Dear Wildlife Stakeholders:

Those of you who spend time in the fields and forests, and on our streams, rivers, and lakes know that North Carolina's fish and wildlife resources are facing unprecedented challenges. The human population of our state continues to increase, potentially increasing stress on wildlife habitats. As these trends continue, the effects can have far-reaching consequences.

Nearly 10 years ago, the N.C. Wildlife Resources Commission began a process to meet these challenges head-on and, at the same time, provide better and more diverse outdoor opportunities to North Carolina citizens of all ages and abilities.

Working with stakeholders, including other fish and wildlife agencies, non-governmental organizations and conservationists like you, we developed our Strategic Plan — a guiding document that outlines broad goals supporting wildlife conservation efforts and providing sustainable opportunities for fishing, trapping, boating, wildlife watching and other wildlife-related activities (www.ncwildlife.org/StrategicPlan.aspx). Strategic objectives direct the actions that we take to deliver effective wildlife conservation to every corner of the state, while bringing you more opportunities to get outside and enjoy all the resources North Carolina has to offer.

Our Strategic Plan is a living document, intended to be revised and updated to refine our approaches to the broad challenges of wildlife conservation. As we approach the 10-year anniversary of the Strategic Plan's inception, I would like to share this update regarding accomplishments, ongoing activities and future initiatives associated with the Strategic Plan's seven goals.

One of our most important goals is to conserve the abundance and diversity of the fish and wildlife resources in the State. We do this by implementing science-based management programs to maintain and enhance populations of species that are hunted or fished for, such as white-tailed deer, wild turkey, and largemouth bass. We also focus our management on non-game species, such as bats and freshwater mussels, that are important components of intact ecosystems and serve as indicators of healthy habitat.

Another critically important goal is to provide all North Carolina citizens with opportunities to participate safely and readily in hunting, fishing, boating and other wildlife-related activities. We are meeting this goal by implementing programs that increase public access opportunities to public and private lands and waters, reducing wildlife-related accidents and violations, and more. Specifically, we have recently completed or are currently working on:

- Operating and maintaining more than 200 boating access areas across the state that are free and open to the public 24 hours a day, 7 days a week. We are very close to completing our goal of providing universal access to each of these sites.
- Creating a shooting range program to construct and maintain shooting ranges across the state that offer safe, controlled, and organized environments for sportsmen and recreational shooters to participate in shooting sports.
- Expanding our public safety outreach messaging by partnering with agencies and organizations such as N.C. State Highway Patrol, U.S. Army Corps of Engineers, N.C. Dept. of Environment and Natural Resources and Mothers Against Drunk Drivers to publicize public safety programs such as "On the Road and on the Water, Don't Drink and Drive," "Boat Safe, Boat Sober," and "Home from the Hunt," among others.
- Working with landowners to provide more and better access to trout waters in western North Carolina. Designing and constructing new waterfowl blinds for game lands that provide waterfowl hunting opportunities.

We are expanding the constituency base — another goal in our Strategic Plan — by providing and promoting opportunities for every adult and child, regardless of physical abilities, to experience North Carolina's wildlife resources. We are accomplishing this by:

- Providing skills-based workshops, such as Fly Fishing, Lure Making, Deer Hunting 101, and Beginning and Advanced Turkey Hunting, to thousands of citizens across the state.
- Expanding our popular Becoming an Outdoors-Woman workshops for women only to include fly-fishing workshops and shooting skills workshops.
- Partnering with city, county and state parks, as well as local municipalities to cost-share construction projects such as fishing piers and boat ramps to enhance fishing opportunities in local park settings.
- Managing more than 2 million acres of game lands across North Carolina to enhance habitat and conserve wildlife resources.

The N.C. Wildlife Resources Commission is proud of these accomplishments, and I personally want to acknowledge the talent, commitment and professionalism that Commission staff brings to fulfill the mission of our agency. Their service is a positive reflection on our state every day.

But much work remains, and I pledge that we will continue using our Strategic Plan as a framework to guide future programs, projects and activities in the most effective and efficient way possible. Through our Strategic Plan, the Wildlife Commission has embraced a new philosophy on how to provide better and more diverse outdoor opportunities given the constraints North Carolinians face today with increased urbanization and development and changing demographics.

In the upcoming 2015-16 year, we will continue our focus on accomplishing our strategic goals and objectives that will align our work with our agency vision. We will emphasize goal 7 of our Strategic Plan to create a work environment where priorities are clear; the decision-making process is efficient and effective; and employees feel a sense of creativity, accountability, value and satisfaction in their achievements and their contributions to the agency's mission.

Sincerely Yours,

Gordon Myers
Executive Director

What's new *this season*....

As part of the Commission's ongoing effort to keep you informed, we are reserving this page of the digest each year to identify significant regulatory, legislative and agency-related changes that you should be aware of each season. Please note that the information found on this page is not a complete list of regulatory changes. For your convenience, all regulation changes appear throughout the digest in **RED**.

Following is a list of significant changes for the 2015–2016 season:

GAME LANDS

- Except for designated shooting ranges, target shooting (defined as the discharge of a firearm for purposes other than hunting, trapping or self-defense) is prohibited on the following game lands: Angola Bay, Buckridge, Buxton Woods, Cape Fear River, R. Wayne Bailey-Caswell, Holly Shelter, Nicholson Creek, Rockfish Creek, Sampson, Sandhills and Stones Creek.

HUNTING

- Coyote hunting in Beaufort, Dare, Hyde, Tyrrell and Washington counties is limited to daytime hunting only, hunters must obtain permits to hunt coyotes and all coyote harvest must be reported to the Commission. See page 58 for more information.
- Youth can hunt with all legal weapons on Youth Deer Hunting Day. See page 55 for season date and restrictions.
- Effective October 1, 2015, hunting on Sundays, on private lands, with firearms becomes legal. Some restrictions apply. Refer to page 41 for more information.

FISHING

- Night fishing is allowed in Wild Trout Waters (including Catch and Release/Artificial Flies Only Trout Waters, Catch and Release/Artificial Lures Only Trout Waters, and Wild Trout/ Natural Bait Waters) and Public Mountain Trout Waters on game lands.
- Trout may be harvested in undesignated waters from March 1 until 7 a.m. on the first Saturday in April (the closed season for Hatchery Supported Trout Waters).
- In Inland impoundments and their tributaries, the general statewide minimum size limit for Striped bass and Bodie bass (striped bass hybrid) is 20 inches, and the creel limit is four fish per day. Reservoirs affected by this change include High Rock Lake, Tuckertown Lake, Badin Lake, Lake Tillery, Blewett Falls Reservoir, Hiwassee Reservoir, and W. Kerr Scott Reservoir. See page 19 for additional information on size and creel limits for Striped bass and Bodie bass.
- Trotlines, set-hooks and jug-hooks have been more clearly defined. Wildlife enforcement officers may remove from the water any trotlines, set-hooks and jug-hooks without bait or not labeled properly. See "Trotlines, Set-hooks and Jug-hooks" on page 18 for more information.

LICENSE REQUIREMENTS AND EXCEPTIONS

General Information The services that the North Carolina Wildlife Resources Commission provides to the public are financed primarily through the sale of licenses, which include hunting, fishing, trapping and other licenses. The various types of licenses sold by the Commission differ with respect to the activities they authorize, where and when the activities occur, and where the license-holder resides. This section provides some general information about these licenses, followed by detailed summaries of the various licenses available, the privileges they authorize and the associated fees. All licenses are nontransferable.

Purchasing Licenses You can purchase a license for immediate use in four ways as listed below. A \$2 transaction fee may be applied to your total order at time of purchase.

- **Visit a wildlife service agent**—Most licenses, including lifetime licenses, can be obtained from your local wildlife service agent. Be prepared to present your valid driver license or state identification card.
- **Visit us online at ncwildlife.org**—Most licenses are available for purchase online using a computer or mobile device.
- **Phone 888-248-6834**—Have a pen, paper, VISA or MasterCard, and WRC customer number handy.
- **All licenses may be obtained directly from the Wildlife Resources Commission in person** at NCSU Centennial Campus, 1751 Varsity Drive, Raleigh, NC or by mail.

Replacement Licenses To replace a license that becomes worn, lost or destroyed, call 888-248-6834, go to ncwildlife.org, or visit a wildlife service agent. A \$5 fee is charged for the replacement license. A \$2 transaction fee may be applied to your total order at time of purchase.

License Information For more information on licenses, obtaining license applications or obtaining a list of wildlife service agents nearest you, visit us online at ncwildlife.org, call us at 888-248-6834, or write to this address: NCWRC, 1707 Mail Service Center, Raleigh, NC 27699-1707.

Reciprocal Fishing License Agreements A reciprocal fishing license agreement is in effect between North Carolina and each of the states listed below. The agreement provides for the following: All statewide hook-and-line fishing licenses obtainable from either North Carolina or the respective state are honored on certain boundary waters as noted:

Georgia—The agreement with Georgia covers fishing from boats not anchored to the shore or to a pier or boat dock connecting to the shore on Chatuge Reservoir including all tributaries that are accessible by boat from the main body of the reservoir.

Tennessee—The agreement with Tennessee covers the state-line portion of Slick Rock Creek and boat fishing on Calderwood Reservoir.

Virginia—The agreement with Virginia covers the Dan River east of the Union Street Dam in Danville, the Staunton River east of the mouth of Difficult Creek, and Kerr and Gaston reservoirs and their tributaries that are accessible by boat. The agreement also covers that portion of the New River between the confluence of the North and South forks of the New River in North Carolina (Alleghany County) and the confluence of the New and Little rivers in Virginia (Grayson County).

No reciprocal agreements exist between North Carolina and South Carolina that provide for honoring the other state's fishing licenses on any boundary waters.

License Identification Requirements To show entitlement to a license issued by the Wildlife Resources Commission, anyone exercising the privileges conveyed by the license shall carry a picture identification card and show it to any wildlife enforcement officer upon request. The picture identification card should include the license-holder's correct name, address and date of birth. (A North Carolina Driver License or Department of Motor Vehicles identification card is acceptable.)

Residency Definitions and Requirements

Resident—You are considered a resident if you have resided in the state for six months or have been domiciled (established a permanent residence) for 60 days. When residency is used to establish eligibility, the applicant must complete a Certificate of Residency, available from a wildlife service agent or the Wildlife Resources Commission, certifying that he has maintained his residence in a county of the state for at least 60 days with the intent to reside there permanently or indefinitely. Individuals claiming residency in another state cannot claim to be a resident in NC regardless of whether they own property, pay property tax, pay utility bills, etc... in NC. Residency can only be established in one state.

Students—Nonresident students may purchase a resident license while attending a university, college or community college in North Carolina. When purchasing your license from a wildlife service agent, you must show your valid student identification.

Military Stationed In NC—Nonresident members of the U.S. Armed Forces (including their spouses and children under 18) who are stationed in the state are deemed residents of the state and of the counties in which they reside for the purpose of purchasing resident licenses.

Military Stationed Outside NC—Members of the U.S. Armed Forces on active duty outside the State of North Carolina shall be deemed an individual resident of the State for the purpose of purchasing short-term and annual hunting, fishing and trapping licenses.

Nonresident—Nonresident status applies to anyone who does not live in the state of North Carolina, with the exceptions noted above (students and military).

Hunter Education Course Requirement Except as specified below, on or after July 1, 2013, a person, regardless of age, may not purchase a hunting license in this State without producing one of the following, a hunter education certificate of competency, a NC hunting heritage apprentice permit, or a NC hunting license issued prior to July 1, 2013.

A person who wishes to purchase a lifetime license need not comply with the requirements above in order to purchase that license, so long as the person does not hunt unless they have successfully completed the hunter education course or they are accompanied by an adult at least 18 years of age who is licensed to hunt in NC and that the licensed adult maintains a proximity to the hunter which enables the adult to monitor the activities of the hunter by remaining within sight and hearing distance at all times without the use of electronic devices.

Hunter education courses are offered in all 100 counties, year-round. Courses include instruction on hunter ethics and responsibility, conservation and wildlife management, firearms, survival and first aid, as well as specialty hunting and tree stand safety. For more information pertaining to hunter education courses, visit us online at ncwildlife.org, or write to the NCWRC Division of Wildlife Enforcement, 1718 Mail Service Center, Raleigh, NC 27699-1718.

Hunting Heritage Apprentice Permit This permit is free of charge and is required at the time a hunting license is purchased for those who have not held a NC hunting license prior to July 1, 2013 or who have not satisfactorily completed the hunter education course requirements. This permit authorizes the permittee to hunt if accompanied by an adult at least 18 years of age who is licensed to hunt in this State, or if accompanied by an adult landholder or spouse exempted from the hunting license requirement as defined by law, provided the licensee is hunting on the landholder's land. "Accompanied" means that the licensed adult maintains a proximity that enables the adult to monitor the activities of the apprentice by remaining within sight and hearing distance at all times, without use of electronic devices. This permit is valid only for the term of the hunting license purchased under the authority of the permit.

Big Game Harvest Report Card Requirement Big game harvest report cards always expire on June 30 of each year. If your hunting license and big game hunting privilege license are still valid after the big game harvest report card expires, you may obtain a replenishment card from either the Wildlife Resources Commission or any wildlife service agent. Lifetime license-holders also may obtain the big game harvest report card by going online at ncwildlife.org, calling 888-248-6834, or visiting a wildlife service agent. Persons exempt by law from the big game hunting license must obtain a "License-Exempt Big Game Harvest Report Card" for license-exempt hunters from a wildlife service agent or by calling 888-248-6834. Replenish and exempt big game harvest report cards are issued at no charge when obtained directly from the Wildlife Resources Commission. Those issued at a wildlife service agent location are subject to a \$2 transaction fee. For more information on license exceptions, refer to the "Exceptions to License Requirements" section. Authorization numbers for big game animals, taken prior to receiving the big game harvest report card via the mail (when license is purchased by telephone), must be recorded and available for inspection. Once the harvest report card is received by mail, the big game kill authorization number must be recorded on the harvest report card and the card validated for the appropriate animal. For more information on big game reporting, refer to the "Big Game Harvest and Reporting" section on page 57.

Bear Management E-Stamp Hunters must procure a Bear Management E-Stamp before taking any bear within the State. Individuals who purchased a lifetime license with big game privileges prior to July 1, 2014 and those individuals exempt from the hunting license requirement, unless otherwise specified, may obtain a Bear Management E-Stamp at no charge when obtained directly from the Wildlife Resources Commission. Those issued at a wildlife service agent location are subject to a \$2 transaction fee. For more information on the Bear Management E-Stamp, refer to page 9.

HIP Certification Requirement All licensed hunters hunting migratory game birds (doves, rails, woodcocks, gallinule, snipes or waterfowl) in North Carolina are required to have a certificate of participation in the federal Harvest Information Program (HIP). This certification can be obtained by going online at ncwildlife.org, calling 888-248-6834, or visiting a wildlife service agent. HIP certifications are issued at no charge when obtained directly from the Wildlife Resources Commission. Those issued at a wildlife service agent location are subject to a \$2 transaction fee. Persons exempt by law from the hunting license requirement are not required to obtain the HIP certification.

Federal Duck Stamp In addition to the North Carolina waterfowl privilege, waterfowl hunters 16 years of age and older are

required to carry on their person the federal duck stamp, signed in ink across the face. The federal duck stamp expires June 30 of each year. Stamps may be ordered from July 1 to April 1 each year online at ncwildlife.org, by calling 888-248-6834, or visiting a wildlife service agent. At the time of purchase, the customer will be provided a proof-of-purchase receipt for a Federal Duck E-Stamp which authorizes the same privileges as the physical duck stamp for up to 45 days or until the physical stamp is received in the mail. Refer to page 9 for more information.

Exceptions to License Requirements

General

- A landowner or person leasing land primarily for cultivation, their spouse, and dependents under 18 residing with them, may hunt, trap and fish on such land without a license.
- A resident of this state who is a member of the U.S. Armed Forces serving outside N.C., or who is on full-time military duty outside the state in a reserve component of the U.S. Armed Forces is exempt from hunting, inland and coastal fishing license requirements while on leave in this state for 30 days or less. When hunting or fishing under this exemption you must carry, on your person your military ID card and a copy of the official document confirming you are on leave from a duty station outside of N.C. Those hunting bear must purchase a "Bear Management E-Stamp." You must also comply with all reporting and hunter safety requirements as mandated by the Commission and purchase a federal duck stamp if waterfowl hunting.

Individuals exempt from the requirements of a hunting license must obtain a "License-Exempt Big Game Harvest Report Card" when hunting deer, bear or wild turkey. Those hunting bear must also obtain a "Bear Management E-Stamp."

Individuals exempt from hunting and fishing license requirements must adhere to designated seasons and limits.

Hunting

- Youth under age 16 are exempt from the requirement of a hunting license provided they comply with the following: Youth who have not obtained a Certificate of Competency showing their completion of the hunter safety course must be accompanied by a properly licensed adult when hunting. Youth who have obtained this certificate, may hunt without being accompanied by an adult, but must carry their certificate while hunting. Youths exempt from the hunting license requirement must obtain a "License-Exempt Big Game Harvest Report Card" when hunting deer, bear or wild turkey. Youth hunting bear must also obtain a "Bear Management E-Stamp."

Fishing

- Youth under age 16 are exempt from the requirement of a fishing license and trout privilege license.
- The game lands license is not required to fish in any waters on game lands or Wildlife Conservation Areas.
- An inland fishing license is not required to fish in a private pond. A private pond is a body of water arising within and lying wholly upon the lands of a single owner or a single group of joint owners or tenants in common, and from which fish cannot escape, and into which fish of legal size cannot enter from public waters at any time. A pond or lake located on land owned by a public body such as a state-supported university or a governmental entity is not a private pond.
- July 4th is declared "FREE FISHING DAY," and a fishing license and trout privilege license are not required in any public waters, including coastal waters, on this date.
- Residents with a valid Unified Subsistence Inland/Coastal Recreational Fishing License Waiver are exempt from the requirement of a basic inland (does not include trout fishing) and coastal recreational fishing license.

FISHING LICENSES

Following is a list of short-term, annual and lifetime fishing licenses. Privilege licenses authorize a particular inland fishing activity not included with the basic license type. Privileges may be purchased separately if purchaser holds a valid basic license. These licenses include fishing in joint waters. Refer to page 9 for a complete list of privileges. Note: Individuals 16 years of age or older using any type of bait or gear to catch finfish while fishing in North Carolina's public waters must possess a valid North Carolina fishing license. This license requirement does not apply to private ponds. Individual residents who receive Food Stamps, Medicaid or Work First Family Assistance may obtain a written waiver (Annual Subsistence License Waiver) from this fishing license requirement through their county Department of Social Services. A \$2 transaction fee may be added to your total order (NCGS 113-270.1B).

General Information The N. C. Wildlife Resources Commission does not honor disabled licenses or permits from other states. Disabled licenses and permits must be obtained directly from the Wildlife Resources Commission. To obtain a disabled license or permit application, visit us online at ncwildlife.org, call us at 888-248-6834, or write to NCWRC, 1707 Mail Service Center, Raleigh, NC 27699-1707.

Disabled Sportsman Program Information The Wildlife Resources Commission has established increased access and opportunities for persons with disabilities to hunt on agency game lands and other lands. A brief description and the qualifications for each are provided below. To obtain an application, you may visit us online at ncwildlife.org, call us at 888-248-6834, or write to NCWRC, Disabled Sportsman Program, 1707 Mail Service Center, Raleigh, NC 27699-1707. For specific information on disabled hunt opportunities, refer to the *Permit Hunting Opportunities* publication.

The **Disabled Access Permit** authorizes persons with limited physical mobility to operate vehicles, including ATVs, on any Commission-maintained road open for vehicular travel, those trails posted for vehicular travel and only on OPEN-GATED or UNGATED roads, otherwise closed to vehicular traffic on game lands listed in the Disabled Access Program, and allows access to special disabled hunting blinds designated for hunters with disabilities. See page 64 for a list of game lands or designated areas within a game land in which this permit is valid. This permit does not allow operation of vehicles on closed roads on game lands unless the game land is listed in the Disabled Access Program. The disabled hunter will be issued a companion and vehicle access card. One companion may accompany the disabled hunter, provided that person possesses the companion card. This permit is valid as long as the qualifying disability persists. There is no fee associated with this permit.

Qualifications: Competent medical evidence must be submitted indicating that a disability exists that limits physical mobility, to the extent that normal utilization of the game lands is not possible without vehicular assistance.

Within the national forests in North Carolina, off highway vehicles (OHVs) are permitted only on designated routes. Further information about areas managed by the U.S. Forest Service, including the Nantahala, Pisgah, Croatan and Uwharrie National Forests, may be obtained online <http://www.cs.unca.edu/nfsnc/>.

The **Disabled Sportsman Hunt Certification** is a medical certification used to establish eligibility for participation in disabled hunt opportunities. This certification is only necessary when the applicant does not possess a lifetime disabled veteran or totally disabled license. This certification is not a license; therefore, a valid hunting license, in addition to the hunt permit, is required when participating in a disabled hunt opportunity. There is no fee for this certification. For a list of disabled hunt opportunities, refer to the *Permit Hunting Opportunities* publication.

Qualifications: Medical certification in one of the following disabilities:

- missing fifty percent (50 percent) or more of one or more limbs, whether by amputation or natural causes;
- paralysis of one or more limbs;
- dysfunction of one or more limbs rendering the individual unable to perform the task of grasping and lifting with the hands and arms or unable to walk without mechanical assistance, other than a cane;
- disease, injury or impairment confining the individual to a wheelchair, walker or crutches;
- legal deafness.

This certification shall remain valid as long as the qualifying disability persists.

Lifetime Hunting and Inland Fishing Licenses Lifetime hunting and inland fishing licenses are a great deal for sportsmen. Purchasing a lifetime license saves you money over the years, may be charged to a VISA or MasterCard, and supports North Carolina's rich wildlife heritage. Funds from lifetime license sales are deposited directly into the Wildlife Endowment Fund, which supports wildlife conservation programs.

Several types of lifetime licenses are available as noted under the "License Information" section of this Digest, which begins on page 3. Lifetime sportsman and lifetime comprehensive hunting licenses include the state waterfowl privilege. Lifetime comprehensive hunting licenses and lifetime comprehensive inland fishing licenses are sold only to residents of North Carolina. Nonresidents may purchase the nonresident lifetime sportsman license. Lifetime licenses may also be personalized for an additional \$5 fee (some exclusions apply). There are no residency restrictions for the infant and youth lifetime licenses. You may also give a lifetime license as a gift. All of these licenses are good for the life of the license-holder. Even if you move out of North Carolina, you can use the license anytime you return to the state.

NOTE: Lifetime licenses do not authorize trapping. Trapping licenses are annual licenses and must be purchased separately.

Lifetime licenses can be purchased at your local wildlife service agent, online at ncwildlife.org, by telephone 888-248-6834 or by mail from the Wildlife Resources Commission. Please note that infant and youth lifetime licenses require a copy of the birth certificate; these two licenses cannot be purchased online or by telephone. Disabled licenses must be purchased by mail or in person at WRC Headquarters. A \$2 transaction fee may be applied to your total order at time of purchase. To obtain a lifetime license application visit our website at ncwildlife.org or call 888-248-6834.

Tax Deductible Contributions to the Wildlife Endowment Fund

Donations to the Wildlife Endowment Fund are deductible from your taxable income. Donations can be made directly to the fund or as a bequest from a will or as a memorial gift to honor a deceased friend or family member. The fund can also be named as a beneficiary to a life insurance policy. When making a memorial donation, include the name and address of the donor or donors as well as the name of the person or persons who is/are being remembered by the donation. A card will be sent to the donor acknowledging the contribution.

For additional information, visit us online at ncwildlife.org, call 866-945-3746, or write to NCWRC, Wildlife Endowment Fund, 1710 Mail Service Center, Raleigh, NC 27699-1710.

Recreational Boating In North Carolina

Boating Safety Education Requirements

Vessel operators born on or after January 1, 1988 must have successfully completed a Boating Education Safety course to operate a vessel with a motor of 10 horsepower or greater on public waters in North Carolina. All vessel operators must be able to prove compliance upon request of a law enforcement officer.

Vessel Registration and Titling Requirements

- ⚓ All motorized vessels, including sailboats longer than 14' and personal watercraft, must be registered.
- ⚓ Vessels registered in another state and brought into North Carolina for more than 90 consecutive days, must be registered in North Carolina.
- ⚓ A vessel title is required for all new or transfer registrations for vessels or sailboats longer than 14' and personal watercraft.

Blue Light = No Wake

All watercraft must slow to a no-wake speed when passing within 100 feet of a law enforcement vessel displaying a flashing blue light, or within 50 feet in narrow channels. Violators are subject to fines up to \$250.

Personal Watercraft (Jet Skis)

- ⚓ Boating Safety Education Law requirements apply to personal watercraft.
- ⚓ No one under 16 years old can operate a personal watercraft on public waters. Two exceptions:
 - At least 14 years old but younger than 16 if successfully completed an approved boating safety education course (proof of age and course completion must be carried by the youth at time of operation);
 - At least 14 and riding with someone at least 18 who is in compliance with Boating Safety Education Law.
- ⚓ No one younger than 14 may operate a personal watercraft under any circumstance.

Kids MUST Wear Life Vests

State law requires children younger than 13 to wear an appropriate personal flotation device (life vest) whenever they are on a recreational vessel that is underway. When choosing a life vest for a child, always check for a U.S. Coast Guard-approved label. The life vest must be a proper fit, with youth sizes corresponding to weight ranges.

Boat Safe, Boat Sober

Operating a recreational vessel while under the influence of an impairing substance or with a blood alcohol concentration of .08 or higher is illegal. Penalties can include fines up to \$1,000 and jail. Operators and passengers who drink should use caution. Wind and waves, combined with heat, glare, motor noise and vibrations can create a condition known as boater fatigue, in which the effects of alcohol can be magnified up to three times. Use of a designated operator is recommended.

File a Float Plan

Document essential information or fill out a form about your excursion and leave it with a reliable person who can be depended upon to notify the U.S. Coast Guard or another rescue organization, should you not return as scheduled. (Do not file float plan with the USCG.)

Report Boating Accidents

Boating accidents that occur on public waters must be reported to the N.C. Wildlife Resources Commission (24-hour toll free at 800-662-7137) when any one of the following occur:

- ⚓ Loss of life, an injury requiring medical treatment or a person is unconscious or left disabled for 24 hours.
- ⚓ Actual physical damage to property (including vessels) is in excess of \$2,000.
- ⚓ A person disappears from the vessel under circumstances that indicate death or injury.

General Information Inland, Joint and Coastal Fishing Waters. Both the Wildlife Resources Commission and the Division of Marine Fisheries have licensing, management and regulatory authority in certain waters along the coast of North Carolina. These waters are designated as inland, joint and coastal waters. The Wildlife Resources Commission has jurisdiction in inland waters, and the Division of Marine Fisheries has jurisdiction (except that pertaining to inland game fishes) in coastal waters. Both agencies have licensing and regulatory authority in joint waters.

The boundaries between inland, joint and coastal fishing waters are prominently marked with metal signs posted adjacent to the affected waters. A list of these waters, with their boundaries indicated, is available from the Wildlife Resources Commission, at ncwildlife.org (see Fishing—Where to Fish—Coastal, Joint and Inland Fishing Waters Designations in N.C.), or by calling 919-707-0220. Maps are also available at ncwildlife.org/fishingmap.

SPECIAL REGULATIONS FOR JOINT FISHING WATERS

- It is unlawful to possess striped bass or Bodie bass (striped bass hybrid) less than 18 inches in length.
- It is unlawful to possess striped bass or Bodie bass (striped bass hybrid) between 22 and 27 inches in length in the joint waters of the Central-Southern Striped Bass Management Area.
- It is unlawful to possess striped bass or Bodie bass (striped bass hybrid) from May 1 through Sept. 30 in the joint waters of the Central-Southern and Albemarle Sound Striped Bass Management Areas.
- It is unlawful to possess striped bass or Bodie bass (striped bass hybrid) in the joint waters of the Cape Fear River.
- It is unlawful to possess more than one daily creel limit of striped bass or Bodie bass (striped bass hybrid), in combination, per person per day, regardless of the number of management areas fished.
- It is unlawful to possess striped bass or Bodie bass (striped bass hybrid) that are not in agreement with size and creel limits of the waters being fished, regardless of other management areas that may have been fished that day.
- It is unlawful to net fish for striped bass or Bodie bass (striped bass hybrid) in joint waters except as authorized by rules of the Marine Fisheries Commission.
- It is unlawful to use seines, gill nets or trawl nets in the Lake Mattamuskeet canals.
- It is unlawful to use any net, net stakes, or electrical fishing device within 800 feet downstream of the dam at Lock No. 1 on the Cape Fear River.
- It is unlawful to possess more than 10 American or hickory shad in aggregate, per person per day, taken by hook-and-line. For the current daily creel limits for American shad, see portal.ncdenr.org/web/mf/recreational-fishing-size-and-bag-limits. Otherwise, in joint fishing waters, commercial fishing and licensing—including commercial trotlines—are subject to the coastal fishing laws and regulations; inland game fish and hook-and-line licensing—exclusive of commercial trotlines—are subject to the inland fishing laws and regulations.

How to Measure Inland Game Fish The harvest of several game fishes is regulated by length limits. Fish length is determined by measuring along a straight line (in other words, not along the curvature of the body) the distance from the tip of the closed mouth to the tip of the compressed caudal (tail) fin.

INLAND GAME FISH

The following fishes are designated as inland game fish:

- Black bass (largemouth, smallmouth and spotted)
- Crappie (white and black)
- Sunfish
 - Bluegill
 - Redbreast sunfish (robin)
 - Redear sunfish (shellcracker)
 - Pumpkinseed
 - Warmouth
 - Green sunfish
 - Roanoke bass
 - Rock bass
 - Flier
 - All other species of the family *Centrarchidae*
- Mountain trout (including but not limited to brook, brown and rainbow trout)
- Kokanee salmon
- Walleye
- Sauger
- Pickerel, chain (jack) and redbfin
- Muskellunge
- White bass, in inland waters
- Bodie bass (striped bass hybrid), in inland waters
- Striped bass, in inland waters
- Shad (American and hickory), in inland waters
- White perch, in inland waters
- Yellow perch, in inland waters
- Spotted sea trout, in inland waters
- Flounder, in inland waters
- Red drum (channel bass, red fish and puppy drum), in inland waters

GENERAL REGULATIONS FOR INLAND GAME FISH

Purchase and Sale

- The purchase and sale of inland game fish are unlawful, except from and by licensed commercial trout ponds and fish propagators.

Manner of Taking

- Inland game fish may be taken only with a hook and line.
- Landing nets may be used to land fishes caught on a hook and line.
- It is unlawful to snag fish by pulling or jerking a device equipped with one or more hooks through the water for the purpose of impaling fish.
- American and hickory shad may be taken with bow nets from March 1 through April 30 in those counties and waters with open seasons for the use of bow nets (see “Seasons and Waters” pages 30–34) and are subject to daily creel limits (see page 20).
- In the inland waters of the Roanoke River upstream of the U.S. 258 bridge, only a single barbless hook or a lure with a single barbless hook may be used from April 1 to June 30. “Barbless” means that the hook either does not have a barb or that the barb is bent down.
- White perch may be taken when captured in a cast net being used to collect nongame fishes in all impounded waters west of Interstate 95 and in the Tar River Reservoir (Nash Co.).

Possession and Use of Game Fish

1. It is unlawful to take, in any one day, more than the daily creel limit of any inland game fish having a specified creel limit.
2. It is unlawful to possess more than the daily creel limit while fishing, boating or afield; or to possess at any place more than three days' creel limit.
3. It is unlawful to possess fish whose size, creel or season restrictions are not in compliance with the regulations on the waters being fished.
4. It is unlawful, while fishing, to change the appearance of fish subject to size limits or daily creel limits or remove the head and/or tail from fish that are regulated by a size limit so that they may not be measured and/or identified.
5. It is unlawful to destroy unnecessarily any inland game fish taken from public fishing waters.
6. Inland game fish may be used as bait if they are legally taken and are in agreement with the size and creel limits of the waters being fished and other regulations.

Seasons There are no closed seasons on inland game fishes with the following exceptions:

1. In Hatchery Supported Trout Waters, where the season for all fishes is closed and fishing is prohibited from March 1–April 2, 2016. This closed season for fishing does not apply to power reservoirs or municipal water supply reservoirs.
2. On U.S. Fish and Wildlife Service National Wildlife Refuges, where federal regulations apply. See pages 43–45 for a list of refuges and contact information.
3. On the Roanoke River, where the striped bass season is closed from May 1–end of February from the Roanoke Rapids Dam downstream to the mouth of the river at Albemarle Sound, unless changed by proclamation of the Executive Director, Wildlife Resources Commission.
4. In the Central-Southern Striped Bass Management Area where it is unlawful to possess striped bass or Bodie bass (striped bass hybrid) from May 1 – Sept. 30.

Additional information on these and other species can be found at ncwildlife.org/fishing

5. In Cape Fear River and tributaries below Buckhorn Dam where possession of striped bass and Bodie bass (striped bass hybrid) is prohibited.
6. In Sutton Lake, where possession of largemouth bass is prohibited from Dec. 1 – March 31.
7. Fishing is prohibited from Feb. 15 – April 15 in the Linville River from the mouth, as marked at Lake James, upstream to the N.C. 126 bridge.
8. Seasons and size and creel limits for spotted sea trout, flounder, and red drum are the same as those recreational limits established by the Division of Marine Fisheries in adjacent joint and coastal fishing waters. For current limits, see portal.ncdenr.org/web/mf/recreational-fishing-size-and-bag-limits or call 252-726-7021 or 800-682-2632.

TROT LINES, SET-HOOKS AND JUG-HOOKS

- A trotline is a fishing device consisting of a horizontal common line having multiple hooks attached.
- A set-hook is a fishing device consisting of a single line having no more than three hooks that is attached at one end only to a stationary object.
- A jug-hook is a fishing device consisting of a single line having no more than three hooks that is attached at one end only to a float.
- Trotlines, set-hooks and jug-hooks may be fished under any license that authorizes basic fishing privileges.
- It is unlawful to use live bait with trotlines, set-hooks or jug-hooks.
- Trotlines must be set parallel to the nearest shore in all public

- waters, where their use is authorized.
- Each trotline, set-hook and jug-hook shall have attached the user’s name and address or the user’s WRC customer number legibly inscribed.
- Each trotline shall be conspicuously marked at each end, and each set-hook shall be conspicuously marked at one end with a prominent flag or floating object.
- Metal cans and glass containers cannot be used as markers.
- The number of jug-hooks that may be fished is limited to 70 per boat.
- Trotlines, set-hooks and jug-hooks must be fished daily, and all fish must be removed daily.
- Trotlines, set-hooks and jug-hooks **without bait or not properly labeled** may be removed from the water by wildlife enforcement officers.
- Blue crabs may be taken recreationally with a single line with multiple baits without hooks (see restrictions under “Taking Nongame Fish, Crustaceans, and Mollusks for Bait or Personal Consumption” on page 29).

Exceptions

- No trotlines, set-hooks or jug-hooks may be used in the impounded waters of Sandhills Game Land.
- No trotlines, set-hooks or jug-hooks may be used in Public Mountain Trout Waters, except impounded waters of power reservoirs and municipal water supply reservoirs open to the public for fishing.
- In Lake Waccamaw, it is unlawful to use trotlines, set-hooks or jug-hooks from May 1–Sept. 30.

REGULATIONS FOR WARMWATER GAME FISH

State waters are classified as: inland, joint and coastal (see “General Information” on page 16). These state waters are collectively referred to as public fishing waters. Certain fishes, including largemouth bass, crappie and mountain trout are designated inland game fish and under the jurisdiction of the Wildlife Resources Commission in all public waters; whereas, some species, including striped bass, white and yellow perch, flounder and red drum, are designated as inland game fish only in inland waters (see list on page 16).

STATE FISH HATCHERIES

- It is unlawful to fish at any time in the waters or on the property of any state fish hatchery, including Bones Creek from the Lake Rim Dam to the U.S. 401 Bypass (Raeford Road), except McKinney Lake Reservoir at McKinney Lake State Fish Hatchery.

Fishing on Game Lands

- A game lands license is not required to fish in any waters on game lands.
- All game lands are open to public fishing with the following exceptions:
 - Re-stocked ponds when posted against fishing.
 - Grogan Creek in Transylvania County, which serves as a fish hatchery and water supply.
 - Hunting Creek Swamp Waterfowl Refuge in Davie County.
 - Private ponds where fishing may be prohibited by property owners.
- In all game lands ponds, forked-tail catfish may be taken only by hook and line, and the daily creel limit is six catfish for all species combined.
- The use of special fishing devices, including crab pots, is prohibited in designated waterfowl impoundments located on game lands. Exception: Nongame fish may be taken year-round with

archery equipment (see page 41) from waterfowl impoundments located entirely on game lands other than the impounded waters on the Sandhills Game Land and Public Mountain Trout Waters.

- Blue crabs may be taken recreationally from designated waterfowl impoundments on game lands with hand-held lines with single baits and a collapsible crab trap with a maximum opening of 18 inches. The limit is 50 crabs per person, per day or 100 per vessel per day with a minimum carapace width of five inches (point to point).

REGULATIONS FOR MOUNTAIN TROUT

Brook, brown and rainbow trout require cold, clean water and are therefore generally restricted to mountain streams and lakes. Those mountain waters that support trout and are open to public fishing are designated as “Public Mountain Trout Waters” by the Wildlife Resources Commission and are managed for public trout fishing. A significant amount of trout fishing opportunities in western North Carolina are located on private property. These landowners have generously allowed for public access for fishing. Please respect their property. Your cooperation is needed to protect fishing opportunities for future generations. The Commission conspicuously marks Public Mountain Trout

Waters with regulation signs that indicate locations for public access. When anglers encounter “posted against trespass” signs along these designated sections on private lands, they should respect the property owner’s rights and choose another location along that stream to fish. Maps of trout water and their classifications may be viewed at ncwildlife.org/fishing/trout.

Fishing in Public Mountain Trout Waters

- Fishing is limited to hook and line only.
- An **artificial lure** is defined as a fishing lure that neither contains nor has been treated with any substance that attracts fish by the sense of taste or smell.
- **Natural bait** is defined as any living or dead organism (plant or animal), or parts thereof, or prepared substances designed to attract fish by the sense of taste or smell.
- It is unlawful to take fish bait or bait fish from Public Mountain Trout Waters.
- It is unlawful to possess natural bait while fishing Wild Trout and Catch and Release waters, unless those waters are also specifically classified for use of natural bait.
- Dropper flies may be used when fishing any Public Mountain Trout Waters.
- It is unlawful to fish with more than one line per person, except on power reservoirs and municipal water supply reservoirs.
- Fishing is not allowed in Hatchery Supported Trout Waters during the closed season except in the Linville River and tributaries within Linville Gorge Wilderness Area and on power reservoirs and municipal water supply reservoirs designated as trout waters.
- Non-trout species may be harvested from Delayed Harvest Trout Waters during the catch-and-release only trout season under applicable size and creel limits.
- It is unlawful to place hatchery-reared fish into Wild Trout Waters or move wild fish from one stream to another on game lands without prior written authorization.
- Information and regulations about trout fishing on game lands are listed on page 27.

Trout Fishing in Undesignated Waters

Some waters that are not designated as Public Mountain Trout Waters contain mountain trout. When fishing in undesignated waters, there is no size limit or bait restriction, and the creel limit is seven trout per day. A trout fishing license is not required to fish undesignated waters, and there is no closed season.

Public Mountain Trout Waters

Public Mountain Trout Waters are classified for management purposes as either “Hatchery Supported Trout Waters” or “Wild Trout Waters.” Hatchery Supported Trout Waters must be stocked periodically with trout to sustain angling. Wild Trout Waters are high-quality waters that sustain trout populations by natural reproduction. Some Public Mountain Trout Waters are specially regulated to meet specific management objectives. These are further classified as follows:

- “Catch and Release/Artificial Flies Only Trout Waters”
- “Catch and Release/Artificial Lures Only Trout Waters”
- “Delayed Harvest Trout Waters”
- “Special Regulation Trout Waters”
- “Wild Trout/Natural Bait Waters”

Some of these public trout waters are also classified as Mountain Heritage Trout Waters and are identified on page 27.

Catch and Release/Artificial Flies Only Trout Waters

These waters and their tributaries, except as noted, may be fished only with artificial flies having one single hook. No trout may be harvested or possessed while fishing these streams. These streams are marked with red-and-gold signs.

Catch and Release/Artificial Lures Only Trout Waters

These waters and their tributaries, except as noted, may be fished only with artificial lures having one single hook. No trout may be harvested or possessed while fishing these streams. These streams are marked with purple-and-gold signs.

Delayed Harvest Trout Waters

Delayed Harvest Trout Waters, excluding tributaries except as noted, may be fished only with artificial lures with one single hook, no natural bait may be possessed, and no trout may be harvested or possessed while fishing these waters between Oct. 1, 2015 and 30 minutes after sunset on June 3, 2016. These waters are closed to fishing between 30 minutes after sunset on June 3 and 6 a.m. on June 4. At 6 a.m. on June 4, 2016, these waters open to fishing for youths under 16 years old under Hatchery Supported Trout Waters regulations—no bait restriction, no minimum length limit and seven-trout-per-day creel limit. At 12 p.m. on June 4, 2016, these waters open for all anglers under Hatchery Supported Trout Waters regulations. These waters are marked with black-and-white signs.

Hatchery Supported Trout Waters

In Hatchery Supported Trout Waters there is no size limit or bait restriction, and the creel limit is seven trout per day. These waters are marked with green-and-white signs.

Special Regulation Trout Waters

These portions of Public Mountain Trout Waters, excluding tributaries except as noted, are subject to watercourse-specific, special regulations. These streams are marked with white-and-red signs.

Wild Trout Waters

In all Wild Trout Waters, the minimum length limit is seven inches and the creel limit is four trout per day. Only artificial lures with one single hook may be used. All Public Mountain Trout Waters located on game lands are Wild Trout Waters unless classified and posted otherwise. Wild Trout Waters are marked with blue-and-gold signs.

Wild Trout/Natural Bait Waters

These waters and their tributaries, except as noted, may be fished with artificial lures or natural bait, except live fish. Lures and natural baits are restricted to one single hook. The minimum length limit is seven inches, and the daily creel limit is four trout. These streams are marked with brown-and-gold signs.

Trout Fishing on the Blue Ridge Parkway Angling opportunities on the Blue Ridge Parkway are managed by the National Park Service which establishes fishing regulations for parkway waters. The Wildlife Resources Commission aides with management by stocking catchable-size trout into the following waters:

County	Water
Alleghany	Brush Creek
Alleghany	Big Pine Creek
Alleghany	Meadow Fork
Avery	Linville River
Buncombe	Swannanoa River
Watauga	Middle Fork of the New River
Watauga	Price Lake

ATTENTION TROUT ANGLERS

Did you know **Eastern Hellbenders** (a.k.a. “water dogs”) are harmless, nonvenomous, giant, crayfish-eating, aquatic salamanders that are indicators of good water quality and healthy streams? Did you know that thriving, diverse fish populations and healthy hellbender populations go hand-in-hand?

The Wildlife Resources Commission wants to conserve this amazing mountain creature and needs your help. If you accidentally catch a hellbender on hook and line, please immediately release the animal at the spot of capture by carefully removing the hook or cutting the line as close as possible to the hook.

Water dogs need your help!

Let us know where you found a hellbender by calling 919-707-0050 so we can map their distribution. THANKS!

Specific fishing regulations are displayed on signs located near fishing access points, and all persons age 16 or older must possess a valid North Carolina or Virginia fishing license to fish parkway waters. In addition, the parkway provides wild and catch-and-release trout fishing, as well as, angling for bass and sunfish.

For more information on fishing in parkway waters, contact: Blue Ridge Parkway, 199 Hemphill Knob Road, Asheville, NC 28803. Telephone: 828-271-4779, or at their website: <http://www.nps.gov/blri/parkmgmt/lawsandpolicies.htm>.

Trout Fishing on North Carolina State Parks Fishing in waters within a state park is limited to park operating hours. Additional park information may be obtained at ncparks.gov or by contacting the following park offices:

NONGAME FISH

Any fish not classified as a game fish is considered a nongame fish when found in inland fishing waters and includes shellfish and crustaceans.

Sale of Nongame Fish

- Nongame fish caught on hook and line, grabbling and by special fishing devices may be sold, subject to the following restrictions:
 1. Bowfin may not be sold.
 2. Blueback herring and alewife taken by any method in inland waters may not be sold, except for those fish less than six inches in length that are taken from Kerr Reservoir (Granville, Vance, and Warren counties).
 3. American eel less than nine inches in length taken from inland fishing waters may not be possessed or sold.
 4. In Lake Norman and Badin Lake the daily possession limit for blue catfish greater than 32 inches in length is one.
 5. Blue crabs taken from inland fishing waters with a line containing multiple baits may not be sold.
 6. Seasons and size and creel limits for gray trout are the same as those recreational limits established by Division of Marine Fisheries in adjacent joint and coastal fishing waters. For current limits, see portal.ncdenr.org/web/mf/recreational-fishing-size-and-bag-limits or call 252-726-7021 or 800-682-2632.
 7. Those listed under “Miscellaneous Prohibitions” on page 34.
 8. A special fishing device license is required when taking nongame fish with special fishing devices and also subject to restrictions listed under “Special Fishing Devices,” on page 30, “Seasons and Waters” on pages 30–34, and “Fishing on Game Lands” on page 21.
- The sale of commercially raised nongame fish is regulated by the NC Department of Agriculture and Consumer Services.

Manner of Taking Nongame Fish

- Nongame fish may be taken by hook and line or by grabbling; no fish may be taken by snagging. Special devices may be used to take nongame fish with proper licenses (see “Special Fishing Devices,” page 30) in those counties and waters with open seasons (see “Seasons and Waters” pages 30–34).
- Nongame fishes may be taken year-round with archery equipment (see page 41) under any license that authorizes basic hunting or inland fishing privileges in waterfowl impoundments located entirely on game lands and in all inland fishing waters other than the impounded waters on the Sandhills Game Land, Public Mountain Trout Waters, and reservoirs with restrictions on taking grass carp listed on page 29.
- For special rules governing trotlines, see “Trotlines, Set-hooks and Jug-hooks” (page 18).

- Crab pots may not be used in inland fishing waters or in designated waterfowl impoundments located on game lands, except that persons owning property adjacent to the inland fishing waters of coastal rivers and their tributaries may set two crab pots attached to their property and a special device license is not required.
- Blue crabs may be taken recreationally with a single line with multiple baits without hooks (see restrictions under “Taking Nongame Fish, Crustaceans, and Mollusks for Bait or Personal Consumption” below).

***Use of gasoline engines to power boats is prohibited.**

- In Lake Norman and Badin Lake the daily creel limit for blue catfish greater than 32 inches in length is one.
- There is no open season for sturgeon. Any sturgeon caught must be immediately released.
- No more than 25 American eel, none of which may be less than nine inches in length, **may be taken or possessed, regardless of origin, while boating on or fishing in inland fishing waters.**
- Blue crabs taken by hook and line from inland fishing waters or in designated waterfowl impoundments located on game lands must have a minimum carapace width of five inches (point to point). The daily limit is 50 crabs per person or 100 per vessel per day.
- No herring (alewife and blueback) greater than six inches in length may be taken or possessed, regardless of origin, while boating on or fishing in inland fishing waters of coastal rivers and their tributaries up to the first impoundment of the main course on the river (listed below), the Lumber River including Drowning Creek, and in all other inland fishing waters east of Interstate 95.
 - Roanoke River – Roanoke Rapids Dam
 - Tar River – Rocky Mount Mill Dam
 - Neuse River – Milburnie Dam
 - Cape Fear River – Buckhorn Dam
 - Waccamaw River – Lake Waccamaw Dam
 - Pee-Dee River – Blewett Falls Dam
- Grass carp may not be possessed on Lake James, Lookout Shoals Lake, Lake Norman, Mountain Island Reservoir, Lake Wylie, and John H. Kerr Reservoir, except that one fish per day may be taken and possessed with archery equipment (see page 41).
- Grass carp may not be possessed or taken with archery equipment (see page 41) on Lake Gaston and Roanoke Rapids Reservoir except for scientific study by permit issued by the Wildlife Resources Commission (S.L. 2009-261).
- Seasons and size and creel limits for gray trout are the same as those recreational limits established by Division of Marine Fisheries in adjacent joint and coastal fishing waters. For current limits, see portal.ncdenr.org/web/mf/recreational-fishing-size-and-bag-limits or call 252-726-7021 or 800-682-2632.
- In Public Mountain Trout Waters, the season shall be the same as the trout-fishing season.
- Information and regulations about fishing on game lands are listed on page 21.

Taking Nongame Fish, Crustaceans, and Mollusks for Bait or Personal Consumption

- Nongame fishes, crustaceans (crayfish and blue crabs), and mollusks taken for bait or personal consumption may not be sold.
- Nongame fishes, crustaceans, and mollusks may be taken for bait or personal consumption only with the equipment listed below, and an appropriate inland fishing license is required. (See regulations for taking and sale of nongame fish on pages 28–29 and other nongame regulations on page 40 for more information).
 1. A dip net not greater than six feet across.
 2. A seine not greater than 12 feet in length with a bar mesh measure of not more than 1/4 inch, except in Lake Waccamaw

- any length seine may be used to collect bait fishes.
 - 3. A cast net.
 - 4. **A bow net in those counties and waters with open seasons (see “Seasons and Waters” page 30-34).**
 - 5. Minnow traps under immediate control and attendance of the operator and not exceeding 12 inches in diameter, with funnel openings not exceeding one inch in diameter.
 - 6. A gig except in Public Mountain Trout Waters.
 - 7. Traps (no more than three) in those counties and waters with open seasons (see “Seasons and Waters” page 30-34).
 - 8. Eel pots (no more than two).
 - 9. A spear gun in those counties and waters with open seasons (see “Seasons and Waters” page 30-34).
 - 10. Hand-held lines with single baits attached to each.
 - 11. A single, multiple bait line for taking crabs not to exceed 100 feet in length that is under the immediate control and attendance of the user and is limited to one line per person and no more than one line per vessel. The line is required to be marked on each end with a solid float no less than five inches in diameter and bearing legible and indelible identification of the user’s name and address.
 - 12. A collapsible crab trap with the largest opening not greater than 18 inches and which, by design, collapses at all times when in the water, except when being retrieved or lowered to the bottom.
 - The daily creel limit is 200 nongame fish, crayfish, and mollusks, in combination, subject to the following restrictions:
 1. No more than 25 American eel, none of which may be less than nine inches in length, **may be taken or possessed, regardless of origin, while boating on or fishing in inland fishing waters.**
 2. No herring (alewife and blueback) greater than six inches in length may be taken or possessed, regardless of origin, while boating on or fishing in inland fishing waters of coastal rivers and their tributaries up to the first impoundment dam on the main course of the river, the Lumber River including Drowning Creek, and all other inland fishing waters east of Interstate 95.
 3. No more than 50 crabs per person, per day or 100 per vessel, per day with a minimum carapace width of five inches (point to point) from inland fishing waters or in designated waterfowl impoundments located on game lands.
 4. In Lake Norman and Badin Lake the daily creel limit for blue catfish greater than 32 inches in length is one.
 5. Seasons and size and creel limits for gray trout are the same as those recreational limits established by Division of Marine Fisheries in adjacent joint and coastal fishing waters. For current limits, see portal.ncdenr.org/web/mf/recreational-fishing-size-and-bag-limits or call 252-726-7021 or 800-682-2632.
 - Any fish taken for bait purposes are included in the daily possession limit for that species (where such a limit is specified).
 - Nongame fish may not be taken for bait from Bear Creek and Rocky River, Chatham County; Fork Creek, Randolph County; Deep River below Coleridge Dam, Randolph County; and those portions of Deep River in Moore, Chatham and Lee counties.
 - Game fish incidentally taken with nets or traps, while capturing bait, must not be harmed and must be released immediately.
- Taking Freshwater Mussels**
- Freshwater mussels, including the Asiatic clam (*Corbicula fluminea*), may only be taken from impounded waters, except mussels shall not be taken in Lake Waccamaw and in University Lake (Orange County).

- The daily possession limit for freshwater mussels is 200 in the aggregate, except there is no daily possession limit for the Asiatic clam (*Corbicula fluminea*).

Special Fishing Devices

- Special fishing devices, which may be licensed for the taking of nongame fishes, include the following: archery equipment (see page 41), seines, cast nets, gill nets, dip nets, bow nets, reels, gigs, spear guns, baskets, fish pots, eel pots, traps (excluding crab traps and automobile tires), and hand-crank electrofishers where authorized by local law.
- **Special fishing devices may only be used in waters having designated seasons.** See list (by county) under “Seasons and Waters” on pages 30–34.
- Hand-crank electrofishers are any manually operated device capable of generating a low-voltage electrical current, not to exceed 300 volts, for the taking of catfish.

Term and Use of Special Device Licenses

- The license is valid during a license year (12 months from date of purchase).
- Each user of a special device must have his own license in possession, except that a bow net or dip net may be used by another person who has the owner’s license in his possession.
- Only the principal owner or operator must be licensed when drag seines are used at inland beaches to take mullet.
- Nongame fishes may be taken with archery equipment (see page 41) under any license that authorizes basic hunting or fishing privileges.

Netting Restrictions

- Stationary nets must not exceed 100 yards in length and must be spaced at least 50 yards apart.
- “Attendance” requires that a fisherman be within 100 yards of his net at all times.
- Stationary nets must run parallel to the nearest shoreline.
- Anchored, fixed or drift gill nets must be marked at each end with two separate yellow buoys, which shall be of solid foam or other solid buoyant material no less than five inches in their smallest dimension. Buoys on each of the nets shall be marked (by engraving buoys or attaching engraved metal or plastic tags) with one of the following: owner’s N.C. vessel registration number, owner’s U.S. vessel documentation name or owner’s last name and initials.
- No wires or ropes associated with a special fishing device may extend across any navigable watercourse.

Fish-Trap Restrictions

- A fish trap may be no more than 60 inches in length and no more than 30 inches in depth or width.
- No lead nets, wing nets or other devices may be attached to the trap nor used within 25 feet of the trap.
- Such devices, when set and left unattended, shall be affixed with a card or tag furnished by the license-holder and upon which his name and address shall be legibly inscribed.

Eel Pot Restrictions

- It is unlawful to use eel pots with mesh sizes smaller than one-half inch by one-half inch.
- Each eel pot must be marked by attaching a floating buoy, which shall be of solid foam or other solid buoyant material and no less than five inches in diameter and no less than five inches in length. Buoys may be of any color except yellow. The owner shall always be identified on the attached buoy by using engraved buoys or by engraved metal or plastic tags attached to the buoy. Such identification shall include one of the following: owner’s N.C. vessel registration number, owner’s U.S. vessel documentation name, or owner’s last name and initials.

Seasons and Waters

- There is no open season for sturgeon. Any sturgeon caught must be immediately released.
- No river herring greater than six inches in length may be taken or possessed, regardless of origin, while boating on or fishing in inland fishing waters of coastal rivers and their tributaries, up to the first impoundment of the main course of the river (listed on page 29), the Lumber River, including Drowning Creek, and all other inland fishing waters east of Interstate 95.
- Nongame fish may be taken year-round with archery equipment (see page 41) in waterfowl impoundments located entirely on game lands and in all inland fishing waters other than the impounded waters on the Sandhills Game Land, Public Mountain Trout Waters, and reservoirs with restrictions on taking grass carp listed on page 29.
- No special fishing devices, including crab pots, may be used in designated waterfowl impoundments located on game lands. Exception: Nongame fish may be taken year-round with archery equipment (see page 41) from waterfowl impoundments located entirely on game lands other than the impounded waters on the Sandhills Game Land.
- Seasons and waters, in which use of special devices other than archery equipment (see page 41) is authorized, are indicated by the following counties:

AQUATIC HITCHHIKERS!

CLEAN AND DRY ANYTHING THAT COMES INTO CONTACT WITH WATER

Invasive aquatic plants, such as hydrilla and giant salvinia; exotic mussels, such as zebra and quagga mussels; and even algae, like didymo or rock snot, can hitch a ride on fishing and boating gear. Once established, they cause extensive damage to aquatic systems.

We need your help to prevent the spread of nuisance species.

When you leave a body of water:

- Remove any visible mud, plants, fish or animals before transporting equipment.
- Eliminate water from equipment before transporting.
- Clean and dry anything that comes into contact with water (boats, trailers, equipment, clothing, dogs, etc.).
- Never release plants, fish or animals into a body of water unless they came out of that body of water.

MISCELLANEOUS PROHIBITIONS

Possession of Certain Fishes

- It is unlawful to transport, purchase, possess or sell any live individuals of piranha, “walking catfish” (*Clarias batrachus*), snakehead fish (from the Family *Channidae*, formerly *Ophiocephalidae*), white amur or “grass carp” (*Ctenopharyngodon idella*) (see exception below), black carp (*Mylopharyngodon piceus*), bighead carp (*Hypophthalmichthys nobilis*), silver carp (*Hypophthalmichthys molitrix*), swamp or rice eel (*Monopterus albus*), red shiner (*Cyprinella lutrensis*), rudd (*Scardinius erythrophthalmus*), round goby (*Neogobius melanostomus*), tubenose goby (*Proterorhinus marmoratus*), ruffe (*Gymnocephalus cernuus*), Japanese mystery snail (*Cipangopaludina japonica*), Chinese mystery snail (*Cipantopaludina chinensis malleata*), red-rim melania (*Melanoides tuberculatus*), virile crayfish (*Orconectes (Gremicambarus) virilis*), rusty crayfish (*Orconectes (Procericambarus) rusticus*), Australian red claw crayfish or “red claw” (*Cherax quadricarinatus*) or other species of “giant” crayfish species in the genus *Cherax*, or zebra mussel (*Dreissena polymorpha*) or quagga mussel (*Dreissena rostriformis bugensis*) or any mussel in the family *Dreissenidae*, or to stock any of them in the public or private waters of North Carolina.
- Certified triploid grass carp may be bought, possessed and stocked with a permit from the Wildlife Resources Commission.
- It is unlawful to take or possess any state or federally designated endangered, threatened, or species of special concern, including sturgeon from the inland waters of North Carolina.
- It is unlawful to possess, transport or release live alewife or blueback herring in the Little Tennessee River including its tributaries and impoundments.
- It is unlawful to stock fish into public fishing waters without a permit from the Wildlife Resources Commission.

FISHING ACCESS AREA REGULATIONS

It is unlawful to:

- Use any public fishing area for purposes other than fishing, except where facilities are provided and approved uses are posted. All other uses—including swimming, sunbathing on piers or decks, launching or mooring jet skis or boats, skiing, building fires, operating concessions or other activities not directly associated with fishing—are prohibited.
- Possess a loaded firearm other than a handgun possessed pursuant to a valid concealed handgun permit on those public fishing areas where concealed carry is allowed by the landowner. Carrying any loaded firearm, including concealed handguns, is not allowed on public fishing areas at Bladen Lakes State Forest Game Land, Buckhorn Butner-Falls of Neuse Game Land, Chatham Game Land, DuPont State Forest Game Land, Harris Game Land, Hyco Game Land, Jordan Game Land, Kerr Scott Game Land, Lee Game Land, Mayo Game Land, Pee Dee

River Game Land north of U.S 74, Sutton Lake Game Land, Vance Game Land, the portion of R. Wayne Bailey-Caswell Game Land that is located north of U.S. 158 and east of N.C. 119, and any other posted public fishing area.

- Use gasoline motors on Lake Rim in Cumberland County, and on Newbold and Etheridge ponds in Edgecombe County.

PUBLIC ACCESS FOR FISHING ONLY

- Where access to inland fishing waters is provided through private property under an agreement with the landowner, the area is marked by sign indicating Public Access for Fishing Only.
- Any licensed angler and accompanying youths may cross the private property signed as Public Access for Fishing Only in order to access public waters for the purpose of fishing.
- Anglers using these areas are prohibited from entering before 7 am or remaining on the property after 9 pm, building fires, littering, swimming, launching or retrieving boats, and camping while on the private property unless otherwise posted.

BOATING ACCESS AREA REGULATIONS

It is unlawful to:

- Leave any vehicle, trailer, boat or other obstruction where it will impede the use of the ramp by others.
- Park any vehicles, trailer or boat anywhere on the area when the parking zone is fully occupied. This does not prohibit legal use of the ramp.
- Use the area for swimming, camping, operating concessions or for any use other than the launching and recovery of boats and parking of vehicles and boat trailers, except where facilities for a particular use are provided.
- Operate any vessel within 50 yards of the ramp at a speed greater than “No Wake” speed.
- Possess a loaded firearm other than a handgun possessed pursuant to a valid concealed handgun permit on those boating access areas where concealed carry is allowed by the landowner. Carrying any loaded firearm, including concealed handguns, is not allowed on boating access areas at Bladen Lakes State Forest Game Land, Buckhorn Butner-Falls of Neuse Game Land, Chatham Game Land, DuPont State Forest Game Land, Harris Game Land, Hyco Game Land, Jordan Game Land, Kerr Scott Game Land, Lee Game Land, Mayo Game Land, Pee Dee River Game Land north of U.S 74, Sutton Lake Game Land, Vance Game Land, the portion of R. Wayne Bailey-Caswell Game Land that is located north of U.S. 158 and east of N.C. 119, and any other posted boating access area.
- Operate a vehicle on any boat access area in a manner so as to endanger life or property.
- Deposit any debris or refuse anywhere on the grounds of the area.
- Fail to obey any instruction or signs regulating use of the access area.
- Conduct a fishing tournament weigh-in without first obtaining a letter of authorization from the Division of Engineering and Lands Management at ncwildlife.org/boating or by calling 919-707-0150. This permit must be available for inspection by wildlife enforcement officers during the tournament.
- Park in a handicapped space without displaying a handicapped plate or sign.

HYDROELECTRIC STATION SAFETY ZONES

- A 100-foot safety zone extends both upstream and downstream of the following hydroelectric stations. Only fishing and boating

are authorized within the safety zone, subject to the following restrictions:

- All boaters within the safety zone are required to wear approved U.S. Coast Guard personal flotation devices.
- Any anglers within the safety zone that enter the water are required to wear an approved U.S. Coast Guard personal flotation device.
- No vessel may anchor within this zone or tie off to any part of the hydroelectric station structure.

Catawba River:

- Bridgewater Hydroelectric Station (Paddy Creek, Linville and Catawba dams)
- Cowans Ford Hydroelectric Station
- Lookout Hydroelectric Station
- Mountain Island Hydroelectric Station
- Oxford Hydroelectric Station
- Rhodhiss Hydroelectric Station

Green River:

- Tuxedo Hydroelectric Station

Yadkin River:

- Narrows Hydroelectric Station
- High Rock Hydroelectric Station

**Protect Your Waters—
Don't Move That Fish!**

Illegal fish introductions can have long-lasting, negative impacts, such as altering the existing aquatic community through predation or competition; introducing diseases, parasites and unwanted fish species; and degrading water quality and habitat. Once established, stocked fishes are nearly impossible to eradicate.

DO YOUR PART TO PROTECT NORTH CAROLINA'S WATERS FROM THE DAMAGES OF ILLEGAL FISH INTRODUCTIONS:

- Don't release live bait fish or aquarium fish.
- Don't move live fish or aquatic wildlife from one body of water to another.

NORTH CAROLINA ANGLER RECOGNITION PROGRAM

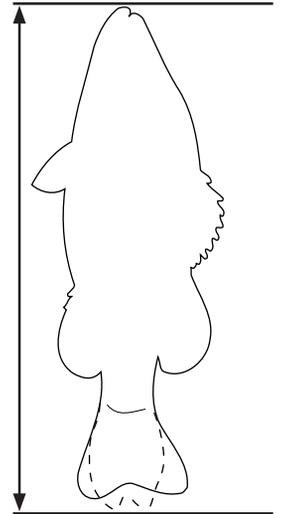

Any angler who catches a fish in North Carolina meeting specific size requirements can apply to have the catch recognized as a “trophy” fish through the North Carolina Angler Recognition Program, or NCARP. This program provides recognition to all anglers who catch trophy-size fish that are not large enough to qualify as state record fish.

Youth age 15 and younger may apply for a Youth NCARP certificate. Youth NCARP certificates are available for any fish listed below and do not have to meet any minimum length and weight requirements.

North Carolina Angler Recognition Program minimum trophy fish weight or length requirements

APPLYING FOR A FRESHWATER FISHING RECORD

The Wildlife Resources Commission maintains records for popular freshwater sport fishes caught by rod and reel or cane pole in state waters. State record fish must be weighed on scales certified by the N.C. Department of Agriculture and verified by a Wildlife Resources Commission fisheries biologist (or biologist designated by the Commission). For an application form and other requirements, visit ncwildlife.org/fishingrecords, or call the Division of Inland Fisheries at 919-707-0220.

Trapping Regulations and Information During the trapping seasons listed below, it is legal in North Carolina to trap armadillo, beaver, coyote, groundhog, mink, muskrat, nutria, opossum, otter, raccoon, skunk, weasel and bobcat. Gray and red foxes may only be trapped where provided by state or local law. For more information about fox trapping seasons, visit the trapping page at ncwildlife.org and click on "Fox Season Trapping and Hunting Laws." Coyotes may be trapped during the regular trapping season and during any fox-trapping season, established by statute or by local law, using methods described in statute, even when those seasons open prior to and extend after the regular trapping seasons.

Statewide Trapping Restrictions

It is unlawful to:

- Sell or otherwise transfer ownership of the carcass or pelt of a fox*, bobcat or otter without first tagging it with the appropriate tag available from the Wildlife Resources Commission. The fee is \$2.20 for each bobcat or otter tag and \$2.25 for fox*. You may purchase these tags by telephone, 888-248-6834, using a VISA or MasterCard credit card, or you can mail your request along with the fee to: NCWRC, Bobcat/Otter/Fox Tags, 1707 Mail Service Center, Raleigh, NC 27699-1707. Include your name, address, date of birth and WRC number. NOTE: All fox*, bobcat and otter fur must be tagged within 30 days of the close of the applicable season. **Once the season closes, the Commission will ship tags for another 23 days only.**
*except Beaufort, Chowan, Davidson, Hyde, Johnston, Rockingham and Stokes counties and Winston-Salem where local laws do not require fox tagging.
- Open or damage a beaver lodge without a permit from the Wildlife Resources Commission.
- Sell, keep or transfer ownership of any live animals, except foxes or coyotes and box-trapped rabbits. Foxes and coyotes may be sold live only to licensed fox preserves and only up to 10 days after the trapping season.
- Take red and gray fox except where provided by state or local law. For more information about fox trapping seasons, visit the trapping page at ncwildlife.org/Trapping/SeasonsLimits.aspx and click on the "fox" tab.
- Take wild animals by trapping upon the land of another without having in possession written permission issued and dated within the previous year by the landowner or his agent. This restriction does not apply to public lands on which trapping is not specifically prohibited including tidelands, marshlands, and any other untitled land.
- Remove or disturb any lawfully set trap or remove any furbearing animal from a trap without permission of the trap owner.

Statewide Trap-type Restrictions

- All traps must have a weather-resistant permanent tag attached legibly with the trapper's name and address.
- Unlawful to set or use a trap so that animals or birds will be suspended when caught.
- Unlawful to set or use a hook of any sort or type to take wild animals or wild birds.

Legal Trap Types

- Box/cage traps and colony traps
- Conibear™-type traps
- Foothold/steel-jaw/leg-hold traps (includes enclosed foothold traps)
- Snares (for beaver only)

Conibear™-type Traps

- Must be smooth-edged and without teeth or spikes.
- Jaw Spread:
 - To measure the width and height of a Conibear™-type trap, measure from inside jaw to inside jaw (Figure 1).
 - On dry land, cannot have a jaw spread greater than 7 ½ inches.
 - If totally covered by water, it can have an inside jaw spread (width or height) greater than 7 ½ inches and no larger than 26 inches in width and 12 inches in height.
 - In areas of tidal waters, the mean high water is considered covering water.
 - In reservoir areas, covering water is the low water level prevailing during the preceding 24 hours.
 - Trap can be checked every 72 hours if completely submerged.
- In addition, if trapping for beaver, Conibear™-type traps can be set one-half covered by water, but must be checked daily.

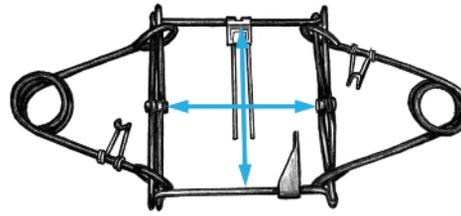

Figure 1. To measure the width and height of a Conibear™-type trap, measure from inside jaw to inside jaw.

Foothold/Steel-jaw/Leg-hold Traps:

- Must be smooth edged and without teeth or spikes.
- Jaw Spread:
 - To measure jaw spread of a foot-hold trap, measure from inside jaw to inside jaw (Figure 2).
 - Cannot have a jaw spread greater than 7 ½ inches.
 - If the jaw spread is between 5 ½ and 7 ½ inches, the jaws must be offset by 3/16th of an inch.
 - The jaws do not have to be offset if the trap is set in water with a quick-drown type set.

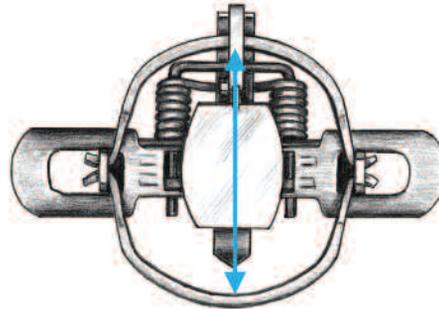

Figure 2. To measure jaw spread of a foot-hold/leg-hold trap, measure from inside jaw to inside jaw.

- Chain length:
 - Trap chain cannot be longer than 8 inches from anchor point to the base of the trap unless fitted with a shock-absorbing device with at least 40 lbs. and not more than 75 lbs. of pull.
 - Trap chain can be measured from anchor point (solid ground) to the base of the trap.

Snares

- Can be used to trap only beaver, except where allowed by local law.
- Cannot be used to trap any other wildlife, except where allowed by local law.

You should also read the "Game Lands" and "Local "laws" sections of this digest for trapping restrictions on certain game lands and in certain counties.

Attendance

Every trap must be visited daily and any animal caught therein removed, except for completely submerged Conibear™-type traps, which must be visited at least once every 72 hours and any animal caught therein removed.

**UNLAWFUL HARASSMENT OF PERSONS
TAKING WILDLIFE RESOURCES**

In North Carolina, it is unlawful for a person to interfere intentionally with the lawful taking of wildlife resources or to drive, harass, or intentionally disturb any wildlife resources for the purpose of disrupting the lawful taking of wildlife resources on public or private property. NOTE: This law does not apply to activity by a person on land he or she owns or leases or to a person who incidentally interferes with the taking of wildlife resources while using the land for other lawful activity such as agriculture, mining or recreation.

Violation of this subsection is a misdemeanor punishable for a first conviction by a fine not to exceed \$1,000, by imprisonment not to exceed 30 days, or by both and punishable for a second or subsequent conviction by a fine left to the discretion of the court (N.C. General Statute §113-295).

What Should I Do? If you experience unlawful harassment, immediately notify your nearest wildlife enforcement officer, county sheriff's office or local police department. Advise the authorities of this law and that you wish to hunt peacefully.

What Not to Do Do not provoke a fight, threaten reprisals or use profanity. Remember that some anti-hunting activists seek confrontation and may be accompanied by the news media.

TRAPPING SEASONS

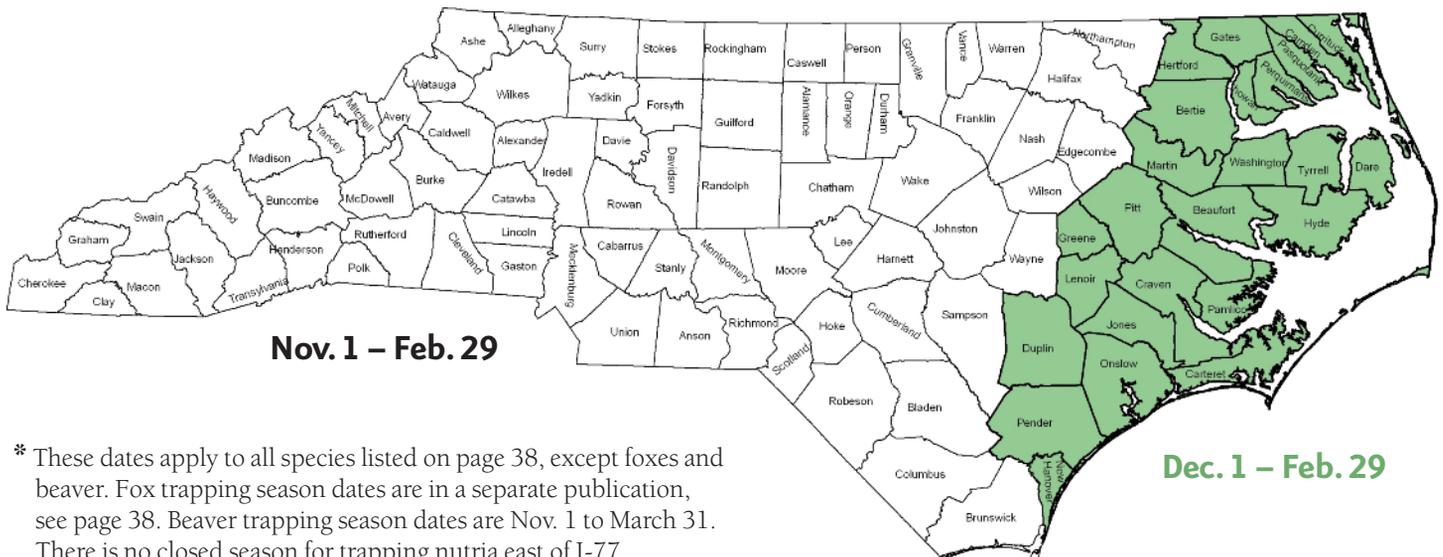

Season	Applicable Area
Dec. 1 – Feb. 29	In and east of Hertford, Bertie, Martin, Pitt, Greene, Lenoir, Duplin, Pender and New Hanover counties.
Nov. 1 – Feb. 29	In all other counties. NOTE: In addition to the regular trapping seasons listed above, coyotes may be taken in counties, areas and times where fox-trapping is allowed by statute.
Nov. 1 – Mar. 31	Statewide for beaver only. NOTE: Landowners whose property is or has been damaged or destroyed by beaver may take beaver on their property anytime by any lawful method without obtaining a permit from the Wildlife Resources Commission. The landowner may obtain assistance from other persons in taking the depredating beaver by giving those persons permission to take beaver on the landowner's property.
Jan. 2 – Jan. 23	Fox trapping is allowed in Caswell, Clay, Graham, Henderson, Macon and Tyrrell counties with a daily bag limit of two and a season bag limit of 10. Trappers must have fox tags prior to taking foxes, and the sale of live foxes under this season is prohibited.

There is no closed season and no bag limit for trapping nutria east of I-77.

Feral swine

There is no closed season and no bag limits for trapping feral swine. A hunting or trapping license is required, except for those persons who are license-exempt (see page 4). A feral swine trapping permit is also required, even for those persons who are license-exempt. This free permit is available at ncwildlife.org or by calling 919-707-0050. Only box and corral traps are legal for trapping feral swine and the permit number must be displayed on all traps. Traps must be constructed in a manner such that a non-target animal (such as a bear) can easily be released or can escape without harm. All feral swine must be euthanized while in the trap and may not be removed alive from any trap. The permit does not authorize access to any property. Landowner permission is still required. Feral swine trapping on game lands is allowed only with permission of the Commission. Call 919-707-0150 to inquire about trapping feral swine on game lands.

2015 – 2016 TRAPPING SEASONS*

* These dates apply to all species listed on page 38, except foxes and beaver. Fox trapping season dates are in a separate publication, see page 38. Beaver trapping season dates are Nov. 1 to March 31. There is no closed season for trapping nutria east of I-77.

NONGAME REGULATIONS AND INFORMATION

Any animal not classified as a game fish, game animal, furbearer or a game bird is considered to be nongame. There are, however, regulations that apply to the taking and collection of these wildlife resources. For animals not specified elsewhere in this Digest, the following guidelines apply:

Nongame Fish, Crustaceans and Mollusks – See pages 28–34 for information on collecting nongame fish, crustaceans and mollusks for personal use, sale and bait. A Scientific Fish Collection License is needed to take or collect any aquatic animal for scientific purposes. In addition, a special permit is required when the animal is a freshwater mussel or any endangered, threatened or special concern species.

Mammals – A Wildlife Collection License is needed to take or collect any nongame mammal. This includes bats. If the animal is endangered, threatened or of special concern, an Endangered Species permit is required.

Birds – Most birds in North Carolina are defined as migratory and thus are protected by federal laws. Call the U.S. Fish and Wildlife Service for more information at 919-856-4786. The exceptions are the English sparrow, pigeon, starling, mute swan, and Eurasian collared dove.

Reptiles – An annual Wildlife Collection License is needed to take or collect 5 or more lizards or snakes. Collection of 5 or more turtles of the family *Emydidae* or *Trionychidae* (basking and box turtles) is prohibited. Limits on snapping/mud/musk turtles are 10 per day, and 100 per year. If the animal is endangered, threatened or of special concern, an Endangered Species permit is required.

Amphibians – An annual Wildlife Collection License is needed to take or collect 25 or more frogs, toads, mudpuppies or salamanders (“spring lizards”). If the animal is endangered, threatened or of special concern, an Endangered Species permit is required.

Collection Licenses

- Wildlife Collection License and Scientific Fish Collection License applications are available online at ncwildlife.org/speciespermits, or for more information about applying, call 1-888-248-6834.
- The list of endangered, threatened and special concern species in North Carolina is online at ncwildlife.org/Conserving
- More information about nongame wildlife, resolving wildlife conflicts or holding animals in captivity is available online at ncwildlife.org or by calling the Division of Wildlife Management at 919-707-0050.
- It is not necessary to obtain a Collection License before defending yourself or another from a wildlife threat.

HELP KEEP North Carolina *Wild!*

Hunters and anglers were the original conservationists, helping to restore many game animals, such as turkeys, white-tailed deer and striped bass. Sustaining all wildlife populations requires funding to understand the ecology of species and how to conserve them in their natural habitats. **Help us to conserve the great diversity of birds, mammals, reptiles, amphibians, mollusks, crustaceans and fish that are essential components of North Carolina’s wildlife heritage.**

You can help by donated to the Nongame and Endangered Wildlife Fund. Your contributions will be used to assess population status, identify threats, and develop conservation programs to ensure a healthy future fo all North Carolina wildlife and their habitats.

Donations are tax deductible and easy to make:

- Visit ncwildlife.org/give to donate online or print a mail-in form.
- Call **888-248-6834**.
- Contribute a portion of your state income tax refund through the N.C. Tax Check-off for Nongame and Endangered Wildlife.
- Order a Wildlife Conservation license plate for your vehicle, trailer or camper by visiting ncwildlife.org/give.

HELP CONSERVE NORTH CAROLINA WILDLIFE AND NATURAL PLACES FOR FUTURE GENERATIONS TO ENJOY.

MANNER OF TAKING

Definition of Take To take is defined as all operations during, immediately preparatory and immediately subsequent to an attempt, whether successful or not, to capture, kill, pursue, hunt or otherwise harm or reduce to possession any fisheries resource or wildlife resource.

Season Dates For most species, hunting seasons are set to open on the same day of the week every year and at the same general time. For example, rabbit season opens every year on the Saturday before Thanksgiving and ends on the last day of February. Changes in season dates that are a result of newly adopted regulations will appear in red ink. However, most seasonal dates that are different from last year are the result of the annual shift of days in each year's calendar.

General Restrictions

- Lawful seasons and bag limits for each species apply beginning with the first day of the listed season and continuing through the last day of the listed season, including Sundays for private lands, with Sunday hunting restrictions listed in the next paragraph.
- It is unlawful to hunt on Sundays on public lands, except that military installations under the exclusive jurisdiction of the federal government may allow hunting on Sundays.

On Sundays, on private lands, the following apply:

- Hunting with firearms between 9:30 a.m. and 12:30 p.m. is prohibited except on controlled hunting preserves;
- Hunting migratory birds is prohibited;
- The use of firearms to take deer that are run or chased by dogs is prohibited;
- Hunting within 500 yards of a place of worship or any accessory structure thereof, or within 500 yards of a residence not owned by the landowner, is prohibited; and
- Hunting in Wake and Mecklenburg counties is prohibited.

NOTE: Hunting on Sundays with firearms becomes legal October 1, 2015. Until that day, the only legal manners of take are archery equipment and falconry.

- Shooting hours. Game birds and animals may be taken only between 30 minutes before sunrise and 30 minutes after sunset with rifle, pistol, shotgun, bow and arrow, dogs or by means of falconry with the following exceptions: raccoons, feral swine and opossums may be taken at night. Coyotes may be taken at night in all counties except Beaufort, Dare, Hyde, Tyrrell and Washington. Call 800-675-0263 for shooting hours for migratory birds.

Retrieval

- If a hunter kills or wounds a big game animal during legal shooting hours the hunter may use a portable light source and a single dog on a leash to assist the hunter in retrieving the dead or wounded big game animal and may dispatch a wounded big game animal using a .22-caliber rimfire pistol, archery equipment, or a handgun otherwise legal for that hunting season. If necessary, the hunter may also retrieve wounded big game in this manner from 30 minutes after sunset to 11:00 p.m. The hunter may not use a motorized vehicle when searching for the wounded animal.

Taking

- It is unlawful to use any of the following in taking wild birds or animals:
 - artificial lights (including laser sights), except for big game retrieval and taking feral swine and coyotes at night
 - electronic or recorded calls (except electronic calls are permitted for crow, coyote and feral swine hunting)
 - fire
 - motor vehicles—at no time may any wild animals or birds be taken with the aid of a motor vehicle while the passenger area is occupied or while the vehicle engine is running
 - vessels: under sail, under power, or with the engine running, or while still in the motion from such propulsion, except

crippled waterfowl (see page 61); or

- airplanes

- It is unlawful to take wild birds with the use or aid of bait, which includes any salt, salt lick, grain, fruit, honey, sugar-based material or substance, animal parts or animal products. Regulations for taking bear with unprocessed foods are on page 46.
- No wild turkey may be taken from an area in which bait has been placed until the expiration of 10 days after the bait has been consumed or otherwise removed.
- It is unlawful to take deer that are swimming or in water above the knees of the deer.
- Migratory game birds may be taken only during the hours and in the manner permitted by federal regulations.
- It is unlawful to shoot at or into a squirrel's nest.
- Individuals engaged in box trapping rabbits must have an appropriate hunting license to take or transport live rabbits.
- It is unlawful to accept the gift of wildlife lawfully taken unless you possess in writing the donor's name, address and hunting license number.
- It is unlawful to dump animal remains anywhere without permission.

Archery

- Archery hunting is limited to longbows and recurved bows having a minimum pull of 40 pounds, compound bows with a minimum pull of 35 pounds and crossbows with a minimum draw weight of 100 pounds. Only arrows with a fixed minimum broadhead width of 7/8 inch or a mechanically opening broadhead with a minimum width of 7/8 inch in the open position may be used for taking bear, deer or wild turkey. Blunt-type arrowheads may be used in taking small animals and birds, including but not limited to, rabbits, squirrels, quail, grouse, pheasants. Poisonous, drugged, barbed or explosive arrowheads may not be used for taking any game. Bolts must use broadheads as described for arrows

Shotguns

- Shotguns must be no larger than 10-gauge.
- When hunting migratory game birds, shotguns must be plugged so as to limit their maximum capacity to three shells.

Pistols

- During the open hunting season for rabbits, squirrels, opossums, raccoons, furbearing animals and legal nongame animals and birds, these species may be taken with a pistol. There are no restrictions on caliber and barrel length.
- A hunter or trapper lawfully taking wildlife by another method may use a pistol to dispatch the animal or bird taken, except as noted below.
- Deer and bear may be taken with a handgun during the established gun hunting season. There are no restrictions on barrel length or caliber.
- It is unlawful to hunt or take wild turkeys with pistols.

Rifles

- Fully automatic rifles are unlawful. All other rifles are legal except:
 - Rifles are prohibited by federal law in hunting migratory game birds.
 - Local laws prohibit or restrict rifles in some counties. See the local laws section on page 73.
 - It is unlawful to hunt or take wild turkeys with rifles.

Blackpowder

- During the blackpowder deer season, the only lawful firearms are blackpowder shotguns, rifles and handguns. The Commission defines a blackpowder firearm as any firearm that cannot use fixed ammunition.

Hunting with Dogs

- It is unlawful to hunt, run or chase deer at any time in these counties and all counties west of the line they form: Rockingham, Guilford, Randolph, Montgomery, Stanly and Union counties. This does not apply to the use of a single dog on a leash to assist the hunter in retrieving a dead or wounded deer.

- It is unlawful to hunt, run or chase deer at any time in these counties and parts of counties:
 - Alamance
 - Durham
 - Lee
 - Chatham
 - Johnston
 - Wayne
 - Anson west of N.C. 742
 - Chowan south of U.S. Highway 17 and U.S. Highway 17 Business and east of a line drawn from the intersection of the western city limits of the Town of Edenton and U.S. Highway 17 Business and extending due south to the Albemarle Sound
 - Orange south of I-85
 - Richmond west of Little River and to that portion east of Little River and bounded by N.C. 73 to the north, by Hough Road to the east, and by Grassy Island Road to the south.
 - Wake south of N.C. 98
- This does not apply to the use of a single dog on a leash to assist the hunter in retrieving a wounded deer.
- In all other counties hunting deer with dogs is allowed, but local law may impose further restrictions. See “Local Laws” section.
- In counties where hunting deer with dogs is allowed, game land rules may prohibit this activity. See “Game Lands” section.
- It is unlawful to hunt deer with dogs during Archery and Blackpowder seasons, except a hunter may use a single dog on a leash to assist the hunter in retrieving a dead or wounded deer.
- It is unlawful to hunt bears with dogs in the following counties: Alamance south of Interstate 85, Anson west of N.C. Hwy 742, Cabarrus, Chatham, Davie, Davidson, Forsyth, Gaston, Guilford, Lee, Lincoln, Mecklenburg, Montgomery, Orange south of Interstate 85, Pamlico (per local law) Randolph, Rockingham, Rowan, Stanly, Union, and Wake south of N.C. Hwy 98.
- Except for deer and bear as described above, hunting game animals and game birds (except for wild turkey) with dogs is allowed in all counties of the state, subject to the restrictions applied by local laws and game land rules. See “Local Laws” and “Game Lands” sections.
- It is unlawful to intentionally remove or destroy an electronic

collar or other electronic device placed on a dog by its owner to maintain control of the dog.

Training Dogs

- It is unlawful to run or chase deer during closed season, except when under the control of the owner. This applies only to counties where hunting deer with dogs is allowed. In counties or parts thereof and game lands where hunting deer with dogs is prohibited, running or chasing deer is prohibited at all times. See map on page 52.
- This does not apply to the use of a single dog on a leash to assist the hunter in retrieving a wounded deer.
- Except as allowed in authorized field trials and training using domestically-raised waterfowl or game birds, it is unlawful to possess axes, saws or tree-climbing equipment while training or running dogs during closed season.
- Individuals engaged in training dogs and individuals who are active participants in field trials must have an appropriate hunting license.
- When training dogs during the closed season, hunters may use domestically-raised waterfowl or game birds provided that they use shot shells with shot of number 4 size or smaller and the shot is nontoxic when training with waterfowl. All birds must be banded on one leg with the propagator’s license number.
- Further restrictions apply to training dogs on game lands during the closed season. See “Game Lands” section.

Field Trials

- Commission-sanctioned field trials may allow hunters to conduct field trials with dogs in areas and at times authorized with the use of approved weapons and ammunition and may authorize the use of certain domestically raised birds.
- Active participants in field trials are people who handle dogs or firearms.
- For commission-sanctioned field trials, active participants may use a hunting license from their state of residence. For all other types of field trials, active participants must have a N.C. hunting license.

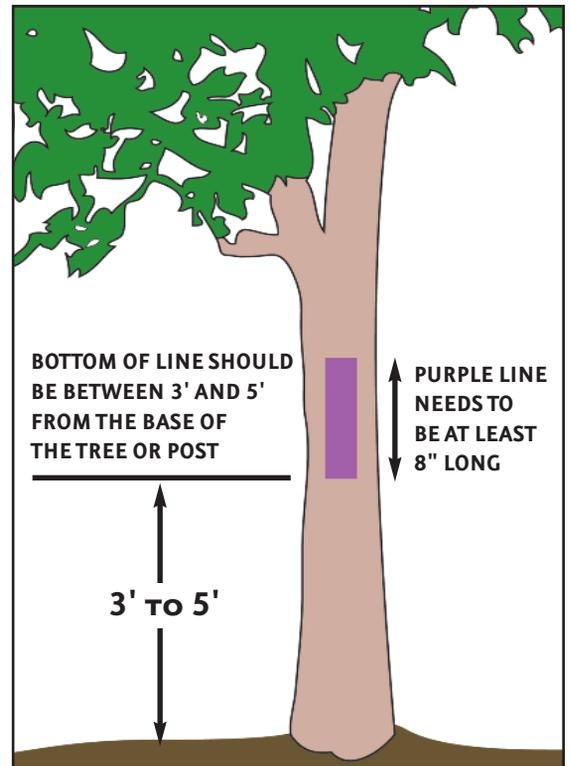

LANDOWNER PROTECTION ACT

Sportsmen need written permission, dated within the past 12 months, signed by the landowner or lessee, to hunt, fish, or trap on lands posted with signs no more than 200 yards apart or purple paint 100 yards apart. The property should also be posted at entrances and corners. You must carry written permission on your person. If a hunting club has leased the land, hunters must have a copy of their hunting club membership and a copy of the landowner permission given to that club. Wildlife officers will enforce the Landowner Protection Act.

The Landowner Protection Act does not change general trespass laws nor have any effect on lands which are not posted. It does not repeal any local acts currently in effect that require written permission to hunt, fish or trap.

North Carolina law encourages owners of land to make property available for recreational use. The law states that a landowner who allows someone, without charge, onto their land for recreational purposes owes them the same duty of care they would owe a trespasser.

- For commission-sanctioned field trials, judges do not need to have a hunting license. For all other types of field trials, judges must have a N.C. hunting license.
- Applications for authorization of a Commission-sanctioned field trial must be submitted in writing to a wildlife enforcement officer at least 30 days prior to the scheduled event.
- Applications for authorization of a Commission-sanctioned field trial may be obtained online at ncwildlife.org/Licensing

Boats Deer may not be hunted from boats or other floating devices in some counties. Also see restrictions for taking with vessels on page 41.

Hunter or Blaze Orange Any person hunting bear, feral swine, rabbit, squirrel, grouse, pheasant and quail with the use of firearms must wear a cap or hat made of hunter-orange material or an outer garment of hunter orange visible from all sides. Anyone hunting deer during a deer firearms season, regardless of weapon, must wear hunter orange visible from all sides. This includes archery hunters that hunt on Sunday during the deer firearms season **and anyone hunting on Youth Deer Hunting Day**. This requirement does not apply to a landholder, his or her spouse and children if they are hunting on the landholder's property.

Artificial Lights

- In addition to the prohibition of taking wildlife with the use of artificial light, except for big game retrieval, many counties have local regulations that prohibit shining lights on deer or searching for deer with lights 30 minutes after sunset or after 11 p.m. A color-coded map showing county shining laws is presented on page 53.
- The flashing or display of any artificial light between 30 minutes after sunset and 30 minutes before sunrise in any area that is frequented or inhabited by wild deer by any person who has access to him or her a firearm, crossbow or other bow and arrow constitutes prima facie evidence of taking deer with the aid of an artificial light.
- Raccoon and opossum may be taken at night, with dogs during open seasons, with the use of artificial lights commonly used to aid in taking raccoon and opossum. Where feral swine and coyotes may be hunted at night, artificial light may be used.

Road Hunting Local laws prohibit or restrict hunting or shooting from public roads or possession of a loaded firearm on road right-of-ways in some counties.

OTHER RESTRICTIONS

Local Laws There are many local laws affecting hunting and trapping in North Carolina. An abstract of local laws that are more restrictive than general regulations is included in this Digest. See the "Local Laws" section.

Exotic Species It is unlawful to place exotic species of wild animals or wild birds not indigenous to that area or feral swine in an area for the purpose of stocking the area for hunting or trapping. (There are certain limited exceptions for licensed-controlled hunting preserves.)

Transfer of Wildlife An individual may accept the gift of wildlife lawfully taken within North Carolina if taking possession does not cause the individual to exceed the applicable possession limit. The individual must note and preserve in writing the name and address of the donor and under what license requirements the wildlife was taken.

Trespas The establishment of open seasons does not obligate the private landowner to allow hunting on his property, nor does it eliminate the ethical requirement for obtaining permission from the landowner before hunting. In some counties, hunters are required to obtain permission to hunt on private property.

State Fish Hatcheries It is unlawful to possess a loaded firearm within a posted restricted zone on any state-owned fish hatchery

or to discharge a firearm into or across such a restricted zone.

Sale of Wildlife In general, whole animals or their parts may not be bought or sold in North Carolina. There are some exceptions. More information may be found at: ncwildlife.org/Licensing/Regulations/NongameandOtherRegulations/SaleofWildlifeRegulations.aspx

Cervid Carcass Parts Only the following deer, elk or moose carcass parts harvested in states or provinces with Chronic Wasting Disease (CWD) will be allowed in North Carolina:

- meat that is cut and wrapped
- quarters or other portions of meat with no part of the spinal column or head attached
- meat that has been boned out
- caped hides
- cleaned skull plates
- antlers
- cleaned teeth
- finished taxidermy products

These parts or their containers must be labeled with the hunter's name and address; state or province of origin; date the animal was killed; the hunter's hunting license number; and the destination of the parts or containers. A current map of CWD-infected states and provinces is available at: <http://www.cwdinfo.org/index.php/fuseaction/about.map>

- Dogs may not be used to take feral swine.
- Dogs may not be used to pursue bear.
- It is unlawful to train dogs or allow dogs to run unleashed on bear sanctuaries in and west of Madison, Buncombe, Henderson and Polk counties from March 1 until the Monday on or nearest Oct. 15.

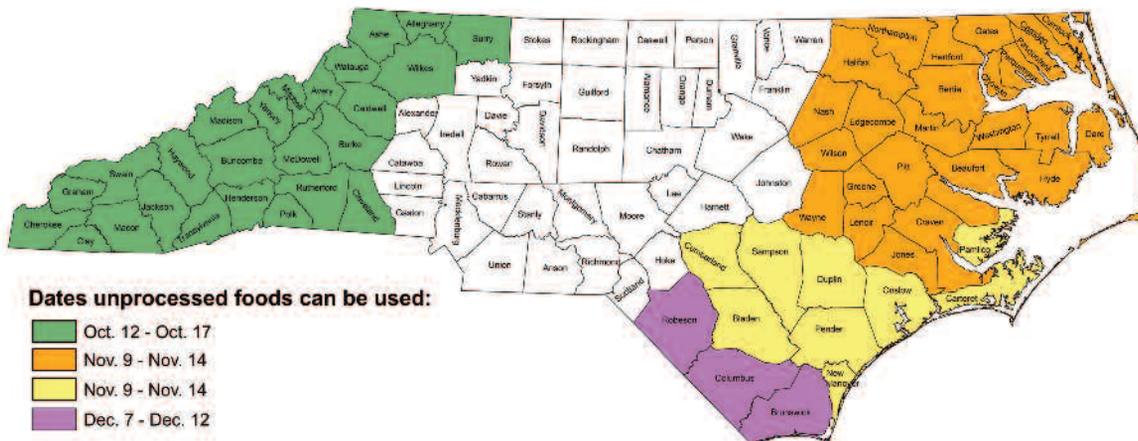

(continued on page 55)

Restrictions on Hunting Bear with Dogs and Using Unprocessed Foods

DOGS. Hunting bears with dogs is prohibited in the following counties or parts of counties: Alamance south of Interstate 85, Anson west of N.C. Hwy 742, Cabarrus, Chatham, Davie, Davidson, Forsyth, Gaston, Guilford, Lee, Lincoln, Mecklenburg, Montgomery, Orange south of Interstate 85, Pamlico (per local law), Randolph, Rockingham, Rowan, Stanly, Union, and Wake south of N.C. Hwy 98. In all other counties, hunting bears with the use of dogs is legal during open bear seasons, but restrictions may apply on game lands. See Game Land Section for further information.

UNPROCESSED FOODS. Only from the first open Monday of the bear seasons in the colored eastern and western counties of the map below until the following Saturday (**six days only**) * hunters may use unprocessed foods to aid in the taking of bears on private lands:

* *The prohibition against taking bears with the use and aid of bait does not apply to the release of dogs in the vicinity of any food source that is not a processed food product. However, dogs may not be released in the vicinity of any commercially available mineral supplement whether placed for the purpose of attracting deer or otherwise.*

UNPROCESSED FOODS. For the entire open bear seasons (**all days**) in the shaded central counties of the map below hunters may use unprocessed foods to aid in the taking of bears on private lands:

It is unlawful:

- to take a bear while in the act of consuming unprocessed foods;
- to place processed food products as bait in any area of the state with an established season for taking black bears. Processed food products are any food substance or flavoring that has been modified by the addition of ingredients or by treatment to modify its chemical composition or form or to enhance its aroma or taste. This includes: food products enhanced by sugar, honey, syrups, oils, salts, spices, peanut butter, grease, meat, bones, or blood; candies, pastries, gum, and sugar blocks; and extracts of such products;
- to use any bear bait attractant, including scented sprays, aerosols, scent balls, and scent powders; and
- to place any sort of processed or unprocessed foods on game lands.

DEER

YOUTH DEER HUNTING DAY

September 26, 2015

On this day, youth under the age of 16 may use any legal weapon to hunt deer of either sex. See page 41 for description of legal weapons. Hunters age 16 and older may only use the weapon legal for the type of season open in their county on this day. All hunters must wear hunter orange on this day, even if the hunter is using archery equipment.

Blackpowder: Oct. 31 – Nov. 13
Gun: Nov. 14 – Jan. 1

NORTHWESTERN DEER SEASON

Archery: Sept. 12 – Nov. 6
Blackpowder: Nov. 7 – Nov. 20
Gun: Nov. 21 – Jan. 1

WESTERN DEER SEASON

Archery: Sept. 12 – Sept. 27 and Oct. 11 – Nov. 22
Blackpowder: Sept. 28 – Oct. 10
Gun: Nov. 23 – Dec. 12

Seasons See the maps on the preceding pages for either-sex season dates for deer and exceptions to the season listed above.

- Seasons for deer with visible antlers and other weapons seasons on game lands follow the season for the county in which they are located except for Buffalo Cove Game Land, Nicholson Creek Game Land, Rockfish Creek Game Land, Sandhills Game Land and South Mountains Game Land. See the Game Lands section for additional restrictions on these Game Lands seasons. Refer to the “Game Lands” section for Gun Either-Sex Deer Season dates on game lands.

General Restrictions

- Any person hunting deer during a deer firearms season shall wear hunter orange visible from all sides. This includes hunting on Sundays during the blackpowder or gun seasons, even though hunters may only use archery equipment on Sundays. **This also includes anyone hunting on Youth Deer Hunting Day, regardless of age of the hunter or weapon used.** Landholders, their spouses and children hunting on land held by the landholder do not have to wear hunter orange.
- Deer with visible antlers may be taken during any open deer season. Antlerless deer may only be taken during either-sex deer seasons. See next column for information about either-sex seasons.
- Visible antlers are defined as bony structures that protrude through the skin. Knobs or buttons covered by skin or velvet are not considered visible antlers.
- It is unlawful to place processed food products as bait in any area of the state with an established season for taking black bears. Processed food products or any food substance or flavoring that has been modified by the addition of ingredients or by treatment to modify its chemical composition or form or to enhance its aroma or taste. This includes: food products enhanced by sugar, honey, syrups, oils, salts, spices, peanut butter, grease, meat, bones, or blood; candies, pastries, gum, and sugar blocks; and extracts of such products.
- The placement of commercially available mineral supplements specifically and exclusively marketed for attracting or feeding deer is allowed anywhere in the state, except on game lands.

Weapons and Dogs

- Archery. During the archery season the following are legal weapons:

bows and arrows and crossbows (both described on page 41). It is unlawful to use a dog while hunting deer during this season, except to retrieve a wounded deer. See page 41 for details.

- Blackpowder. During the blackpowder season the following are legal weapons: bows and arrows, crossbows (both described on page 41), and blackpowder firearms as defined on page 41. It is unlawful to use a dog while hunting deer during this season, except to retrieve a wounded deer. See page 41 for details.
- Gun. During the gun season the following are legal weapons: bows and arrows, crossbows (both described on page 41), blackpowder firearms, shotguns, rifles, and handguns. Hunters may use dogs to hunt deer during this season in counties indicated on the map on page 52, and to retrieve a wounded deer. See page 41 for details.

Bag Limits

- The big game hunting license authorizes the hunter to harvest up to six deer. All six deer can be antlerless for all areas of the state. The season limit for antlered deer in the Eastern Deer Season is four. The season limit for antlered deer in the Central, Northwestern, and Western deer seasons is two.
- There is no daily bag limit.
- The possession limit for antlered deer is the same as the season limit.
- The possession limit for antlerless deer harvested in areas with a maximum either-sex season, or in those areas participating in the Urban Archery Season, is equivalent to the number of antlerless deer the hunter is authorized to harvest on his big game hunting license and any Bonus Antlerless Harvest Report Cards he may have procured. The possession limit for antlerless deer harvested in all other areas is equivalent to the number of antlerless deer the hunter is authorized to harvest on his big game hunting license.
- Bonus Antlerless Harvest Report Cards allow for the harvest of two additional antlerless deer per card. These are NOT valid for use on game lands. Unlimited Bonus Antlerless Harvest Report Cards are available to each hunter. Bonus Antlerless Harvest Report Cards are valid during archery, blackpowder, and gun season in those areas with a maximum either-sex gun season. Bonus Antlerless Harvest Report Cards are also valid in cities, towns and villages participating in the Urban Archery Season. Bonus Antlerless Harvest Report Cards can be obtained at most wildlife service agents, or online at ncwildlife.org or by calling 888-248-6834.
- Antlerless deer harvested under the Deer Management Assistance Program (DMAP) and tagged with harvest tags provided with the program are not included in normal statewide bag limits.
- Note: Antlerless deer may be taken only in those areas and during those times described elsewhere in this publication.

Either-Sex Deer Seasons

Youth Deer Hunting Day

- Deer of either sex may be taken by hunters under the age of 16 on this day.

Archery Deer Season

- Deer of either sex may be taken during archery deer season in all areas (includes game lands).

Blackpowder Firearm Deer Season

- Deer of either sex may be taken during the last day of the blackpowder firearm deer season in and west of Henderson, Buncombe, Yancey, Mitchell and Avery counties (includes game lands).
- Deer of either sex may be taken anytime during the blackpowder firearm deer season in and east of Polk, Rutherford, McDowell, Burke, Caldwell, Watauga and Ashe counties (includes game lands).

Gun Either-Sex Deer Season

- Deer of either sex may only be taken during the gun season during those dates indicated on pages 48–51. Most gun either-

sex seasons fall under one of the following four categories in North Carolina:

- Maximum: Either-sex harvest is allowed the entire gun season.
- Moderate: Either-sex harvest is allowed the first six open days and the last six open days of the regular gun season.
- Conservative: Either-sex harvest is allowed the last six open days of the regular gun season.
- Introductory: Either-sex harvest is allowed the last open day of the regular gun season.

Urban Archery Season

Archery only: Jan. 9 – Feb. 13, 2016

Information for Hunters

- The intention of the Urban Archery Season is to enable cities, towns and villages to reduce urban deer populations through increased hunter opportunity. Hunting during the Urban Archery Season is allowed ONLY in participating municipalities.
- Each city, town and village will decide if hunting is allowed on public property and restrictions, if any, for hunting on private property within the city, town and village limits.
- Hunters wishing to hunt in an area participating in the Urban Archery Season should call the participating city, town or village or visit its website to obtain a map showing lawful areas to hunt and additional information on specific restrictions that may apply to each area.
- The Urban Archery Season does not obligate private landowners to allow hunting on their property, nor does it eliminate the ethical requirement for obtaining permission from the landowner before hunting. Hunters are legally required to obtain written permission to hunt on posted property.

- Season bag and possession limits for both antlerless and antlered deer, including Bonus Antlerless Harvest Report Cards, that apply to the general archery, blackpowder, and gun deer seasons also apply to the Urban Archery Season.
- Deer of either sex may be harvested in participating areas during the Urban Archery Season. Hunters harvesting an adult buck that has dropped its antlers should validate the kill and insert the harvest authorization number on an authorization space specified for an antlerless deer on the hunter's Big Game Harvest Report Card or Bonus Antlerless Harvest Report Card.

Information for cities, towns and villages

The Urban Archery Season is available for cities, towns and villages that submit to the Wildlife Resources Commission by April 1 of each year a letter of intent to participate in the season. A map clearly defining the area included in the season should also accompany the letter of intent. Interested municipalities should call the Division of Wildlife Management at 919-707-0050 and request to be contacted by a district wildlife biologist.

WILD TURKEY

WILD TURKEY SEASONS

Daily limit 1; Possession and season limit 2, only one of which may be taken during the youth season

Youth Season (male or bearded turkey only): Apr. 2 – 8, 2016

Turkey hunting by youth during this season is allowed statewide, but some game lands will require a permit (see Game Lands section). Each youth hunting during this season must be accompanied by a properly licensed adult at least 21 years of age ("Youth" means a person less than 16 years of age). The adult may accompany more than one youth during any particular hunt and the adult may NOT harvest a turkey. Only one weapon is allowed per youth hunter. Each youth must have a Big Game Harvest Report Card and report harvests according to instructions in this Digest. License-exempt youth should report their harvest using a Big Game Harvest Report Card for License-Exempt Hunters.

Statewide Spring Season (male or bearded turkey only)

Apr. 9 – May 7, 2016

Note: For information on permit hunts for select Game Lands, refer to the Game Lands section.

Restrictions It is unlawful to:

- Use dogs during the spring wild turkey season.
- Use any type of handgun or rifle to hunt wild turkey.
- Take wild turkeys from an area in which bait has been placed. (An area is considered baited until 10 days after the bait has been consumed or otherwise removed.)
- Possess live wild turkeys or live birds that are indistinguishable from wild turkeys.

BIG GAME HARVEST REPORTING

Validating a Harvest Upon harvesting a bear, deer or wild turkey, and before moving the animal from the site of kill, the successful hunter must validate the Big Game Harvest Report Card, furnished with the big game hunting license, by cutting or punching out the crosshair symbol next to the appropriate authorization line. Instructions in this section also apply to the Bonus Antlerless Report Card. Hunters should retain only one copy of their Big Game Harvest Report Card per hunting season. If the hunter has received a replacement copy of their Big Game Harvest Report Card, the hunter must ensure that all previous harvest authorization numbers are copied over to their new card and destroy their original copy.

Registering a Harvest The hunter must register any harvested bear, deer or wild turkey within 24 hours of the harvest and before it is skinned, dressed or dismembered.

- **Harvest ID.** Harvest ID is the 9-digit number located on your Big Game Harvest Report Card. Hunters must locate the Harvest ID number next to the animal type they harvested and provide this number when registering the harvest through a cooperater agent,

- the telephone reporting system or the online reporting system.
- Hunters who obtain their license and big game privilege by phone will be given their Harvest ID numbers during the call. If the hunter harvests a big game animal before receiving the Big Game Harvest Report Card in the mail, the hunter must immediately, upon receipt of the Big Game Harvest Report Card, record the authorization number for the reported harvest on the line above the Harvest ID number he or she used when reporting the harvest.
- Big game animals may be field dressed before being registered. Field dressing includes bleeding and removal of digestive, respiratory and circulatory organs, but the hunter may not mutilate the carcass in a manner that obscures the identity, age or sex.
- When a kill occurs in a remote area that prevents the animal from being transported as an entire carcass, the animal may be skinned and quartered before being registered.
- When a hunter harvests an animal in a remote area and plans to remain in the area for longer than a day, the 24-hour time is extended until the hunter leaves the area. However, the hunter must immediately register the animal upon leaving the remote area.
- Bear and deer (except those deer harvested during the Urban Archery Season) may be registered in one of four ways:
 1. By calling the toll-free phone number, 800-I-GOT-ONE (800-446-8663). A touch tone telephone is required.
 2. By using the Internet and clicking the "Report a Harvest" link located on the NCWRC home page (www.ncwildlife.org).
 3. By reporting the harvest to a participating wildlife service agent location.
 4. By reporting the harvest to a participating wildlife cooperater agent.
- Wild turkeys and deer harvested during the Urban Archery Season can only be registered through the toll-free telephone, on-line at ncwildlife.org or at a participating wildlife service location.
- Hunters should report each harvest only ONCE. For example, if you have reported your harvest over the telephone, you should not also register your harvest with an agent or on the Internet.

Recording the Authorization Number When a successful hunter registers a big game harvest, the hunter will be issued an authorization number for the animal. The hunter shall then record the authorization number in the space provided, immediately adjacent to the validation mark that has been cut or punched out on the Big Game Harvest Report Card. This record shall thereafter constitute the authorization for continued possession of the carcass. It shall be unlawful for a person to possess a Big Game Harvest Report Card on which the species validation mark has been cut or punched out, but on which the authorization number has not been recorded, unless the animal is in the person's possession or it has been identified by with your name, hunting license number and date of kill.

Identifying an Unattended Kill Persons killing a big game animal and leaving it unattended must identify the carcass with their name, hunting license number and date of kill. Once an unattended animal is registered, it need only be identified with the authorization number.

Reporting for License-Exempt Hunters Persons who are by law exempt from the Big Game Hunting License requirement shall obtain a License-Exempt Big Game Harvest Report Card from a wildlife service agent at no cost. Upon harvesting a bear, deer or wild turkey, the exempt person shall validate the License-Exempt Big Game Harvest Report Card and report the big game kill using the same registration methods listed above.

Deer Management Assistance Program Harvest Reporting Persons harvesting deer under the Deer Management Assistance Program (DMAP) shall follow the tagging and reporting requirements described in the instructions they have received as a participant in the DMAP.

REGISTERING a Big Game Kill

Required for Bear, Deer, and Wild Turkey taken in North Carolina

- Before moving the animal from the site of kill (where the animal fell), validate your Big Game Harvest Report Card by punching or cutting in the appropriate crosshair symbol that correctly identifies the big game animal harvested.
- Register by reporting the harvest within 24 hours and record the authorization number on your Big Game Harvest Report Card. Reporting must be done within 24 hours of kill and before the animal is skinned, dressed, or dismembered for consumption.
- If the animal is left unattended before registering, it must be identified with your name, hunting license number and date of kill. An example would be if you leave it hanging in a cooler.
- If you leave an animal with a processor or taxidermist, donate it to Hunters for the Hungry or give it to someone else, you must have the authorization number attached to the carcass. The processor or taxidermist needs to keep a record of species and sex of animals received and name and address of hunter.

To register, choose one of the following options and have your Big Game Harvest Report Card and pen ready.

- Call toll-free 800-446-8663.
- Go online to ncwildlife.org.
- Visit a participating wildlife service agent location.
- Visit a wildlife cooperater agent. This service is not available for reporting Wild Turkey, and Urban Archery Deer.

This applies to domestically raised birds (mallard ducks and upland game birds) only.

No wild turkey may be taken.

MIGRATORY BIRDS

Migratory Birds Protected Federal laws protecting migratory birds (songbirds, woodpeckers, raptors or waterfowl) take precedence over state laws. Before any migratory birds may be taken or killed during the closed season, a federal permit must be obtained from the U.S. Fish and Wildlife Service. Substantial penalties for violations apply. Call the U.S. Fish and Wildlife Service, Division of Migratory Bird Permits Section in Atlanta,

BEFORE YOU SHOOT...

Know the Differences between Red Wolves and Coyotes

While they may look similar, coyotes and red wolves are considered two different species with different levels of protection. Red wolves (*Canis rufus*) are federally protected under the Endangered Species Act. Red wolves are also state listed as a threatened species. No hunting, trapping or harassing of red wolves is allowed except when permitted by the U.S. Fish and Wildlife Service. While coyotes (*Canis latrans*) may be taken statewide on private lands day or night and on state lands during daytime in the rest of the state, on private lands in Beaufort, Dare, Hyde, Tyrrell and Washington counties, coyote hunting is daytime only and requires a permit. Apply for a coyote hunting permit online at www.ncwildlife.org/coyote or call 1-888-248-6843. Any coyote shot in the five-county area must be reported to the Wildlife Resources Commission, as detailed on the permit, within 24 hours. If a red wolf is shot incidentally, you must report the shooting to the Wildlife Resources Commission or U.S. Fish and Wildlife Service at 1-855-496-5837 within 24 hours. **Know your target before you shoot.**

PHOTOGRAPHS COURTESY OF USFWS

RED WOLVES ARE:

- Approximately 5' long from nose to tail
- Mostly brown and buff colored with some black on back; often reddish color behind ears, on muzzle and toward back of legs
- Tall, pointed ears
- Long, slender legs with large feet

COYOTES ARE:

- Approximately 3' long from nose to tail
- Varying in color ranging from buff, brown, grey or black
- Longer, narrower muzzle

► ATTENTION COYOTE HUNTERS! ◀

We are asking hunters who harvest a coyote in Beaufort, Dare, Hyde, Tyrrell and Washington counties to participate in the Canid Cooperator Program to help us monitor the coyote population in the area. Pull a tuft of hair from any coyote you harvest. Fill out a data sheet and submit it, along with the tuft of hair, to: N.C. Wildlife Resources Commission, Division of Wildlife Management, 1723 MSC, Raleigh, N.C. 27699-1723. Your information allows our biologists to better monitor coyote populations, make management decisions and evaluate the impact of coyote harvests in the five-county area. Learn more about the Canid Cooperator Program, and download a data sheet: www.ncwildlife.org/coyote.

Ga. at 404-679-7070 for information. During the May 1–Aug. 31 time period, depredation permits issued directly from the Wildlife Resources Commission are available when Canada geese are depredating in commercial agriculture situations. Contact the Commission at 919-707-0050 for more information. Federal seasons and bag limits on migratory game birds are adopted as state regulations.

Colonial Water Bird Nesting Areas Coastal islands and beach areas posted as “Colonial Water Bird Nesting” areas are being managed for our nesting populations of pelicans, terns, gulls, herons and egrets. Special regulations apply. Access is prohibited on these areas from April 1–Aug. 31, except by special permit. Dogs are not allowed on these areas during this time period. Access on these areas from Sept. 1–March 30 will be allowed as authorized by the landowner.

MIGRATORY GAME BIRDS – HUNTING STAMPS AND PRIVILEGES

Harvest Information Program (HIP) All licensed hunters hunting migratory game birds (dove, rails, woodcock, snipe or waterfowl) in North Carolina are required to have certification of participation in the federal Harvest Information Program (HIP). Certification can be obtained free of charge by going online at ncwildlife.org, calling 888-248-6834, or visiting a wildlife service agent.

Migratory Bird Hunting And Conservation Stamp (Federal Duck Stamp) The law requires that each waterfowl hunter 16 years of age and older, must carry on his person a valid Migratory Bird Hunting and Conservation Stamp, or federal duck stamp, signed in ink across the face. (Hunters under age 16 may voluntarily purchase a duck stamp and help preserve wetlands for waterfowl.) Refer to page 9 for more information.

North Carolina Waterfowl Privilege Each waterfowl hunter 16 years of age and older must carry on his person a license having the North Carolina Waterfowl Privilege. The North Carolina Waterfowl Privilege is required in addition to the federal duck stamp. Refer to the “License Types” section on page 5 of this digest for information on which licenses include this privilege license.

North Carolina Duck Stamp Hunters are no longer required to carry the North Carolina duck stamp while hunting for waterfowl; however, the current year’s duck stamp will be available for collecting purposes; call 888-248-6834 for more information.

MIGRATORY GAME BIRDS – SEASONS

Nongame Migratory

CROW SEASONS

Season	Bag Limits
Aug. 1, 2015 – Feb. 27, 2016–Wednesday, Friday and Saturday of each week plus Labor Day, Thanksgiving Day, Christmas Day, New Year’s Day and Martin Luther King, Jr. Day.	No restriction
June 1 – July 30, 2016–Wednesday, Friday and Saturday of each week plus Independence Day.	

Waterfowl and Webless Migratory Dates, bag limits and shooting hours for doves, other webless migratory game birds and resident Canada geese will be available by Aug. 1. Dates, bag limits and shooting hours for waterfowl will be available by Sept. 1. To obtain information on these dates, bag limits and shooting hours, call the following toll-free number: 800-675-0263, or see our website at ncwildlife.org. Wildlife service agents will receive posters containing this information, and the information also will be distributed through local news media.

Youth Waterfowl Day Waterfowl hunting outside of the regular season is allowed on the day officially designated as “Youth Waterfowl Day.” Youths must be 15 years of age or younger and accompanied by a properly licensed adult at least 18 years of age. Legal species include ducks, geese, tundra swans, mergansers, moorhens, gallinules and coots. The accompanying adult may not duck hunt but may participate in other seasons open on Youth Waterfowl Day. Call 800-675-0263 after Sept. 1 for the date. Canada goose bag limits and any additional restrictions on Youth Waterfowl Day vary by the applicable hunt zone. See the Canada Goose Hunt Zone section for information about the Northeast Goose Hunt Zone. Any youth harvesting a tundra swan must have a valid swan permit.

WATERFOWL

TUNDRA SWAN

A limited number of permits will be issued to hunt tundra swans.

Permits will be issued by a random drawing authorizing each permit holder to harvest one tundra swan. The following regulations apply:

- The permit and tag are not transferable and are valid only for the person whose name appears on the permit. It is unlawful to possess a swan permit or tag while hunting that was assigned to another person, or to alter the permit or tag in any way other than cutting out the proper month and day of kill.
- The permit must be canceled by cutting out both the month and day of the kill immediately at the time and place of the kill.
- The permit must be affixed to the harvested swan in accordance with instructions provided with the permit.
- The permit must be carried on one’s person while hunting or, if in possession of a swan, the permit must be affixed to the swan.

Every hunter receiving a swan permit will also receive a questionnaire. If the hunter does not return that completed questionnaire to the Wildlife Resources Commission by April 1, that hunter will be ineligible for a tundra swan permit the following season. See the Wildlife Resources Commission’s *Permit Hunting Opportunities* publication for instructions on obtaining a swan permit.

SPECIAL SEA DUCK AREA

The taking of sea ducks (scoter, eider and oldsquaw), except during the regular duck season, shall be limited to the waters of the Atlantic Ocean, and to those coastal waters south of U.S. 64 that are separated by a distance of at least 800 yards of open water from any shore, island or marsh. Special sea duck bag limits and seasons apply in these areas. During the regular season, this bag limit may be in addition to the limits applying to other ducks. In all other areas, sea ducks may be taken only during the regular open season for ducks, and they must be included in the regular duck season daily bag and possession limits.

SEPTEMBER TEAL ZONE

That area located east of U.S. 17 is designated as the “September Teal Zone.” Teal seasons occurring prior to Oct. 1 apply to this area only.

CANADA GOOSE HUNT ZONES

The state is divided into Canada goose hunt zones. See the map on page 54 for zone descriptions. For the hunt dates, bag limits or other restrictions that may apply in each zone, please call 800-675-0263 after Sept. 1, or visit our website at ncwildlife.org.

As with other migratory game birds, it is unlawful to hunt or possess Canada geese without having HIP certification as well as other applicable state and federal licenses and stamps in your possession.

Nontoxic Shot Requirements In North Carolina, no person shall take waterfowl while possessing shells loaded with any shot other than steel or other approved nontoxic materials. On posted waterfowl impoundments on game lands, it is unlawful to hunt with or have in possession any shotgun shell containing lead or toxic shot while hunting; except shotgun shells containing lead buckshot may be used while deer hunting. Nontoxic shot is required for the taking of captive-reared mallards on shooting preserves, in field trials and during bona fide dog-training activities.

SUMMARY OF FEDERAL REGULATIONS

In addition to state regulations, the following federal rules apply to the taking, possession, shipping, transporting and storing of migratory game birds. **No persons shall take migratory game birds:**

- With a trap, snare, net, rifle, pistol, swivel gun, shotgun larger than 10 gauge, punt gun, battery gun, machinegun, fish hook, poison, drug, explosive, or stupefying substance;
- With a shotgun of any description capable of holding more than three shells, unless it is plugged with a one-piece filler, incapable of removal without disassembling the gun, so its total capacity does not exceed three shells. This restriction does not apply during dates states have selected under the Conservation Order for light geese (i.e. greater and lesser snow and Ross's geese) or those selected for the control of resident Canada geese.
- From or by means, aid, or use of a sinkbox or any other type of low-floating device, having a depression affording the hunter a means of concealment beneath the surface of the water;
- From or by means, aid, or use of any motor vehicle, motor-driven land conveyance, or aircraft of any kind, except that paraplegics and persons missing one or both legs may take from any stationary motor vehicle or stationary motor-driven land conveyance;
- From or by means of any motorboat or other craft having a motor attached, or any sailboat, unless the motor has been completely shut off and/or the sails furled, and its progress therefrom has ceased **except in pursuit of wounded waterfowl in special sea duck areas;**
- By the use or aid of live birds as decoys; although not limited to, it shall be a violation of this paragraph for any person to take migratory waterfowl on an area where tame or captive live ducks or geese are present unless such birds are and have been for a period of 10 consecutive days prior to such taking, confined within an enclosure which substantially reduces the audibility of their calls and totally conceals such birds from the sight of wild migratory waterfowl;
- By the use or aid of recorded or electrically amplified bird calls or sounds, or recorded or electrically amplified imitations of bird calls or sounds. This restriction does not apply during dates states have selected under the Conservation Order for light geese (i.e. greater and lesser snow and Ross's geese) or those selected for the control of resident Canada geese.
- By means or aid of any motor-driven land, water, or air conveyance, or any sailboat used for the purpose of or resulting in the concentrating, driving, rallying, or stirring up of any migratory bird;
- By the aid of baiting, or on or over any baited area, where a person knows or reasonably should know that the area is or has been baited.

It is legal to take migratory game birds including waterfowl, coots, and cranes, on or over the following lands or areas that are not otherwise baited areas:

- Standing crops or flooded standing crops (including aquatics);
- Standing, flooded, or manipulated natural vegetation; flooded harvested croplands; or lands or areas where seeds or grains have been scattered solely as the result of a normal agricultural

planting, harvesting, post-harvest manipulation or normal soil stabilization practice;

- From a blind or other place of concealment camouflaged with natural vegetation;
 - From a blind or other place of concealment camouflaged with vegetation from agricultural crops, as long as such camouflaging does not result in the exposing, depositing, distributing or scattering of grain or other feed; or
 - Standing or flooded standing agricultural crops where grain is inadvertently scattered solely as a result of a hunter entering or exiting a hunting area, placing decoys, or retrieving downed birds.
- It is **legal** to take migratory game birds, **except waterfowl, coots and cranes**, on or over lands or areas that are not otherwise baited areas, and where grain or other feed has been distributed or scattered solely as the result of manipulation of an agricultural crop or other feed on the land where grown, or solely as the result of a normal agricultural operation.

Wanton Waste of Migratory Game Birds No person shall kill or cripple any migratory game bird without making a reasonable effort to retrieve the bird, and retain it in his actual custody, at the place where taken or between that place and either (a) his automobile or principal means of land transportation; or (b) his personal abode or temporary or transient place of lodging; or (c) a migratory bird preservation facility; or (d) a post office; or (e) a common carrier facility.

Non-toxic Shot No person may take ducks, geese (including brant), swans or coots while possessing shot (either in shotshells or as loose shot for blackpowder) other than approved non-toxic shot. For a list of approved non-toxic shot, see (http://www.fws.gov/migratorybirds/issues/nontoxic_shot/nontoxic.htm)

Opening Day of a Season No person on the opening day of the season shall possess any freshly killed migratory game birds in excess of the daily bag limit, or aggregate daily bag limit, whichever applies.

Field Possession Limit No person shall possess, have in custody, or transport more than the daily bag limit or aggregate daily bag limit, whichever applies, of migratory game birds, tagged or not tagged, at or between the place where taken and either (a) his automobile or principal means of land transportation; or (b) his personal abode or temporary or transient place of lodging; or (c) a migratory bird preservation facility; or (d) a post office; or (e) a common carrier facility.

Tagging Requirement No person shall put or leave any migratory game birds at any place (other than at his personal abode), or in the custody of another person for picking, cleaning, processing, shipping, transportation, or storage (including temporary storage), or for the purpose of having taxidermy services performed, unless such birds have a tag attached, signed by the hunter, stating his address, the total number and species of birds, and the date such birds were killed. Migratory game birds being transported in any vehicle as the personal baggage of the possessor shall not be considered as being in storage or temporary storage.

Custody of Birds of Another No person shall receive or have in custody any migratory game birds belonging to another person unless such birds are properly tagged.

Termination of Possession Subject to all other requirements of this part, the possession of birds taken by any hunter shall be deemed to have ceased when such birds have been delivered by him to another person as a gift; or have been delivered by him to a post office, a common carrier, or a migratory bird preservation facility and consigned for transport by the Postal Service or a common carrier to some person other than the hunter.

Gift of Migratory Game Birds No person may receive, possess, or give to another, any freshly killed migratory game birds as a

gift, except at the personal abodes of the donor or donee, unless such birds have a tag attached, signed by the hunter who took the birds, stating such hunter's address, the total number and species of birds and the date such birds were taken.

Transportation of Birds of Another No person shall transport migratory game birds belonging to another person unless such birds are properly tagged.

Species Identification Requirement No person shall transport within the United States any migratory game birds, except doves and band-tailed pigeons, unless the head or one fully feathered wing remains attached to each such bird at all times while being transported from the place where taken until they have arrived at the personal abode of the possessor or a migratory bird preservation facility.

Marking Package or Container No person shall transport by the Postal Service or a common carrier migratory game birds unless the package or container in which such birds are transported has the name and address of the shipper and the consignee and an accurate statement of the numbers of each species of birds therein contained clearly and conspicuously marked on the outside thereof.

Migratory Bird Hunting and Conservation Stamp The law requires that each waterfowl hunter 16 years of age and older must carry on his person a Migratory Bird Hunting and Conservation Stamp (Federal Duck Stamp) that is validated by the hunter signing the stamp in ink across the face of the stamp.

More restrictive regulations may apply to National Wildlife Refuges opened to public hunting. For additional information on refuge-specific regulations see <http://www.fws.gov/refuges/>

DEFINITIONS

Migratory Birds are birds protected by federal law as a result of treaties signed with other countries. Protected migratory birds are listed in Title 50 Code of Federal Regulations, Section. 10.13. This list includes almost all birds found in the United States with the exception of the house sparrow, feral pigeon (commonly called rock dove), European starling, Eurasian collared-dove, mute swan, and upland game birds (which are protected by state laws).

All migratory birds are protected. However, a subset of migratory birds classified as migratory game birds may be hunted in accordance with State and Federal regulations. The list of migratory game birds includes species of ducks, geese (including brant), swans, doves and pigeons, cranes, rails, coots, gallinules and moorhens, woodcock and snipe, if there is an open season.

Daily bag limit means the maximum number of migratory game birds of a single species or combination (aggregate) of species permitted to be taken by one person in any one day during the open season in any one specified geographic area for which a daily bag limit is prescribed.

Aggregate daily bag limit means the maximum number of migratory game birds permitted to be taken by one person in any one day during the open season when such person hunts in more than one specified geographic area and/or for more than one species for which a combined daily bag limit is prescribed. The aggregate daily bag limit is equal to, but shall not exceed, the largest daily bag limit prescribed for any one species or for any one specified geographic area in which taking occurs.

Possession limit means the maximum number of migratory game birds of a single species or a combination of species permitted to be possessed by any one person when lawfully taken in the United States in any one specified geographic area for which a possession limit is prescribed.

Aggregate possession limit means the maximum number of migratory game birds of a single species or combination of species taken in the United States permitted to be possessed by any one person when taking and possession occurs in more than one specified geographic area for which a possession limit is prescribed. The aggregate possession limit is equal to, but shall not exceed, the largest possession limit prescribed for any one of the species or specified geographic areas in which taking and possession occurs.

Personal abode means one's principal or ordinary home or dwelling place, as distinguished from one's temporary or transient place of abode or dwelling such as a hunting club, or any club house, cabin, tent or trailer house used as a hunting club, or any hotel, motel or rooming house used during a hunting, pleasure or business trip.

Migratory bird preservation facility means:

- (1) Any person who, at their residence or place of business and for hire or other consideration; or
- (2) Any taxidermist, cold-storage facility or locker plant which, for hire or other consideration; or
- (3) Any hunting club which, in the normal course of operations; receives, possesses, or has in custody any migratory game birds belonging to another person for purposes of picking, cleaning, freezing, processing, storage or shipment.

Normal agricultural planting, harvesting, or post-harvest manipulation means a planting or harvesting undertaken for the purpose of producing and gathering a crop, or manipulation after such harvest and removal of grain, that is conducted in accordance with official recommendations of State Extension Specialists of the Cooperative Extension Service of the U.S. Department of Agriculture.

Normal agricultural operation means a normal agricultural planting, harvesting, post-harvest manipulation, or agricultural practice that is conducted in accordance with official recommendations of State Extension Specialists of the Cooperative Extension Service of the U.S. Department of Agriculture.

Normal soil stabilization practice means a planting for agricultural soil erosion control or post-mining land reclamation conducted in accordance with official recommendations of State Extension Specialists of the Cooperative Extension Service of the U.S. Department of Agriculture for agricultural soil erosion control.

Baited area means any area on which salt, grain, or other feed has been placed, exposed, deposited, distributed, or scattered, if that salt, grain, or other feed could serve as a lure or attraction for migratory game birds to, on, or over areas where hunters are attempting to take them. Any such area will remain a baited area for 10 days following the complete removal of all such salt, grain, or other feed.

Baiting means the direct or indirect placing, exposing, depositing, distributing, or scattering of salt, grain, or other feed that could serve as a lure or attraction for migratory game birds to, on, or over any areas where hunters are attempting to take them.

Manipulation means the alteration of natural vegetation or agricultural crops by activities that include but are not limited to mowing, shredding, discing, rolling, chopping, trampling, flattening, burning, or herbicide treatments. The term manipulation does not include the distributing or scattering of grain, seed, or other feed after removal from or storage on the field where grown.

Natural vegetation means any non-agricultural, native, or naturalized plant species that grows at a site in response to planting or from existing seeds or other propagules. The term natural vegetation does not include planted millet. However, planted millet that grows on its own in subsequent years after the year of planting is considered natural vegetation.

Game Lands Some 2,000,000 acres of public and private lands in North Carolina are managed by the Wildlife Resources Commission for public hunting, trapping and inland fishing. They are designated collectively as “game lands.” Hunting on the Roanoke River National Wildlife Refuge is managed by the U.S. Fish & Wildlife Service and the N.C. Wildlife Resources Commission through a joint venture. Additional regulations apply to the Roanoke River National Wildlife Refuge. Individual maps are available online at ncwildlife.org.

GAME LANDS LICENSE The Game Lands License is required, in addition to the appropriate hunting or trapping license, to hunt, trap, train dogs **using wildlife** or participate in field trials **using wildlife** on any game land. (The Game Lands License is included with some lifetime or sportsman’s licenses.) A special permit may be required for some species on these areas. **For commission-sanctioned field trials using wildlife** scheduled on game lands by the Wildlife Resources Commission, **judges are exempt and active participants (defined as anyone who handles a dog or uses a firearm)** in possession of hunting licenses from their own states may participate without the license. **For any other game land field trial using wildlife, both judges and active participants must possess a game lands license or other North Carolina license which conveys the game land use privilege.** Persons who are observing only at field trials do not need any license.

Hunting Seasons

Unless otherwise indicated for a particular game land, game animal and game bird seasons are the same as the private land surrounding the game land. Unless otherwise provided by permit, hunting is allowed on game lands only during the open seasons for game animals and game birds and is restricted to weapons lawful for open game animal or game bird seasons.

GAME LANDS RESTRICTIONS

Waterfowl Hunting

- On waterfowl impoundments with a posted perimeter boundary, it is unlawful on the legal hunting days for hunters to be within the posted impoundment area before 4 a.m., and hunting is prohibited after 1 p.m.; decoys may not be set out prior to 4 a.m. and must be removed by 3 p.m. each day.
- Waterfowl blinds may be constructed on most game lands; however, they become public property and can be used by anyone on a first-come, first-served basis.
- Blinds on areas not owned by the state must be removed after the hunting season; and on some game lands, the property owners may prohibit construction of permanent hunting blinds by posting a sign at the entrances stating such restrictions.
- It is unlawful to hunt in or within 100 yards of a designated Disabled Sportsman’s Waterfowl Blind during the waterfowl season, except by a disabled access permit holder and his or her permitted companion or holders of applicable disabled waterfowl hunt permits.
- It is unlawful to hunt with or have in possession any shotgun shell containing lead or toxic shot while hunting on any posted waterfowl impoundment on any game land, except shotgun shells containing lead buckshot may be used while deer hunting.
- It is unlawful to operate internal combustion engine-powered vessels or vehicles on posted waterfowl impoundments.
- If a waterfowl impoundment has a posted scouting-only zone, all activities except hunting and trapping are restricted to that zone from Nov. 1 to March 15.
- When open days for waterfowl include Christmas and New Year’s Day and those days fall on Sundays, the open waterfowl hunting day is the following Monday.

Vehicle Usage

- Driving a motorized vehicle licensed for highway use is allowed only on those roads constructed, maintained and open for vehicular travel and those trails posted for vehicular use. This does not apply to participants in scheduled bird dog field trials held on the Sandhills Game Land.
- Operation of any motorized land vehicle, including ATVs, **not licensed for highway use** is prohibited, except as otherwise expressly allowed. This does not apply to those areas specifically designated in national forests for unlicensed vehicle use.
- On those game lands or parts thereof specifically listed under the Disabled Access Program (page 64), persons holding a Disabled Veteran or Totally Disabled License, a Disabled Sportsman Hunt Certification, or a Disabled Access Permit may operate vehicles, including ATVs on:
 - any Wildlife Resources Commission-maintained road open for vehicular travel
 - those trails posted for vehicular travel
 - ungated and open-gated roads otherwise closed to vehicular traffic.
- It is unlawful to block traffic or gates or otherwise prevent vehicles from using any roadway.
- On roads posted as “limited access” motorized vehicles are prohibited from 10 p.m. to 5 a.m. during the months of June, July and August.

Weapons

- It is unlawful to discharge any weapon:
 - from a vehicle,
 - within 150 yards of any residence located on or adjacent to game lands,
 - within 150 yards of any game lands building or game lands camping area (unless otherwise posted).

The 150-yard provision of this rule does not apply to the use of archery equipment on Butner-Falls of Neuse and Jordan game lands.
- Firearms may be carried openly, or concealed with a valid concealed handgun permit, at any time on game lands, except for the game lands noted in this section. Hunting is allowed ONLY during the open seasons on game birds and game animals. On Buckhorn, Butner-Falls of Neuse, Chatham, Harris, Hyco, Jordan, Kerr Scott, Lee, Mayo, Sutton Lake, and Vance game lands and Pee Dee River Game Land north of U.S. 74, and that portion of R. Wayne Bailey-Caswell Game Land that is located north of U.S. 158 and east of N.C. 119 during closed seasons and closed hunting days on game birds (waterfowl, doves, woodcock, snipe, rails, gallinules, moorhens, coots, grouse, pheasant, quail, turkey) and game animals (deer, bear, fox, rabbits, squirrels, bobcats, opossum, raccoon), it is unlawful to possess any firearm readily available for use. During that time in which fox season is the only open season for a game animal, it is also unlawful to possess these weapons. However, persons may possess a firearm during the closed season on these game lands if:
 - it is cased or not immediately available for use;
 - it is used by persons participating in field trials on field trial areas;
 - it is possessed in designated camping areas for defense of persons and property;
 - or if it is a 22-caliber pistol with a barrel, not greater than 7.5 inches in length and shooting only short, long or long rifle ammunition, carried as a side arm.
- **Where prohibited, target shooting is defined as the discharge of a firearm for purposes other than hunting, trapping or self-defense.**

Training or Hunting with Dogs

- Except for authorized field trials, dogs may not be trained or allowed to run unleashed from April 1 through Aug. 15 on any

game land located west of I-95 and from March 15 through June 15 east of I-95.

- On game lands west of I-95, dogs also may not be trained or allowed to run unleashed during daylight hours on dates when special hunts are scheduled for the Disabled Sportsman Program. Additional restrictions apply to some bear sanctuaries and game lands.
- It is unlawful to train dogs or allow dogs to run unleashed on bear sanctuaries in and west of Madison, Buncombe, Henderson and Polk counties from March 1 to the Monday on or nearest Oct. 15.

Bear Sanctuaries

- It is unlawful to take feral swine on bear sanctuaries, except during the bow season, blackpowder season, deer gun season and any small game season, but hunters are restricted to the weapons and manner of take legal for that particular season.
- On bear sanctuaries, bear may not be taken and dogs may not be used to take feral swine.
- Dogs may not be used to pursue bear, except during permit hunts that allow hunting bear with dogs.

Posted Zones on Game Lands

- Safety Zone – unlawful to hunt or discharge a weapon. Falconry is allowed.
- Restricted Zone – no entry without a permit.
- Temporary Restricted Zone – no entry without a permit.
- Archery Zone – bow-and-arrow hunting and falconry only. On such areas, deer of either sex may be taken on all open days of any applicable open deer season.
- Restricted Firearms Zones – unlawful to hunt with a centerfire rifle.
- Scouting-only Zone – unlawful to discharge firearms or bow and arrow.
- Restricted Deer Hunting Zone – use of dogs for taking deer prohibited **without a permit**.

Removal of Plants, Animals and Other Materials

Only the following plants, animals and materials may be possessed on or removed from game lands:

- Wildlife, birds or fish legally taken under a valid hunting, trapping, fishing or falconry license
- Small amount of edible plants or plant parts for personal consumption, except any plants on a state or federal protected list.

- Insects, worms or other invertebrates collected as fish bait for personal use, except any on a state or federal protected list. Any fish bait collected may not be sold.
- Small amounts of animal parts, plant parts not removed from live plants, dirt, rocks and water. These items may not be collected for commercial purposes or sale.
- Firewood for use while camping on a game land.
- Litter and road kill animals, except when specifically prohibited.
- To possess or remove any other plants, animals and materials requires written permission. This includes, but is not limited to, firewood to be taken off the game land, pine straw, ginseng, venus fly-trap, snakes, lizards, turtles, frogs and salamanders.

Other Restrictions

- Disabled sportsman blinds are for use by those individuals who possess a Disabled Veteran or Totally Disabled License or a Disabled Sportsman Hunt Certification, in addition to a valid hunting license and their companions on a first-come basis during nonpermit, open hunting days, except for the Restricted Area of R. Wayne Bailey-Caswell Game Land. During permit hunts, the Commission will designate use of disabled sportsman blinds.
- Use of game lands for purposes other than hunting, trapping and fishing is subject to the control of the landowners.
- It is unlawful to release ANY bird or animal, except hunting dogs and raptors, on game lands without written authorization from the Wildlife Resources Commission.
- It is unlawful to hunt while under the influence of alcohol or any narcotic drug.
- It is unlawful to litter or dispose of refuse, except in receptacles provided for the purpose.
- It is unlawful to obscure the sex or age of any bird or animal by mutilation of the carcass.
- Placing bait on game lands is prohibited without written authorization.
- Game birds or game animals may not be taken with the aid of bait.
- It is unlawful to erect or to occupy for the purpose of hunting, any tree stand or platform attached by nails, screws, bolts or wire to a tree on any game land designated herein. This prohibition shall not apply to lag-screw steps or portable stands that are removed after use with no metal left remaining in or attached to the tree.

The Federal Aid in Wildlife Restoration Act, commonly known as the Pittman-Robertson Wildlife Restoration Act, was signed by President Franklin D. Roosevelt in 1937. The Federal Aid in Sport Fish Restoration Act, commonly known as the Dingell-Johnson Sport Fish Restoration Act, was passed in 1950. Combined, these acts make up the Wildlife and Sport Fish Restoration program. This program is administered by the U.S. Fish and Wildlife Service and funded by excise taxes on firearms, archery equipment, ammunition, fishing tackle, boats, and outboard motors sold to sportsmen and women. To date the Wildlife and Sport Fish Restoration program has provided over \$16 billion to support fish and wildlife conservation in the United States, including over \$346 million to North Carolina.

North Carolina Wildlife Restoration projects include:

- Restoring white-tailed deer, wild turkey, and river otter.
- Managing wildlife populations statewide and habitat on 2 million acres of state game lands.
- Providing technical guidance to public and private landowners to help them manage wildlife.
- Training more than 18,000 students annually in hunter education.

North Carolina Sport Fish Restoration projects include:

- Managing fish populations in lakes, rivers, and streams and protecting these aquatic habitats.
- Managing more than 1,100 miles of trout streams with public access.
- Offering free public fishing opportunities at more than 100 Public Fishing Areas and Community Fishing Program sites.
- Providing access to public waters at more than 200 Boating Access Areas.

For more information on program accomplishments in North Carolina, visit www.ncwildlife.org

- It is unlawful to camp on game lands, except on an area designated by the landowner for camping, or to camp on those U.S. Forest Service lands that have been closed by posted order of the U.S. Forest Service. See the individual game lands listings beginning on page 65 for further restrictions.
- Raccoon and opossum hunting may continue until 7 a.m. on Tuesdays and Thursdays on three-day-per-week game lands and until midnight on Saturdays on all game lands.
- U.S. Forest Service, U.S. Fish & Wildlife Service and U.S. Corps of Engineers regulations prohibit permanent structures (including permanent duck blinds and permanent deer stands) on all lands under their management.
- A permit is needed to enter Hunting Creek Swamp in Davie County.
- John's River Waterfowl Refuge in Burke County is closed to hunting.
- From one-half hour before sunrise until one-half hour after sunset, properly licensed hunters may take feral hogs on game lands during the open season for any game animal using any legal manner of take allowed during those open game seasons. Dogs may be used for hunting feral hogs only on those game lands where the use of dogs is allowed for hunting deer or bear and only during the open applicable deer or bear season.
- **Coyote hunting on game lands in Beaufort, Dare, Hyde, Tyrrell and Washington counties is limited to permit hunts administered through the Permit Hunting Opportunities Program.** Elsewhere on game lands, from one-half hour before sunrise until one-half hour after sunset, coyotes may be taken by properly licensed hunters during any open season for taking game animals and game birds using weapons that are lawful for the open game animal or game bird seasons.
- From one-half hour after sunset until one-half hour before sunrise, hunting feral hogs and coyotes is prohibited on all game lands without a special game land access permit issued for that specific purpose.
- Public nudity on any game land is prohibited.

Trapping on Game Lands Trapping fur-bearing animals is permitted on game lands during the open seasons and in accordance with the trapping regulations, except on posted "Safety," "Temporary Restricted" and "Restricted" zones and the regulated areas listed below that are closed to trapping:

- John's River Waterfowl Refuge, Burke Co.
- Hunting Creek Swamp Waterfowl Refuge, Davie Co.
- J. Robert Gordon Sandhills Field Trial Area

A permit is required to trap on any game land designated as a permit-only area.

Bait may not be used on the national forest lands bounded by the Blue Ridge Parkway on the south, U.S. 276 on the north and east, and N.C. 215 on the west.

Trespassing on Game Lands Entry on game lands for purposes other than hunting, trapping and fishing is subject to the control of the landowners.

Youth Waterfowl Day No special permit will be required for youth to hunt waterfowl on any game land or game land impoundment, including permit-only areas the day officially designated as "Youth Waterfowl Day," unless specified for an individual game land that waterfowl hunting on Youth Waterfowl Day is by permit only.

Waterfowl Management Areas On those areas established by the Wildlife Resources Commission for either waterfowl restoration or waterfowl resting and feeding, and posted as waterfowl management areas, it is unlawful to hunt or harass waterfowl.

Field-Trial Facilities Field trials may be scheduled on the J. Robert Gordon Sandhills "Field Trial Area" and the Laurinburg

"Fox-Trial Facility" by application in advance, accompanied by the appropriate facility use fee. No person or group shall use these facilities without having obtained specific written approval from an authorized agent of the Wildlife Resources Commission.

Shooting Ranges Commission-managed shooting ranges are available for the purpose of firearm marksmanship and development of shooting skills. Days and hours of operation may vary and are posted at the entrance to each range. All shooting-range users shall abide by the game lands restrictions and handle firearms and archery equipment in a safe manner. They also shall obey all regulations posted at the range. Additional restrictions:

- No use of glass targets.
- No intentional shooting into a target holder or other permanent structure.
- No shooting at targets off the range.

Currently the Commission manages the following shooting ranges:

- Wayne E. Smith Shooting Range on Cold Mountain Game Land.
- Flintlock Valley Shooting Range on Uwharrie Game Land.
- John F. Lentz Hunter Education Complex on Sandhills Game Land.
- Caswell Shooting Range on R. Wayne Bailey-Caswell Game Land.

Additional public and private shooting ranges can be found at ncwildlife.org/Hunting/BeforetheHunt/ShootingRanges.aspx

DISABLED ACCESS PROGRAM

Disabled Access Permit A Disabled Access Permit allows persons with limited physical mobility to operate vehicles, including ATVs, on any Commission-maintained road open for vehicular travel, those trails posted for vehicular travel and on open-gated or ungated roads, otherwise closed to vehicular traffic on game lands listed in the Disabled Access Program and to have access to special disabled hunting blinds. It does not authorize operation of vehicles on closed roads on game lands not listed in the Disabled Access Program. The disabled hunter will be issued a companion and vehicle access card. One companion may accompany the disabled hunter, provided that person possesses the companion card. This permit is valid as long as the qualifying disability persists. There is no fee associated with this permit. Refer to the "Disabled Sportsman Information" section on page 14 for qualification and application information.

NOTE: Disabled individuals, as defined under the Americans with Disabilities Act, may use a wheelchair or other mobility device designed for indoor pedestrian use on any area where foot travel is allowed on properties owned or controlled by the Commission.

Areas Involved Vehicular access under this permit is provided on the following game lands: *(Additional access may be provided on some U.S. Forest Service-owned game lands. Those areas are not listed below, but details may be obtained by contacting the local ranger station for the district in which you wish to hunt.)*

- Bertie
- Bladen Lakes
- Butner-Falls of Neuse (waterfowl blind for disabled hunters only)
- R. Wayne Bailey – Caswell
- Goose Creek (waterfowl blind for disabled hunters only)
- Holly Shelter
- Lantern Acres
- Roanoke River Wetlands
- Sandhills
- **South Mountains**
- Suggs Mill Pond
- Tillery
- Thurmond Chatham

See current game land maps at ncwildlife.org for details and disabled access locations.

Currently there is a waterfowl blind for the disabled on the Spring Creek Impoundment of Goose Creek Game Land and on the Beaver Dam Impoundment of Butner-Falls of Neuse Game Land. A disabled access permit is required. On permitted days on Spring Creek and on the Beaver Dam Impoundment, users must apply through the Permit Hunting Opportunities Program.

Disabled Sportsman Permit Hunt Program All of the hunts the Commission offers to the disabled sportsman require permits. Information about qualifications required for these hunts and available disabled blinds can be found in the *Permit Hunting Opportunities* publication.

**EITHER-SEX SEASONS AND OTHER RULES
APPLYING TO INDIVIDUAL GAME LANDS**

Each game land falls into one of three categories and is so designated in the individual game lands listings. A special permit may be required for some species on any of these areas (see the *Permit Hunting Opportunities* publication). The three designations are as follows:

Local Laws Some local county-by-county legislation also pertains to hunting, inland fishing and trapping activities in North Carolina. Following is a county-by-county listing of acts that might not violate the general laws and regulations, but that are prohibited by local legislation passed by the General Assembly. These laws do not reflect actions taken by the General Assembly after publication of this document.

ATTENTION FOX HUNTERS AND TRAPPERS

Fox hunting and trapping seasons, bag limits and restrictions vary by county in North Carolina. Some counties do not allow fox hunting or trapping at all, some allow only hunting. Before taking a fox, sportsmen should read the law for that county in the “Fox Seasons Hunting and Trapping Laws” publication available at ncwildlife.org/Hunting/LawsSafety.aspx (click on Fox Harvest Season dates) or by calling 919-707-0050.

The following is unlawful in the counties indicated:

HUNTING AND TRAPPING

Alamance

- Hunt any wildlife with a firearm from the right-of-way of a public road.
- Hunt a deer or fox by use of dogs at any time.
- NOTE: Entrance to private lands to hunt is regulated by local ordinance.

Permission is good for one year unless otherwise stated. During the gun deer season, allowing a dog under one's ownership, possession, or control to run upon or across another's land constitutes hunting thereon.
- Hunt on, from or across any public road.
- Hunt deer with dogs; except that dogs may be used to hunt deer during the last five weeks of the Gun Deer Season east of N.C. 742. This is calculated by counting back five weeks from the last day of the gun season. (Note: If the gun deer season ends on Jan. 1, this season will be Nov. 28 – Jan. 1. If the gun deer season ends on Jan. 2, this season will be Nov. 29 – Jan. 2)
- Hunt deer with dogs unless the dog has a collar with owner's identification.
- Import and release a fox.

Ashe

- Hunt with a loaded gun or other lethal weapon from the right-of-way of a state-maintained road, or discharge a gun or lethal weapon across any such road.
- Exceed a season bag limit of 20 raccoons.

North Carolina Big Game Harvest for 2014-2015 As reported by hunters to wildlife cooperator agents, by telephone and on the Internet.

- Why should a hunter go out of his way to report the turkey gobbler he just harvested?
- How many deer were harvested during the season here in North Carolina?
- Was the total deer harvest for this period greater or less than this figure for last season?
- How is this information used?

These are questions that often surface during discussions of North Carolina's big game reporting system. The big game reporting system is a procedure that requires all wild turkey, boar, bear and deer harvested by hunters here in the state be reported to a wildlife cooperator agent, by telephone to the Wildlife Resources Commission via a toll-free number or by the Internet. This procedure became mandatory in the fall of 1976.

Successful game management is based on many factors and data, including big game harvest figures. The more that game managers know about population trends and numbers, the easier it is for them to make decisions that affect seasons and other regulatory matters. Sound big game management must be the result of combined efforts of hunters and the staff of the Wildlife Resources Commission.

While the figures in this report represent the reported harvest and may vary from the actual harvest, they are the best such figures available at this time. Please do your share to see that future reports of this nature are as complete as possible by reporting your big game harvests and by encouraging your fellow sportsmen to do the same.

Due to space limitations, not all the harvest data collected by the Wildlife Resources Commission can be presented here. Sportsmen can access more harvest data at ncwildlife.org including daily, weekly and zone harvest; harvest by weapon type and use of dogs; and harvest on each game land.

See the section titled "Big Game Harvest and Reporting" on page 57 for information on the big game harvest reporting procedures.
