Showing + Advertising = Sales

Turlington always uses *The Progressive Farmer* to sell his purebred Durocs. After showing at the State Fair last year he ran a quarter page with the following results:

Duke, N. C., R. 5, December 5, 1923.

The Progressive Farmer,

Raleigh, N. C.

Gentlemen:

The space I had in your paper was perfectly satisfactory. I have sold all the bred gilts and all the boars except one, and he is not for sale now. Have sold seven gilts and two pigs to one party. I am in the hog business on a small scale, but I'm there to stay, and I shall always use *The Progressive Farmer* when I have much to sell. I thank you for the interest you took in my ad.

I am,

Yours truly,

(Signed) H. A. TURLINGTON.

It will pay you to do likewise.

We offer a special reduced livestock rate on hogs, cattle, poultry, etc. This rate is less than one-half our commercial rate.

Write today for our livestock rate or come to see us when you are at the State Fair.

RULES GOVERNING ENTRIES, EXHIBITS AND AWARDS

General

1. The Executive Committee of the North Carolina Agricultural Society reserves the right to rule on all questions not covered by these rules. Interpretations of all rules will be made by the above said Executive Committee.

2. In the event of conflict between the general rules and the special rules governing the various departments, the special rules will take precedence.

3. Forfeiture of any rule or misrepresentation by exhibitor or concessionaire forfeits all premiums, rights and privileges without recourse.

4. The management will use diligence to insure the safety of livestock and articles entered for exhibition or display after their arrival on the grounds, but under no circumstances will it be responsible for loss, injury, or damage by fire, lightning, wind or any other agency, to such livestock or article on exhibition or display. The Fair and management thereof shall be indemnified by the exhibitor against all legal or other proceedings relating thereto.

5. Exhibitors must place all exhibits under the direction of the superintendent in charge, and in no case can they be removed until the close of the Fair, except by written order of the manager. All animals in the horse and cattle classes will be expected to participate in the livestock parade on the race track at 1 o'clock Thursday. Every exhibitor in these classes will be required to have all his entries in this parade.

Neglect or refusal on the part of any exhibitor to promptly comply with the call of the superintendent will forfeit all or such portion of the prizes awarded him as the management of the Fair may see fit to withhold.

6. Promiscuous advertising is strictly prohibited. Exhibitors may advertise and distribute from their places of exhibit only. The distribution of advertising matter that conflicts in any manner with a concession sold by the management is prohibited.

Entries

1. Competition is open to the world, unless specially noted.

2. Entries will be received at the office of the manager any time after September the first.

Entries in the various departments close on the following dates:

Livestock and Poultry, Monday, September 29th.

Speed, Tuesday, October 7th.

All other departments, Saturday, October 4th.

In order to have the records ready for the judges, it is important that entries in all the departments be made at the time designated above. No entries will be received the few days preceding the Fair.

3. Entries in all departments must be made on printed forms provided by the manager for that purpose, and must be in full compliance with the printed instructions on same. These forms are mailed with copies of the Premium List. Exhibitors should study the list carefully, and when decision has been made in which classes to enter, they should fill out the entry blank with class number and name as they appear in the Premium Book.

If you are in doubt as to how to make your entries, write the manager, and instructions will be furnished.

Entries must be made at the office of the manager, in person or by mail.

Remember that articles must be entered before being sent in for exhibit. No entries will be taken at the time of the Fair, unless there has been some mistake in copying the original entry, in which case correction can be made only in the office of the manager.

If records are altered and do not conform with the entries on file, payment of premiums will be withheld.

The right is reserved to reject any entry offered.

4. All entries must be made in the name of the bona fide owner. In order that a permanent record be on file, it is essential that the name and record number or record number and ear-tag number be given of all animals entered. Entries will not be accepted unless this information is furnished at time of making entry. All animals in the horse and cattle classes over 6 months old, and in the swine and sheep classes over 3 months old, must be recorded and

appear in the name of the exhibitor on the records of their respective associations. In the case of young animals the date of birth and name and record number of sire and dam must be given.

5. Misrepresentation as to breeding and irregularity in showing will be exposed, and any premium won by such exhibitor will be withheld.

6. A firm, to be entitled to exhibit as such, must have been organized for a time not less than thirty days next preceding the closing of entries, and such firm must be organized as a bona fide firm for the purpose of producing or buying and selling the animals or articles they propose to exhibit in the name of such firm. A firm will be regarded as one exhibitor.

7. Incomplete entries will be returned for correction if there is time to do so. Exhibitors are urged to enter early and to use great care in filling out entry blanks, being particular to give all the information requested on the blanks, in clear terms, easily understood. This will save work and annoyance for both exhibitors and management.

8. All exhibits must be in place by 6 o'clock p. m. Monday, October 13th. Grounds will be open to receive exhibits one week before the Fair opens.

9. Collections and displays must be made up of specimens other than those entered in single classes.

10. All livestock on exhibition must be cared for by the exhibitor. All stalls and pens will be well bedded before the Fair, free of charge. Thereafter exhibitors will be required to furnish their own bedding. Feed and straw will be on sale on the grounds at reasonable prices.

11. All articles and livestock must be delivered to the grounds. No charge for transportation, express, freight or drayage will be paid by the Fair.

12. No free tickets will be furnished exhibitors or helpers.

Exhibitors entering for premiums amounting to \$10.00 or less, or exhibitors paying an entry fee, as in the Poultry Department, will not be required to pay an exhibitor's fee.

If the total of all premiums which can be won amounts to more than \$10.00, an exhibitor's fee of \$2.00 will be required, and it must accompany the entries. For this fee an exhibitor's admission ticket will be issued, good for the entire week, with the privilege of entering the grounds with an automobile, when the license number of the machine appears on the ticket.

13. Only one person will be admitted to the grounds on the ticket that entitles the exhibitor or firm to compete, a firm being regarded as one exhibitor, and in no case will such ticket be transferable. Exhibitors must purchase necessary helper's tickets from the manager, at \$1.00 each. No exhibitor's tickets will be mailed from the manager's office after Monday, October 6th.

14. Exhibitors will find their entry cards and exhibitor's tickets ready for them at the office of the manager on the Fair grounds on and after Thursday, October 9th, 1924, unless same has been ordered delivered by mail.

Fees

1. All applications for stalls and pens must be noted on entry blank at time of filing. Exhibitors must indicate on the blank the number of animals or birds they will exhibit. This request is important, that ample provision may be made to properly house the exhibit.

2. Reservations will not be made unless accompanied by the required fee. Assignments will be made by the superintendent in charge.

3. The following fees will govern, and remittance covering same should accompany entry:

Exhibitor's ticket	\$2.00

Learn the Truth About Fertilizer

Each crop has its individual food requirements. Every Royster fertilizer is a scientifically balanced food ration calculated to supply the needs of the crop for which it is intended.

Commercial fertilizer is not magic. It is no substitute for work, or for farming brains. It will not make a successful farmer out of a shiftless, ignorant failure. Fertilizer varies in quality like corn or tobacco or cotton, and some brands are worth more than others. Good fertilizers, like Royster's reliable old mixtures, are a godsend to good farmers who learn how to best use them to make money.

Nearly forty years experience enters into the making of the Royster mixtures, and hundreds of thousands of the country's best farmers pin their faith to this famous old brand.

We are proud of the Royster reputation for quality, and will preserve it in every way. **Write freely for advice about the use of fertilizer to Farm Service Department.**

All animals, to be eligible to the foregoing premiums, must be recorded in the American Aberdeen-Angus Herd Book.

Exhibitors must file with the Manager of the Fair, the names and herd book numbers of animals entered for these premiums. The Fair Manager, in reporting awards to the American Aberdeen-Angus Breeders' Association, must give the name and number of each animal, otherwise the premium will not be paid.

No premium is due and payable until a report has been received from the respective show or fair, showing that all rules of the said show or fair and the American Aberdeen-Angus Breeders' Association have been complied with; and then the amount due will be paid direct to the respective winners from the office of the American Aberdeen-Angus Breeders' Association, 817 Exchange Avenue, Chicago, Ill.

The Holstein-Friesian Association of America, F. L. Houghton, Secretary, Brattleboro, Vermont, offers to pay twenty-five per cent additional to above premiums in open classification under the following conditions:

No animal can compete for a prize that has not been recorded in the Holstein-Friesian Herd Book of America, and transferred on the records of the Association to the exhibitor.

Certificates of registry and transfer must be examined before the prizes are awarded, that the judge may know that the exhibitors have complied with the requirements.

An unregistered animal, even though eligible for registration, or a registered animal not properly transferred, cannot compete.

All animals over six months old must have been tested for tuberculosis within six months by a duly accredited Federal or State veterinarian. The certificate showing freedom from this disease must be exhibited. Grounds and barns must be disinfected in accordance with Federal or State requirements.

The percentage offered is based only on the general classification, and not on the champion or grand championship classes.

A special blank for reporting awards will be furnished by this Association, and unless a detailed report is received from the Manager of the Fair within sixty days after the close of the Fair, the prize money will not be paid.

Berkshire Futurities for 1924

Managed by the American Berkshire Association, E. M. Christen, Secretary, 510½ East Monroe Street, Springfield, Ill., in cooperation with the Berkshire breeders of the State who nominate their herds at \$10.00 per herd, and the State Fair, District Fair, or Local Fair Association and National Expositions, who duplicate the nomination money.

\$200.00 in cash prizes are offered on Spring of 1924 pigs as follows:

	1st	2nd	3rd	4th	5th	6th	7th	8th	9th	10th
209. Boars—										
	\$20.00	\$17.00	\$15.00	\$12.00	\$10.00	\$8.00	\$6.00	\$5.00	\$4.00	\$3.00

	20.00	17.00	15.00	12.00	10.00	8.00	6.00	5.00	4.00	3.00

I. Berkshire Futurities are all based on the State Fair Class. However, if some county or district fair wishes a futurity and they cannot have the State Futurity because of cost, they can hold a futurity using one-half the amounts of the State Futurity. The same rules shall govern both.

II. A Berkshire Futurity will be established at any fair, State, district, county or inter-state for which ten or more herds have been nominated and proper arrangements have been made with the Fair Secretary. Whenever ten nominations are not received for any fair, the nomination fee or fees will be returned to the nominators that have already been received in favor of that fair, or placed in favor of any other Futurity within the jurisdiction of the nomination as he may choose.

III. Nominations in the State Futurity can show only at the State Futurity in the State in which the nominator resides, and if there be no State Futurity in that State, then he is privileged to show at the State Futurity of any other State that he may choose, provided it is satisfactory to the American Berkshire Association. No nominator can show at more than one State Fair. This last statement does not include county, district or National shows.

IV. The American Berkshire Association reserves the right to transfer the privilege of showing of any nominator in the State Fair Futurity class to a State Fair in an adjoining State upon request of the nominator at the time the herd is nominated, if sufficient reason is given why the transfer should be made.

V. Any breeder of Berkshire hogs, regardless of where he lives, can nominate the herd for the 1924 Berkshire Futurities. The nomination must be accompanied by his nomination fee of \$10.00 and should be mailed to the Secretary of the State Berkshire Association, or to the State Vice-President of the American Berkshire Association, or to E. M. Christen, Secretary, American Berkshire Association, 510½ East Monroe Street, Springfield, Illinois, as soon as possible. It must be in Secretary Christen's hands on or before July 1, 1924.

VI. For each nomination over 10 and less than 15, for any one given Futurity, two places will be added to each class with a premium of \$2.50.

VII. If 15 nominations are received for one given Futurity, the 2 pig classes will remain the same as for 10 nominations, and a third class of 4 pigs, either sex, the get of one sire, farrowed on or after March 1, 1924, will be added. The premiums in the get of sire class will be the same as those in the Futurity pig classes. This will make a total of \$300.00 in such a show.

VIII. For each nomination over and including 16, for any one given Futurity, two places will be added to each pig Futurity class with a premium of \$2.50 each.

IX. Any nominator can show not more than two entries in either of the Futurity pig classes, and each nominator can show only one entry in the Futurity get of sire class.

X. Only pigs farrowed on or after March 1, 1924 are eligible in these Futurities.

XI. A pig can be shown as an individual and as one of a get of sire.

XII. Animals shown in the Futurity classes shall have the privilege of competing for all other prizes offered by the Fair Association or other specials for which they can make regular entries. Entries for other prizes should be made in the regular form prescribed by the premium list.

XIII. The show of each class of the Futurity should be held immediately following the corresponding regular fair classes. The judge of the regular classes of Berkshires at the Fair where the Futurity is being held shall be the judge of the Futurity classes, unless otherwise provided by the American Berkshire Association.

XIV. Any pig or pigs farrowed the property of a nominator, and sold to a non-nominator can be shown by the nominator.

XV. Any nominator can purchase pigs for the Futurity from a nominated herd, but not a non-nominated herd.

XVI. The name and number of each and every pig to be shown in a Futurity must be in the hands of E. M. Christen, Secretary, American Berkshire Association, 510½ East Monroe Street, Springfield, Illinois on or before two weeks previous to the opening date of the Fair where the Futurity is to be held.

XVII. The right is reserved by the American Berkshire Association to alter, amend or interpret these rules.

Rules Governing Promotion Clubs

1. Nomination fees are \$5.00 for each and every one of the clubs, and this fee entitles you to show in any of the classes, singles or groups, outlined in the prize list.
2. All entries close June 15, 1924.
3. Pigs must be registered in the American Association Record fifteen (15) days before the date of the show, and the names and numbers of each pig shown must be turned in to the Secretary of the show on the day the pigs are shown.
4. Where more than the required nominations are secured for any of the clubs an additional prize of \$5.00 for groups for each such nomination will be added to the printed prizes, so that every man who pays a nomination fee and shows four pigs will at least win \$5.00.
5. Spring pigs must be farrowed March 1, 1924, or after, and fall pigs farrowed September 1, 1923, or after.
6. The four pigs shown in the groups may be all males or all females or part of each sex; they may be from one litter or they may be from different litters; the main object being to get out to the show the four best pigs in your herd.
7. The Promotion Committee of the American Association reserves the right to withdraw this offer to cooperate with the breeders and reject further clubs when the appropriation made by the Directors for this purpose is exhausted. First come, first accepted. We will accept the guarantee of two or more reliable breeders in a community that required nominations will be forthcoming for a club in your locality, and the club will be booked on the strength of their guarantee.

2. No carload or professional string-man exhibit will be allowed to compete for premiums, except those residents in the States named who are owners and breeders of the birds they exhibit, and maintain a breeding establishment sufficient to raise the birds so exhibited.

NOTE: This rule will not be construed to debar any legitimate number of exhibitors from combining and chartering a car to transport their exhibits if by so doing they can save freight and other expenses, but it will be enforced against those it is intended to debar.

3. All entries must be made with the manager not later than Monday, 6:00 p. m., September 29th, and birds must reach Raleigh not later than 3:00 p. m. Monday, October 13th. Judging will begin promptly at 10:00 a. m. on Tuesday. All birds not in place at that time will be debarred from competition.

When it is necessary that birds be shipped on Saturday in order to insure their arrival in time for judging, they will be penned and fed on Sunday at the Fair grounds.

8. Any birds delayed in transit may be admitted at the discretion of the Executive Committee.

9. After the judging, the management will endeavor to place a uniform card on each coop, giving the name and address of the exhibitor and the variety of the poultry shown.

The exhibit must be composed of products taken from at least ten farms of the county. Field crops, garden crops, fruit and home industry features must be segregated within the exhibit. Only one exhibit will be allowed from any one county to compete for these premiums.

1005. Live-at-Home Farm Exhibit.....	\$250	\$175	\$125	\$75	\$50	\$25

To be awarded the farm which shows by exhibits of products and labels the best display representing a live-at-home program.

CONDITIONS FOR CLASSES 1004, 1005, AND 1006

For Class No. 1004, County Exhibit, a space 16x24 feet will be assigned.

For Class No. 1005, Live-at-Home Farm Exhibit, a space 16x16 feet will be assigned.

For Class No. 1006, Community Exhibit, a space 16x18 feet will be assigned.

In each of these classes, side walls any height may be built out ten feet from back wall. The six feet next to aisle, between spaces, must not exceed four feet in height.

Each exhibitor in classes 1004, 1005, and 1006 must supply the Superintendent of this department on or before 9 a. m. Tuesday of Fair Week with a neatly written list of the products and varieties of the different crops in his exhibit.

The exhibitors or duly qualified agents are required to make affidavit before 9 a. m. Tuesday of Fair week and file with the manager of the Fair, that the products exhibited were grown during the current year in accordance with the requirements given above.

No premiums shall be awarded in any of these classes when, in the opinion of the judges, the exhibits are not meritorious in variety, quality, artistic arrangement and educational value.

The following scale of points shall be used by the judges in placing awards on classes No. 1004, 1005 and 1006, Field Crops, 25 points; Garden Crops, 10 points; Home Industry, 10 points; Fruits, 10 points; Educational Value, 35 points; Artistic Arrangement, 10 points.

In making the awards according to this classification, special emphasis shall be given to the quality of the field and garden crops, fruits, and to the excellence and practical utility of the home industry exhibit.

The educational value of the exhibit shall be construed to mean practical lessons that may be drawn from it by farmers or others with reference to certain methods of handling, marketing, growing, and selecting seed of the different crops; for instance samples of corn might be exhibited showing the effects of a systematic, intelligent system of seed selection, upon the quality of the corn, as well as upon its yielding powers. Again, an exhibit that would show the effect of spraying apples as against unsprayed would have great educational value. The effect of growing leguminous crops upon crop yields might be shown concretely or graphically. This too, would bring out a most valuable lesson to those farmers who might study the exhibits. Many other exhibits of this nature might be devised which would have great value from an educational standpoint.

Each exhibit for classes No. 1004, 1005, and 1006 shall not contain more than five varieties of any one field or garden crop, except for decorative purposes. Only the best varieties for the different counties should be exhibited.

Home Industry includes canned goods, not to exceed 35 cans, no two alike; and not more than 15 cans of preserves, jells, and pickles, no two alike; fifty cans in all; also meat, dairy products, eggs, etc., but not fresh cooked articles, baking, or needlework of any kind.

A neat cloth sign, not exceeding 10 feet in length should be placed above each exhibit under classes 1004, 1005, and 1006 giving simply the name of the county.

Plain neat labels or placards should be placed on every group in each exhibit.

In judging, consideration shall be given to standard commercial pack of products.

W. H. DARST and ROY H. THOMAS, in charge

Amount Offered in This Book, \$40.00

A special feature of the 1924 State Fair will be the Seed Judging and Identification Contest. This contest will begin at 9 a. m. on Wednesday of Fair Week at the Fair Grounds.

The purpose of this contest is to encourage training in identifying crop varieties and to stimulate the study of quality in farm seeds.

This contest is between individuals and is open only to short course and other agricultural students.

	1st	2nd	3rd	4th	5th
1007. Students making the highest grades in judging and identification of farm seed will receive the following prizes according to their standing.....	\$15.00	\$10.00	\$7.00	\$5.00	\$3.00

Work of contestants will consist of judging quality in seed of corn, wheat, oats, soybeans, cowpeas, clover and grass seed.

The corn judging contest will be arranged in two classes, one class consisting of varieties of prolific corn and the other varieties of single ear strains. The contest will consist of placing according to quality, ten-ear and single ear samples within these classes of corn.

Samples of small grains, legumes and grass seeds will be arranged in classes and judged as to quality. Each contestant should be familiar with the North Carolina score card for corn, small grains, legumes and grasses. (See pages 95 and 97.)

In addition, contestants will be asked to identify the commonly cultivated legumes and grasses used for feed and soil improvement within the State. Dried plant specimens and other seeds will be used in the identification work.

Separate contests in Seed Judging and Identification will be conducted for enrolled students of Vocational Agricultural and for agricultural Boys' and Girls' Clubs.

For Vocational Students' Seed Judging Contest, see Book No. 51, page 99.

For Boys' and Girls' Club Seed Judging Contest, see Book No. 54, page 103.

SCORE CARDS AND RULES FOR JUDGING CROP EXHIBITS

In judging the exhibits of crops in the Agricultural Department, the following score cards will be used:

For Corn

1. Prolificacy.....	30 points

3. Market and seed conditions.....	30 points
4. Character and uniformity of ears.....	10 points

Market and seed conditions should apply to the maturity of the ears, their sappiness, chaffiness, adherence of chaff to tip cap, adherence of tip cap to cob, plumpness of tips of kernels, soundness and luster of kernels, and freedom from disease.

In judging the character and uniformity of the ears of the exhibit, consideration should be given to length and diameter of ears, shape and filling out at butts and tips, straightness and arrangement of grain rows, purity and color of kernels and space between grain rows.

Character and uniformity of kernels should apply to size and shape of kernels, size and condition of germs, filling out of space on the cob, color and purity of kernels, uniformity of kernels throughout length of ears, and depth and width of kernels.

Prizes are offered for the most prolific and best exhibits rather than for the greatest amount of corn grown on any one acre. Such exhibits should consist of ten ears accompanied by one stalk with ears attached. In preparing for the exhibit, cut the stalk off about one foot above the top ear and at an equal distance below the bottom ear.

For judging corn, Class 1024, use the following score card:

1. Prolificacy.....	25 points

A students' judging contest, conducted by the Animal Husbandry Department of the North Carolina State College, will be held. This contest is open to any boy or girl who is a regular attendant at any vocational agricultural school in the State of North Carolina. (This does not, however, include any student assistant or instructor.) Contestants will not be eligible who have at any time attended an agricultural college of this or any other State.

Teams of three students from a vocational agricultural school will constitute a judging team. The name of the school and the number of contestants shall be sent to Mr. Ruffner, State College Station, Raleigh, N. C. The names of the members of the teams shall be given to Mr. Ruffner on the morning of the contest not later than 8:30 o'clock. (For rules and regulations concerning the crops judging contests, see Book 43, page 87 and the score cards following class 1190.)

The awards in this class will be based on the comparative average grades of the teams. The team making the highest average grade will win the first premium and the splendid trophy, known as the Crop Judging Trophy, donated by the State Fair Association for the promotion of the study of quality in farm seeds. The trophy becomes the property of the school whose team makes the highest grade, until June 1 of the following year, when it must be returned to the Manager of the State Fair Association, Raleigh, N. C. However, if a school wins the trophy three times within five years, the trophy becomes the permanent property of that school.

The team making the second highest grade will win the second premium, and so on. The average grade of a team will be composed of the individual grades of its members. The individual grades, as explained above, will be based on work in both judging and identification.

The annual State contests for agricultural club members in I. Livestock Judging; II. Seed Judging and Plant Identification; III. Demonstrations; IV. Exhibits will be held in connection with and during the week of the State Fair.

GENERAL RULES

Eligibility

Club members to enter any of the State Club contests must be actively engaged in agricultural club work and present a statement, signed by the county agent, certifying that they are bona fide club members and have been designated to represent the county from which they come in the State Club contests, excepting the exhibit contest in which all active club members may compete by entering exhibits for the premiums offered regardless of the number entering from any given county.

Any club member who has at any time matriculated as a student in the regular courses of an agricultural college or any one who has won a first prize in any former State Club contest will be ineligible to enter this year's contest.

Club members will not be asked to present the record books kept on their demonstrations to show that the records are kept up-to-date and complete for the club demonstration at the time of entering any one of the club contests. However, failure to report promptly at the end of the year on the club project may cause a club member to be asked to forfeit his premium won at the State Fair and to allow it to go to the next ranking member in the contest who does report fully and promptly as required by the rules and regulations governing agricultural club work.

In the seed judging and plant identification contest each county will be permitted to enter one team, consisting of three members. The members of this team should be required to win the right to represent the county in this contest in local contests held in the county from which they come. The team entering this contest may be composed of the same individuals as that entering the livestock judging contest.

The agricultural club members' contest for plant and seed judging will be held on Tuesday, October 14, beginning at 9:00 a. m. and will be held under the direction of Prof. W. H. Darst, of State College. All contestants entering this contest are requested to meet Prof. Darst at Patterson Hall, the college building just opposite the main entrance to the Fair Grounds, at 8:30 a. m. to receive final instructions regarding the contest.

Assistant Superintendents

H. R. NISWONGER, Extension Horticulturist.....Raleigh
W. A. RADSPINNER, Pomologist.....Raleigh

Amount Offered in This Book, \$898.50

See Rules 12 and 13, page 19.

Entries close Saturday, October 4.

As far as possible it is desirable that horticultural exhibits be brought in and set up by the growers. Where this is not possible, the Superintendent will be glad to receive and place on exhibit all suitable horticultural products sent in. All exhibits competing for premiums must be grown in the State.

In sending in fruit for exhibition, select only those specimens that are perfect in form and color and free from all insect and fungous blemishes. Do not knock or shake off the fruit from the tree, but pick each specimen by hand, taking care not to pull out the stem. Wrap each fruit separately in paper, and pack firmly in box or barrel, taking every care to avoid bruising. Label each variety, and put in papers to keep varieties separate. Do not use hay, fodder, excelsior, or any other dusty material in packing. Nail up firmly and address to "State Fair, Department of Horticulture, Raleigh, N. C." Each package should be plainly marked with the name and address of the exhibitor. Barrels of apples to compete in class or of commercial barrel pack must be faced and headed.

Plates for the variety exhibits of fruits will be furnished free by the Fair.

A perfect plate of fruit should contain five specimens, and no more, characteristic of the variety, with stems attached, of high color, of uniform, marketable size, free from cuts and bruises and all insect and fungous blemishes. If additional specimens are sent in by growers, the committee will select and place on exhibit the best possible plate to be made from all the specimens submitted.

Commercial box apples should be graded to uniform size, of high color, free from bruises and insect and fungous blemishes. They should be properly packed in standard bushel boxes of $10\frac{1}{2} \times 11\frac{1}{2} \times 18$ inches, inside measurement. The boxes should be of soft, light wood, smooth sawed inside, and dressed outside. The ends are three-quarters of an inch thick, the sides three-eighths of an inch, and the bottom one-quarter of an inch. Attractiveness of label will be considered.

Commercial barrel apples should be fairly uniform in size, of high color, and free from bruises and insect and other blemishes.

Special Attention Given Brands and Labels

The Superintendents will see that each entry is plainly marked and correctly named, and the entry tag attached to the same, so that the entry can be identified by the judges without difficulty.

A premium offered for a general collection of fruit will not be awarded to a mere pile of apples, or other fruit, but must be for a real collection, arranged on plates and all correctly labeled, and no fruit will be counted in a collection unless it is a fair specimen of the variety. No trashy fruit of any kind will be counted merely to make up a collection. A premium for the best collection of grapes, peaches, or any other fruit will not be awarded to a mere number, but to the quality of the exhibit mainly.

The Superintendent may withhold premiums in any case where the article is not worthy.

No article entered for competition in any one class will be permitted to compete for a premium in any other class, excepting sweepstakes.

No attention will be paid by the committee to any fruit or other exhibit that is not arranged in accordance with these rules.

All fruit must be shipped or brought in so as to arrive at the Fair Grounds not later than Monday noon of Fair Week.

The awards for fruits will be made on the afternoon of the second day of the Fair.

No exhibitor will be allowed to discuss exhibits with the judges, or to interfere in any way while the judges are at work.

A pile of fruit brought for sale will not be allowed to count in a general collection of fruit, as all fruits shown for premiums must be arranged on plates and remain on them until the close of the Fair.

In the nomenclature of fruits, the names adopted by the American Pomological Society will rule, and no variety will be accepted that has not been admitted to their catalogue, except in the case of seedlings never before exhibited.

BOOK 65.—HOME ECONOMICS

Superintendent

MRS. JANE S. McKIMMON, State Director of Home Economics-----Raleigh

Amount Offered in This Department, \$340.00

Home Demonstration Club Exhibits

(Open to club members only)

Directions for Showing

Every entry in this department must be standard pack.

Premiums are to be given for products canned or preserved according to club recipes, and packed according to club rules and regulations. Quality and grading rather than quantity will be stressed.

Square quart jars are to be used wherever quart jars are specified.

Pint jars must be either square or number 5042.

To add a permanent exhibit of club products kept by the Division of Home Demonstration Work, the two best jars in any prize-winning exhibit will be retained without further remuneration. Any single prize-winning jar will also be retained.

Individual and group classes can compete in only one class, but must be a part of exhibit for the county prize.

Group exhibits and displays may be made up by one or more exhibitors.

Directions for Labeling

Every jar competing must have marked on the label the number of class and department in which competing—i. e.:

CLASS 1680	PRIMARY
PEACHES	
Canned	
MARY SMITH	
Cary, Wake County	

This label must be pasted on the bottom of the jar.

The products must be listed numerically, for example:

Class

1679. 2 jars—Sallie Carter, Apex; Lucile Appleblow, Wake Forest.

1682. 3 jars—Allie White, Cary; Mary Patterson, Garner; Emily Smith, Wake Forest.

1685. 1 jar—Ida Cox, Garner.

Sign the name of agent and of county at the end of each list.

The barrel must be shipped by the last week in September to Mrs. Jane S. McKimmon, State Fair Grounds, Raleigh, N. C.

How To Ship

1. Wash each jar.
2. Wrap in newspaper, then in excelsior.
3. Pack firmly in a GOOD, STRONG barrel.
4. Do not use a sack for the top of barrel, but use wooden top, and nail on securely.
5. Make three numerical lists of the products, with the names and addresses of the owners. Make three numerical separate lists of group exhibits, with names and addresses of exhibitors.

These lists should preferably be typewritten. Place one of each in the top of the barrel just before the lid is nailed on. Mail one of each to Mrs. McKimmon with the bill of lading or express receipt. Keep one of each for your own information.

At the end of each list give directions for the return shipment of your barrel.

At the time the above lists are prepared the person in charge shall fill out and mail to the State Fair Manager, on blanks furnished by the State Fair, an entry list for each individual person furnishing articles for exhibition. This list must give the name, address and class number of every article furnished by such individual.

When more than one jar is entered in the same class, designate it as follows:

Class 1724, 1 entry.

Class 1726, 2 entries, etc.

Use class numbers only; the label on bottom of jar with corresponding number will give the contents where different varieties are shown in the same class.

Group classes should be entered in the name of the Home Demonstration Agent, giving name of each individual and number of jars furnished in each such classes.

County exhibits should be entered in the name of the county by Home Demonstration Agent.

The advertising and sales value of such displays can hardly be overestimated.

Assignment of space will be made at the discretion of the management, keeping in mind the welfare of every exhibitor. Here, as in other departments, every effort will be made to render exhibitors the best service possible.

Space will not be granted for any exhibit which is likely to prove prejudicial to the best interest of the Fair in general and the right is reserved to refund entrance money and close any exhibit that fails to meet with the approval of the management.

AGRICULTURAL IMPLEMENTS AND MACHINERY

Superintendent

C. B. PARK.....State College Station, Raleigh

It is planned by the management of the North Carolina State Fair to have a display of agricultural implements and machinery that will be larger and more extensive than ever before shown at any fair in the State. The teaching of our agricultural authorities to follow diversified farming and to grow more livestock will cause more farmers to be interested in improved methods to help them in their new field of endeavor. Here the manufacturer and merchant may display their merchandise for the benefit of both themselves and their customers. The manufacturer realizes that this is his best opportunity to place the latest types of machinery designed for efficient service.

The large Machinery Shed is splendidly located near the gates, through which all visitors enter, and in line with one of the main thoroughfares of the grounds. This prominent location insures the exhibitor the opportunity for which he is looking. Open space is available for demonstration purposes.

No premiums are offered in this department, but the facilities offered manufacturers for bringing their wares to the attention of the buying public cannot be equaled. It would be difficult to secure better advertising than at the State Fair.

Exhibit space in the Machinery Shed and the open space is priced very reasonably. Details may be had by addressing the Manager of the Fair.

Applications should be filed as early as possible.

All exhibits must be completed for public inspection at 8 o'clock a. m., Tuesday, October 14th.

Exhibitors in this department may purchase helper's tickets for the entire week at \$1.00 each. Details will be found elsewhere under the head of "Admission."
