese, tundra swans, mergansers, moorhens, gallinules and coots. The accompanying adult may not hunt. Call (800) 675-0263 after Sept. 1 for the date. Canada goose bag limits on youth waterfowl day vary by the applicable hunt zone. In addition, youths must possess a valid permit to harvest Canada geese in the Northeast Hunt Zone and a valid permit to harvest tundra swans.

WATERFOWL

TUNDRA SWAN

A limited number of permits will be issued to hunt tundra swans.

Permits will be issued by a random drawing authorizing each permit-holder to harvest one tundra swan. The following regulations apply:

- The permit and tag are not transferable and are valid only for the person whose name appears on the permit. It is unlawful to possess a swan permit or tag while hunting that was assigned to another person, or to alter the permit or tag in any way other than cutting out the proper month and day of kill.
- The permit must be canceled by cutting out both the month and day of the kill immediately at the time and place of the kill.
- The permit must be affixed to the harvested swan in accordance with instructions provided with the permit.
- The permit must be carried on one’s person while hunting or, if in possession of a swan, the permit must be affixed to the swan.

Every hunter receiving a swan permit will also receive a questionnaire. If the hunter does not return that completed questionnaire to the Wildlife Resources Commission by April 1, that hunter will be ineligible for a tundra swan permit the following season. See the Wildlife Commission’s *Permit Hunting Opportunities* publication for instructions on obtaining a swan permit.

SPECIAL SEA DUCK AREA

The taking of sea ducks (scoter, eider and oldsquaw), except during the regular duck season, shall be limited to the waters of the Atlantic Ocean, and to those coastal waters south of U.S. 64 that are separated by a distance of at least 800 yards of open water from any shore, island or marsh. Special sea duck bag limits and seasons apply in these areas. During the regular season, this bag limit may be in addition to the limits applying to other ducks. In all other areas, sea ducks may be taken only during the regular open season for ducks, and they must be included in the regular duck season daily bag and possession limits.

SEPTEMBER TEAL ZONE

That area located east of U.S. 17 is designated as the “September Teal Zone.” Teal seasons occurring prior to Oct. 1 apply to this area only.

CANADA GOOSE HUNT ZONES

The state is divided into Canada goose hunt zones. See the map on page 50 for zone descriptions. For the hunt dates that apply in each zone, please call (800) 675-0263. A special permit is needed to harvest Canada geese in the Northeast Hunt Zone. See the *Permit Hunting Opportunities* publication to apply. Every hunter receiving a Northeast Hunt Zone goose permit will also receive a questionnaire. If the hunter does not return that completed questionnaire to the Wildlife Resources Commission by April 1, that hunter will be ineligible for a Northeast Hunt Zone goose permit the following season.

As with other migratory game birds, it is unlawful to hunt or possess Canada geese without having HIP certification as well as other applicable state and federal licenses and stamps in your possession.

GADDY GOOSE REFUGE

It is unlawful to harass or take any Canada goose during established goose hunting seasons that occur after Oct. 1 each year in the Gaddy Goose Refuge in Anson County. The Gaddy Goose Refuge is that area in Anson County starting at the N.C. 109 bridge over the Pee Dee River and following N.C. 109 south to SR 1650; west on S.R. 1650 to S.R. 1649; west on S.R. 1649 to U.S. 52; south on U.S. 52 to S.R. 1652; west on S.R. 1652 to S.R. 1641; west on S.R. 1641 to N.C. 742; northwest on N.C. 742 to Lanes Creek; north along Lanes Creek to the Rocky River; downstream on the Rocky River to the Pee Dee River; and downstream along the Pee Dee River to the beginning of the N.C. 109 bridge.

Nontoxic Shot Requirements In North Carolina, no person shall take waterfowl while possessing shells loaded with any shot other than steel or other approved nontoxic materials. On posted waterfowl impoundments on game lands, it is unlawful to hunt with or have in possession any shotgun shell containing lead or toxic shot while hunting; except shotgun shells containing lead buckshot may be used while deer hunting. Nontoxic shot is required for the taking of captive-reared mallards on shooting preserves, in field trials and during bona fide dog training activities.

SUMMARY OF FEDERAL REGULATIONS

In addition to state regulations, the following federal rules apply to the taking, possession, shipping, transporting and storing of migratory game birds:

Restrictions No person shall take migratory game birds:

- With a trap, snare, net, rifle, pistol, swivel gun, shotgun larger than a 10-gauge, punt gun, battery gun, machine gun, fishhook, poison, drug, explosive or stupefying substance.
- With a shotgun capable of holding more than three shells, unless it is plugged with a one-piece fill which is incapable of removal without disassembling the gun.
- From a sink box (a low floating device, having a depression affording the hunter means of concealment beneath the surface of the water).
- From or with the aid or use of a car or other motor-driven land conveyance, or any aircraft, except that paraplegics and single or double amputees of the legs may take from any stationary motor vehicle or stationary motor-driven land conveyance. "Paraplegic" means an individual afflicted with paralysis of the lower half of the body with involvement of both legs usually due to disease of or injury to the spinal cord.
- From or by means of any motorboat or sailboat unless the motor has been completely shut off and/or the sail furled, and its progress therefrom has ceased.
- By the use or aid of live decoys. All live, tame or captive ducks and geese shall be removed for a period of 10 consecutive days prior to hunting and confined within an enclosure that substantially reduces the audibility of their calls and totally conceals such tame birds from the sight of migratory waterfowl.
- Using records or tapes of migratory bird calls or sounds or electronically amplified imitations of bird calls.
- By driving, rallying or chasing birds with any motorized conveyance or any sailboat to put them in range of the hunters.
- By the aid of baiting (placing feed such as corn, wheat, salt or other feed to constitute a lure or enticement), or on or over any baited areas. Hunters should be aware that a baited area is considered to be baited for 10 days after the removal of the bait.

Baiting Although state law prohibits take of migratory game birds within 300 yards of a baited area, federal law prohibits take on or over any baited area which could serve as a lure or attraction. This "zone of influence" may extend a much greater

distance. Substantial penalties for violations apply. Contact the U.S. Fish and Wildlife Service, Resident in Charge in Raleigh, N.C. at (919) 856-4786.

Closed Season No person shall take migratory game birds during the closed season.

Shooting or Hawking (Falconry) Hours No person shall take migratory game birds, except during the hours open to shooting and hawking as prescribed.

Daily Bag Limit (Falconry) No person shall take, in any one day, more than one daily bag limit.

Field Possession Limit No person shall possess more than one daily bag limit while in the field or while returning from the field to one's vehicle, hunting camp, home or elsewhere.

Wanton Waste All migratory game birds shall be retrieved, if possible, and retained in the custody of the hunter in the field.

Tagging No person shall give, put or leave any migratory game birds at any place or in the custody of another person, unless the birds are tagged by the hunter with the following information:

- the hunter's signature,
- the hunter's address,
- the total number of birds involved, by species, and
- the dates such birds were killed.

Tagging is required if the birds are being transported by another person for the hunter, or if the birds have been left for cleaning, storage (including temporary storage), shipment or taxidermy services.

Possession of Live Birds Wounded birds reduced to possession shall be immediately killed and included in the daily bag limit.

Dressing No person shall completely field-dress any migratory game bird (except doves and band-tailed pigeons) and then transport the birds from the field. The head or one fully feathered wing must remain attached to all such birds while being transported from the field to one's home or to a migratory bird preservation facility.

Shipment

No person shall ship migratory game birds unless the package is marked on the outside with:

- the name and address of the person sending the birds,
- the name and address of the person to whom the birds are being sent, and
- the number of birds, by species, contained in the package.

Importation For information regarding the importation of migratory birds killed in another country, hunters should consult the Code of Federal Regulations, Title 50, parts 20.61 through 20.66. One fully feathered wing must remain attached to all migratory game birds being transported between the port of entry and one's home or to a migratory bird preservation facility. No person shall import migratory game birds killed in any foreign country except Canada, unless such birds are dressed (except as required in part 20.63), drawn, and the head and feet are removed. No person shall import migratory game birds belonging to another person.

Nontoxic Shot Regulations No person shall take ducks, geese, brant, swans and coots while possessing shot other than steel or other approved shot.

Dual Violation A violation of state migratory game bird regulations is also a violation of federal regulations.

Reference Federal regulations related to migratory game birds are located in Title 50, Code of Federal Regulations, part 20.

Caution More restrictive regulations may apply to national wildlife refuges open to public hunting. For additional information on federal regulations, contact the specific National Wildlife Refuge you will be hunting on.

Game Lands Some 2,000,000 acres of public and private lands in North Carolina are managed by the Wildlife Resources Commission for public hunting, trapping and inland fishing. They are designated collectively as “game lands.” Hunting on the Roanoke River National Wildlife Refuge is managed by the U.S. Fish and Wildlife Service and the Wildlife Resources Commission through a joint venture. Additional regulations apply to the Roanoke River National Wildlife Refuge. A supplement showing the locations of game lands may be obtained from a wildlife service agent or by writing to the following address: Game Lands Maps, N.C. Wildlife Resources Commission, 1722 Mail Service Center, Raleigh, NC 27699-1722. **A map book with detailed maps for the game lands may be purchased through the Commission’s Wild Store.** Maps are also available online free of charge at www.ncwildlife.org.

GAME LANDS LICENSE The game lands license is required, in addition to the appropriate hunting or trapping license, to hunt, trap, train dogs or participate in field trials on any game land. (The game lands license is included with some lifetime or sportsman’s licenses.) A special permit may be required for some species on these areas. On field trials scheduled on game lands by the Wildlife Resources Commission, nonresidents in possession of hunting licenses from their own states and persons serving as judges, handlers, scouts or owners may participate without the license. Persons who are observing only at field trials do not need to have any license.

GAME LANDS RESTRICTIONS

Waterfowl Hunting

- On posted waterfowl impoundments, it is unlawful on the legal hunting days for hunters to be within the posted impoundment area before 4 a.m., and hunting is prohibited after 1 p.m.; decoys may not be set out prior to 4 a.m. and must be removed by 3 p.m. each day.
- Waterfowl blinds may be constructed on most game lands; however, they become public property and can be used by anyone on a first-come, first-served basis.
- Blinds on areas not owned by the state must be removed after the hunting season; and on some game lands, the property owners may prohibit construction of permanent hunting blinds by posting a sign at the entrances stating such restrictions.
- It is unlawful to hunt in or within 100 yards of a designated “Disabled Sportsman’s Waterfowl Blind” during the waterfowl season except by a disabled access permit-holder and his or her permitted companion or holders of applicable disabled waterfowl hunt permits.
- It is unlawful to hunt with or have in possession any shotgun shell containing lead or toxic shot while hunting on any posted waterfowl impoundment on any game land, except shotgun shells containing lead buckshot may be used while deer hunting.
- It is unlawful to operate internal combustion engine powered vessels or vehicles on posted waterfowl impoundments.
- **If a waterfowl impoundment has a posted scouting-only zone, all activities except hunting and trapping are restricted to that zone from Nov. 1 to March 15.**

Vehicle Usage

- Driving a motorized vehicle is allowed only on those roads constructed, maintained and open for vehicular travel and those trails posted for vehicular use. This does not apply to participants

in scheduled bird dog field trials held on the Sandhills Game Land or to persons holding special vehicular access identification cards issued to qualified disabled hunters. (See **Disabled Access Permit Requirements**).

- It is unlawful to block traffic or gates or otherwise prevent vehicles from using any roadway.
- Operation of any motorized land vehicle, including ATVs, not licensed for highway use is prohibited, except by those persons holding a Disabled Access Permit on areas under the Disabled Access Program or holders of applicable disabled waterfowl hunt permits. This does not apply to those areas specifically designated in national forests for unlicensed vehicle use.

Weapons

- It is unlawful to discharge any weapon:
 - from a vehicle,
 - within 150 yards of any residence located on or adjacent to game lands,
 - within 150 yards of any game lands building or game lands camping area (unless otherwise posted).
 The 150-yard provision of this rule does not apply to the use of archery equipment on Butner-Falls of Neuse and Jordan game lands.
- It is unlawful to possess a rifle or pistol larger than .22 rimfire or a shotgun shell with larger than no. 4 shot during closed gun seasons on big game—except any size steel or other nontoxic shot may be used while waterfowl or coyote hunting.
- During spring turkey season, it is unlawful to possess a rifle on game lands, but bow-and-arrow may be used.
- During closed seasons and closed hunting days on game birds (waterfowl, doves, woodcock, snipe, rails, gallinules, moorhens, coots, grouse, pheasant, quail, turkey) and game animals (deer, bear, fox, rabbits, squirrels, boar, bobcats, opossum, raccoon), it is unlawful to possess any firearm or bow and arrow readily available for use. During that time in which fox season is the only open season for a game animal, it is also unlawful to possess these weapons. The following exceptions, however, should be noted:
 - Possession is allowed on field-trial and designated target shooting areas and in camping areas for defense of person or property.
 - 22-caliber pistols with barrels, not greater than 7.5 inches in length and shooting only short, long or long rifle ammunition, may be carried as side arms on game lands at any time, except by hunters during the special bow-and-arrow and muzzle-loading firearms deer hunting season.
 - Individuals training dogs during closed season without field-trial authorization are prohibited from carrying any weapon.
 - A bow and fishing arrows may be possessed when used as a licensed special fishing device in those waters, where such use is authorized.

Training or Hunting with Dogs

- Except for authorized field trials, dogs may not be trained or allowed to run unleashed from April 1 through Aug. 15 on any game land located west of I-95.
- Dogs also may not be trained or allowed to run unleashed during daylight hours on dates when special hunts are scheduled for the Disabled Sportsman Program hunts on these game lands. Additional restrictions apply to some bear sanctuaries and game lands.
- It is unlawful to train dogs or allow dogs to run unleashed on bear sanctuaries in and west of Madison, Buncombe, Henderson and Polk counties from March 1 to the Monday on or nearest Oct. 15.

Bear Sanctuaries

- It is unlawful to take wild boar on bear sanctuaries, except during the regular deer gun season, with muzzleloaders during the muzzleloading deer season, and with bow and arrow during the deer bow-and-arrow season.
- On bear sanctuaries, bear may not be taken and dogs may not be used to take wild boar.

Posted Zones on Game Lands

- Safety Zone – unlawful to hunt or discharge a weapon. Falconry is allowed.
- Restricted Zone – no entry without a permit.
- **Temporary Restricted Zone – no entry without a permit.**
- Archery Zone – bow-and-arrow hunting and falconry only. On such areas, deer of either sex may be taken on all open days of any applicable open deer season.
- Restricted Firearms Zones — unlawful to hunt with a center-fire rifle.
- Scouting-only Zone — unlawful to discharge firearms or bow and arrow.

Other Restrictions

- Use of game lands for purposes other than hunting, trapping and fishing is subject to the control of the landowners.
- It is unlawful to release pen-raised or wild birds or animals on game lands without written authorization from the Wildlife Resources Commission.
- It is unlawful to hunt while under the influence of alcohol or any narcotic drug.
- It is unlawful to litter or dispose of refuse, except in receptacles provided for the purpose.
- Live wild birds or animals may not be removed.
- It is unlawful to obscure the sex or age of any bird or animal by mutilation of the carcass.
- Placing bait on game lands is prohibited without written authorization.
- Game birds or game animals may not be taken with the aid of bait.
- It is unlawful to erect or to occupy for the purpose of hunting, any tree stand or platform attached by nails, screws, bolts or wire to a tree on any game land designated herein. This prohibition shall not apply to lag-screw steps or portable stands that are removed after use with no metal left remaining in or attached to the tree.
- It is unlawful to camp on game lands, except on an area designated by the landowner for camping, or to camp on those U.S. Forest Service lands that have been closed by posted order of the U.S. Forest Service. See the individual game lands listings beginning on page 57 for further restrictions.
- Hunting on Cowan’s Ford Waterfowl Refuge is by permit only.
- Raccoon and opossum hunting may continue until 7 a.m. on Tuesdays, until 7 a.m. on Thursdays and until midnight on Saturdays on three-day-per-week game lands.
- U.S. Forest Service, U.S. Fish and Wildlife Service and U.S. Corps of Engineers regulations prohibit permanent structures (including permanent duck blinds and permanent deer stands) on all lands under their management.
- Hunting Creek Swamp in Davie County and John’s River Waterfowl Refuge in Burke County are closed to hunting.
- With the exception of Cherokee, Clay, Graham, Jackson, Macon, and Swain counties, properly licensed hunters may take feral hogs on game lands during the open season for any game animal using any legal manner of take allowed during those open game seasons. Dogs may be used for hunting feral hogs only on those

- game lands where the use of dogs is allowed for hunting deer or bear and only during the applicable deer or bear season.
- Public nudity on any game land is prohibited.

Trapping on Game Lands Trapping fur-bearing animals is permitted on game lands during the open seasons and in accordance with the trapping regulations, except on posted “Safety,” **“Temporary Restricted”** and “Restricted” zones and the regulated areas listed below that are closed to trapping:

- John’s River Waterfowl Refuge
- Hunting Creek Swamp Waterfowl Refuge
- J. Robert Gordon Sandhills Field Trial Area
- Harmon Den Bear Sanctuary
- Sherwood Bear Sanctuary
- Cowan’s Ford Waterfowl Refuge

Bait may not be used on the national forest lands bounded by the Blue Ridge Parkway on the south, U.S. 276 on the north and east, and N.C. 215 on the west.

Trespassing on Game Lands Entry on game lands for purposes other than hunting, trapping and fishing is subject to the control of the landowners. Written permission of the owner is required to remove any plant or other materials.

Youth Waterfowl Day **No special permit will be required on game lands for youth to hunt on the day officially designated as “Youth Waterfowl Day” unless specified for an individual game land.** Youths must be 15 years of age or younger and accompanied by a properly licensed adult at least 21 years of age. Legal species include ducks, geese, mergansers, moorhens, gallinules and coots. The accompanying adult may not hunt. Call (800) 675-0263 after Sept. 1 for the date.

Waterfowl Management Areas On those areas established by the Wildlife Resources Commission for either waterfowl restoration or waterfowl resting and feeding, and posted as waterfowl management areas, it is unlawful to hunt or harass waterfowl.

Field-Trial Facilities Field trials may be scheduled on the J. Robert Gordon Sandhills “Field Trial Area” and the Laurinburg “Fox-Trial Facility” on application in advance, accompanied by the appropriate facility use fee. No person or group shall use these facilities without having obtained specific written approval from an authorized agent of the Wildlife Resources Commission.

Shooting Ranges Shooting ranges on state-owned game lands are open from sunrise to sunset, Monday through Saturday, for the purpose of firearm marksmanship and development of shooting skills. All shooting-range users shall abide by the game lands restrictions and handle firearms and archery equipment in a safe manner. They also shall obey all regulations posted at the range. Additional restrictions:

- No use of glass targets.
- Firearms must be unloaded and cased in transport to and from the shooting range.
- No intentional shooting into a target holder or other permanent structure.
- No shooting at targets off the range.

Currently the Commission has one shooting range, the Wayne E. Smith Shooting Range, located at the Cold Mountain Game Land.

DISABLED ACCESS PROGRAM

Refer to the "Disabled Sportsman Information" section on page 11 for qualification or application information.

Disabled Access Permit This permit allows persons with limited physical mobility to operate vehicles on OPEN-GATED or UNGATED roads otherwise closed to vehicular traffic on certain game lands and to have access to special hunting blinds for people with disabilities. Participants will be issued permanent identification cards, companion cards and vehicular-access permits valid for as long as the disability remains. A vehicular-access permit must be obtained and displayed in the passenger area of the vehicle. One able-bodied companion may accompany the disabled person provided they possess the companion card issued to each disabled hunter. The companion must remain in visual or verbal contact with the disabled hunter at all times. There is no charge for this permit.

Areas Involved Vehicular access under this permit is provided on the following game lands: *(Additional access may be provided on some U.S. Forest Service-owned game lands. These areas are not listed below, but details may be obtained by contacting the local ranger station for the district in which you wish to hunt.)*

- Bertie
- Bladen Lakes
- Butner-Falls of Neuse (waterfowl blind for disabled hunters only)
- Caswell
- Goose Creek (waterfowl blind for disabled hunters only)
- Holly Shelter

Local Laws Some local county-by-county legislation also pertains to hunting, inland fishing and trapping activities in North Carolina. The following is a county-by-county listing of acts that might not violate the general laws and regulations, but that are prohibited by local legislation passed by the General Assembly. These laws do not reflect actions taken by the 2007 session of the General Assembly.

Note: Local law in Camden, Chowan and Pasquotank counties allows hunting black bear on the Friday and Saturday preceding the start of the season stated on page 38.

LOCAL FOX LAWS

Counties listed in this section have local laws enacted by the North Carolina General Assembly that allow the harvest of foxes under special provisions. For information regarding these laws, contact the county attorney in each county.

HUNTERS AND ANGLERS

Thank you for helping conserve our valuable wildlife resources.

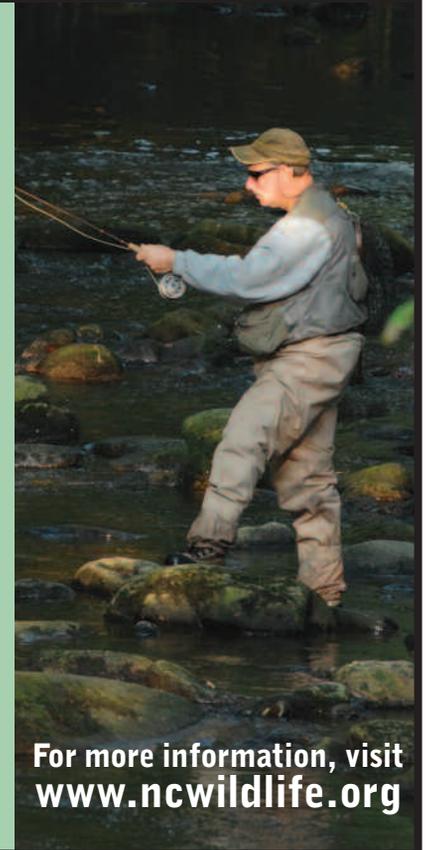

- NCWRC's Sportfish and Wildlife Restoration programs are administered by the U.S. Fish and Wildlife Service and funded by excise taxes collected when sportsmen purchase firearms, archery equipment, ammunition, fishing tackle, boats, and outboard motors.
- These user-pay, user benefit programs were established more than 60 years ago by outdoor sportsmen and product manufacturers to provide a stable funding source for wildlife conservation.
- North Carolina receives around \$7 million each year for fish and wildlife restoration projects.

North Carolina Wildlife Restoration projects include:

- Restoring white-tailed deer, wild turkey, and river otter.
- Managing wildlife populations statewide and habitat on 2 million acres of state game lands.
- Developing the Statewide Comprehensive Wildlife Conservation Plan.
- Training more than 18,000 students annually in hunter education.

North Carolina Sportfish Restoration projects include:

- Managing fish populations in the state's lakes, rivers, and streams and protecting these aquatic habitats.
- Managing more than 1,100 miles of trout streams with public access.
- Offering free public fishing opportunities at more than 100 Public Fishing Areas and Community Fishing Program sites.
- Providing access to public waters at more than 200 Boating Access Areas.

During the regular gun deer season in that portion of Poplar Branch Township on the Outer Banks, there is an open season for hunting or taking deer of either sex using only shotguns, bow and arrow, and muzzleloading firearms. The Eastern deer season dates and all restrictions that apply to the Bow and Arrow and Muzzleloading seasons in Currituck County also apply to the Poplar Branch Township. The U.S. Fish and Wildlife Service Swan Island and Monkey Island refuge areas are also included here; however, the refuges are currently closed by federal rule; contact Mackay Island NWR regarding special refuge regulations.**
- Hunt waterfowl within 500 yards of another's licensed blind. NOTE: A Currituck Game Commission License is not required for temporary waterfowl blinds on game lands. However, unlicensed temporary blinds on game lands in this county shall not be hunted if a licensed float blind is established within 500 yards of the unlicensed blind before game land hunters have occupied the blind. Likewise, licensed float-blind hunters shall not establish a float-blind position within 500 yards of an unlicensed game land blind if game land hunters have occupied the blind first. Unlicensed float blinds on game lands must be used within five yards of the game lands shoreline and shall not be established within 500 yards of a licensed point, bush or float blind. Licensed float-blind hunters shall not establish a float-blind position within 500 yards of an established game land float-blind position if the game land hunters have established the game land float-blind position first.

North Carolina Big Game Harvest for 2007-2008

As reported by hunters to wildlife cooperator agents, by telephone and by the Internet.

- Why should a hunter go out of his way to report the turkey gobbler he just shot?
- How many deer were harvested during the season here in North Carolina?
- Was the total deer harvest for this period greater or less than this figure for last season?
- How is this information used?

These are questions that often surface during discussions of North Carolina's big game reporting system. The big game reporting system is a procedure which requires that all wild turkey, boar, bear and deer harvested by hunters here in the state be reported to any one of approximately 2,000 wildlife cooperator agents, by telephone to the Wildlife Resources Commission via a toll-free number or by the Internet. This procedure became mandatory in the fall of 1976.

Successful game management is based on many factors and data, including big game harvest figures. The more that game managers know about population trends and numbers, the easier it is for them to make decisions that affect seasons and other regulatory matters. Sound big game management must be the result of combined efforts of hunters and the staff of the Wildlife Resources Commission.

While the figures in this report represent the reported harvest and may vary from the actual harvest, they are the best such figures available at this time. Please do your share to see that future reports of this nature are as complete as possible by reporting your big game harvests and by encouraging your fellow sportsmen to do the same.

If you have questions about the procedure or this report, please contact the Division of Wildlife Management, N.C. Wildlife Resources Commission, 1722 Mail Service Center, Raleigh, NC 27699-1722.

Free Hunter Education

Hunter Education courses are offered free by the N.C. Wildlife Resources Commission throughout the state. More than a firearms safety course, you learn about hunter ethics and responsibility, conservation and game management, wildlife identification, specialty hunting, and survival and first aid.

North Carolina law requires all first time buyers of hunting licenses to have successfully completed a hunter education course.

For course schedules and additional information, go online to www.ncwildlife.org or call (919) 707-0031.

To determine sunrise and sunset times for the following N.C. locations, add or subtract minutes as indicated below from the Sunrise and Sunset Table on page 76:
